Past And Present Of The Verbs To Read And To Write Essays On Literacy:

Past and Present of the Verbs to Read and to Write Emilia Ferreiro, 2003 Emilia Ferreiro is one of the great thinkers in the Americas on the issues surrounding literacy Three of her most important lectures are presented in this book Her views have changed the systems of education in her own country Mexico and have had a radical impact on education in Brazil where she is the recipient of the country's highest distinction Her ideas have ideological and political implications for policies regarding publishing including the publishing of textbooks access to books and the development of readers all over the world Although poor countries have not overcome illiteracy rich countries are finding that a basic education does not guarantee fully functional readers While some of us are fluent in the language of hypertext e mail and the virtual pages of non-existent books there are others who have not mastered newspapers or books If democracy is incompatible with an illiterate citizenry full democracy requires an ability to read that goes beyond the deciphering of words This ability is the right of children who will grow up as free citizens in a world where linguistic and cultural diversity are as important as biodiversity **BOOK JACKET**

From Boardbook to Facebook Adele M. Fasick, 2011-07-13 Discover new approaches for extending children's library services beyond the library building and learn how to utilize technology to bring learning to children wherever they may be The ways in which we communicate learn and interact have changed drastically in the last decade and this worldwide revolution applies to the youngest members of society as well Today's books and learning materials are being presented and used in new and different ways From the toddler's first boardbooks to the young teen's conversations on Facebook children are interacting with print and media rather than passively listening or viewing Libraries can contribute to this interactive world by inviting children to take an active role in their library collection and library service experiences This book examines the impact of new technologies on children's experiences of books and libraries and demonstrates how librarians can adapt to new technologies and integrate library services into the lives of today's children From Boardbook to Facebook Children's Services in an Interactive Age draws on current research to illuminate how children's use of media has changed in recent years and suggests ways in which new technologies can be integrated into library services now and in the future
