Apollinaire s wager that twentieth century poets would one day mechanize poetry as modern industry has mechanized the world Carrie Noland explores poetic attempts to redefine the relationship between subjective expression and mechanical reproduction high art and the world of things Noland builds upon close readings to construct a tradition of diverse lyricists from Arthur Rimbaud Blaise Cendrars and Ren Char to contemporary performance artists Laurie Anderson and Patti Smith allied in their concern with the nature of subjectivity in an age of mechanical reproduction The Poems of T. Last of the Hippies Penny Rimbaud,2015-07-01 First published in 1982 as part of the Crass record album Christ The Album Penny Rimbaud s The Last of the Hippies is a fiery anarchist polemic centered on the story of his friend Phil Russell aka Wally Hope who was murdered by the State while incarcerated in a mental institution Wally Hope was a visionary and a freethinker whose life had a profound influence on many in the culture of the UK underground and beyond He was an important figure in what may loosely be described as the organization of the Windsor Free Festival from 1972 to 1974 as well providing the impetus for the embryonic Stonehenge Free Festival Wally was arrested and incarcerated in a mental institution after having been found in possession of a small amount of LSD He was later released and subsequently died The

official verdict was that Russell committed suicide although Rimbaud uncovered strong evidence that he was murdered Rimbaud's anger over unanswered questions surrounding his friend's death inspired him in 1977 to form the anarchist punk band Crass In the space of seven short years from 1977 to their breakup in 1984 Crass almost single handedly breathed life back into the then moribund peace and anarchist movements The Last of the Hippies fast became the seminal text of what was then known as anarcho punk and which later blossomed into the anti globalization movement This revised edition comes complete with a new introduction in which Rimbaud questions some of the premises that he laid down in the original The Leuz Index of Plastic Surgery, 1921 A.D. to 1946 A.D., 1977 Approximately 38 000 entries to articles relating to the mainstream of plastic surgery The compiler states The sole source for this index has been the Index medicus Over 200 subject headings were used to retrieve literature dealing with anatomical location the pathological process and the corrective procedure utilized Present Index medicus format with authors and titles interfiled in alphabetical order Entry gives bibliographical information Includes list of subject headings used **Becoming Beauvoir** Kate Kirkpatrick, 2019-08-22 PROSE Award for Excellence in Biography and Autobiography Finalist 2020 One is not born a woman but becomes one Simone de Beauvoir A symbol of liberated womanhood Simone de Beauvoir's unconventional relationships inspired and scandalised her generation A philosopher writer and feminist icon she won prestigious literary prizes and transformed the way we think about gender with The Second Sex But despite her successes she wondered if she had sold herself short Her liaison with Jean Paul Sartre has been billed as one of the most legendary love affairs of the twentieth century But for Beauvoir it came at a cost for decades she was dismissed as an unoriginal thinker who applied Sartre's ideas In recent years new material has come to light revealing the ingenuity of Beauvoir's own philosophy and the importance of other lovers in her life This ground breaking biography draws on never before published diaries and letters to tell the fascinating story of how Simone de Beauvoir became herself Pound and Pasolini Sean Mark, 2022-11-17 In October 1967 Pier Paolo Pasolini travelled to Venice to interview Ezra Pound for broadcast on national television One a lifelong Marxist the other a former propagandist for the Fascist regime their encounter was billed as a clash of opposites But what do these poets share And what can they tell us about the poetics and politics of the twentieth century This book reads one by way of the other aligning their engagement with different temporalities and traditions politics and geographies languages and forms evoked as utopian alternatives to the cultural and political crises of capitalist modernity Part literary history part comparative study it offers a new and provocative perspective on these poets and the critical debates around them in particular on Pound's Italian years and Pasolini's use of Pound in his work Their connection helps to understand the implications and legacies of their work today *Images of the Present Time* Alain Badiou, 2023-01-31 Finalist 2024 Translation Prize Nonfiction French American Foundation Alain Badiou began the twenty first century by considering the relationship between philosophy and notions of the present In this period of his ongoing annual lecture series the acclaimed philosopher took up the existential problem of

how to be contemporary with one's own time that is how to not simply inhabit a passing moment but bring a real present into existence Images of the Present Time presents nearly three years of Badiou's seminars held from 2001 to 2004 partly against the backdrop of the war in Iraq Given while Badiou was writing Logics of Worlds the second of the three volumes of Being and Event these lectures address some of the same questions of existence in a particular world in a more personal and conversational tone with reference to literature philosophy and contemporary politics and culture He proposes a new concept of living in a real present as the twisting together of something from the past and something of the future Featuring some of the philosopher's most inspiring and approachable work Images of the Present Time is an important book for all readers interested in the practical as well as conceptual possibilities of Badiou's thought **Bulletin [1908-23]** Boston Public Library, 1923 **Parnassus** Herbert A. Leibowitz, 1994 A selection of the essays on contemporary poetry from the best poetics journal in the field *Embodied Expression in Popular Music* Timothy Koozin, 2024-03-18 This book explores the intimate connection between body and instrument in popular music explaining chords melodies riffs and grooves in terms of embodied movement which in turn informs the imagination in constructing meaning in songs Tracing connections from foundational blues gospel and rock musicians to current rap artists author Timothy Koozin demonstrates how a focus on body instrument interaction can illuminate creative strategies while leveling implied hierarchies of cultural value revealing how artists represent subjectivities of gender race and social class in shaping songs and whole albums Heterosexual Masculinities and the Self-Reflexive Novel Stefano Rossoni, 2025-07-24 Heterosexual Masculinities and the Self Reflexive Novel examines how the narratives of four world renowned authors namely J M Coetzee Milan Kundera Philip Roth and Mario Vargas Llosa offer a standpoint through which to address the inscription of heterosexual masculinity into Western literary legacy and the ways in which masculinity is re-fashioned in contemporary self reflexive novels Considering the interconnectedness of their narratives for the first time the book explores unexamined patterns of dialogue among Coetzee Kundera Roth and Vargas Llosa while also contextualising their writing in the light of the European literary tradition inaugurated by Cervantes's Don Quixote and continued by Flaubert's Madame Bovary Rather than building on conventional theoretical approaches to literary studies Stefano Rossoni develops a fresh and engaging approach by looking at these two works not only as narrative texts but most importantly as theories of literature In dialogue with critical contributions that examined men's emotional illiteracy and struggle to develop a language for self reflection the book argues that the narratives of Coetzee Kundera Roth and Vargas Llosa engage with the tradition of the self reflexive novel and its ramifications to reflect on masculinity as a socio cultural construction Ultimately their writing reveals men's novelistic self reflexivity as a site of unintelligibility **Without Rhyme Or Reason** Marvin Richards, 1998 On 29 April 1841 a week after his thirty fourth birthday Louis Aloysius Bertrand died of tuberculosis This malady his destitute poverty and his errant existence qualify him as a quintessential poete maudit whose one great work Gaspard de la Nuit Fantasies a la maniere de Rembrandt et de Callot

was not published until 1842. Now widely considered as the first collection of prose poems to appear in France, Gaspard inspired writers like Baudelaire, Mallarmé, Huysmans, and André Breton. This study offers a rereading of Bertrand's book grounded in modern critical theory, including the work of Derrida, Bakhtin, Barbara Johnson, Genette, Lacoue-Labarthe, and Nancy. It elaborates a new perspective on a work that contains all the paradoxes of the genre with which theorists still struggle.
