Stothard John Bunyan, 1867 The Pilgrim's Progress John Bunyan, Thomas Scott, Josiah Conder, 1845 *Pilgrim of the Clear Light* Ken Winkler, 2014-08-25 Dr Walter Evans Wentz spent his life in the study of religion His passion led him to Stanford where he earned both a B A and an M A in the field Well known for his work in Tibetan Buddhism and Celtic folklore he also explored the link between Native American spirituality and Tibetan mysticism His studies were more than scholarly pursuits he was deeply entrenched in the life and ways of Tibetan Buddhism Evans Wentz devoted his life to the study of Tibetan Buddhism and was the first scholar to bring this religion to the Western world **Illustrative Notes on The Pilgrim's Progress** Thomas Scott, Charles J. Doe, 2011-11 The illustrative notes of Rev Thomas Scott were compiled from the footnotes of an edition of The Pilgrim's Progress published by John B Perry in 1855 The notes of that two part edition have been divided into chapters for easier reference Each note is introduced with its anchor phrase from the text of the story This edition also includes Thomas Scott's Preface and Life of John Bunyan The Pilgrim's Progress was one of Scott's favorite books and his extensive notes are sure to help anyone understand the symbolism and nuances of the allegory Thomas Scott's aim is fixing the precise meaning of those parts which might most perplex the inquirer and which seem to have most escaped notice or divided the sentiments of expositors and to state and establish compendiously but clearly those doctrinal practical and experimental views of Christianity which Mr Bunyan meant to convey **Journeys East** Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious philosophical and psychological traditions of the East on Western intellectuals artists travellers and spiritual seekers in the twentieth century Addressed to both general readers and scholars of religion it is especially valuable for its penetrating and inter religious analysis of two of the most compelling themes now facing the world the emergence of cross cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized Our notions about Eastern spirituality have been formed by a succession of travellers scientists artists intellectuals poets philosophers and missionaries as well as by Eastern travellers who have spent time in the West This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West's current intellectual and spiritual state *The Pilgrim's Progress and Other Works of John Bunyan* John Bunyan, George Barrell Cheever, 1861 **The Pilgrim's Progress from this World to that which is to Come** John Bunyan, 1849 **The Pilgrim's Progress ...
