Report on the 1994 Installation of the Land Tortoise Radeau, Lake George, New York Donna Kathleen Abbass, Joseph W. Zarzynski, 1996 *The Radeau Land Tortoise* D. K. Abbass, Joseph W. Zarzynski, 1993-06-01 **Lake George Shipwrecks and Sunken History** Joseph W. Zarzynski, Bob Benway, 2020-01-27 Discover lost history in the dark waters of Lake George Lake George is bustling with boaters swimmers fishermen and many others enjoying its scenic quintessentially Adirondack shores But the depths below hide a whole other world one of shipwrecks and lost history Entombed are remnants of Lake George's important naval heritage such as the legendary Land Tortoise radeau which sank in 1758 Other wrecks include the steam yacht Ellide and the first famed Minne Ha Ha These waters hold secrets too like the explanation behind the 1926 disappearance of two hunters After years of exploration across the lake's bottomlands underwater archaeologist Joseph W. Zarzynski and archeological diver Bob Benway present the most intriguing discoveries among more than two hundred known shipwreck sites The American Northern Theater Army in 1776 Douglas R. Cubbison, 2010-03-08 The American War for Independence was under way before the signing of the Declaration of Independence but the Continental Army didn't have the force to back up the words This history explores the army's early failures in Canada with desertion and disease common among the ranks and how new leadership disciplined and reorganized the army and set the stage for a key victory at Saratoga in 1777 *Between the Devil and the Deep* Della A. Scott-Ireton, 2013-08-23 In creating interpretive strategies for maritime sites archaeologists and resource managers often are required to think creatively to overcome challenges and problems These issues include interpreting sites in inaccessible locations and extremely deep water enabling and controlling access to fragile sites and restricted areas monitoring visitor behavior making information interesting to a wide audience and creating opportunities for public engagement among other concerns Meeting Challenges presents cutting edge interpretation and public education strategies for maritime resources both on land and underwater with emphasis on solving the unique problems often associated with presenting these fragile limited access sites as heritage attractions and on developing effective visitation and civic engagement opportunities The examples presented ideally can serve as models for resource managers archaeologists engaged in interpretation and site administrators This volume brings together a diverse group of heritage professionals to discuss issues they've encountered and to present ideas and case studies for adapting improvising and overcoming them Ghost Fleet Awakened Joseph W. Zarzynski, 2019-11-01 Chronicles the history and archaeological study of Lake George New York's sunken bateaux of 1758 In Ghost Fleet Awakened Joseph W. Zarzynski reveals the untold story of a little recognized sunken fleet of British warships bateaux from the French and Indian War 1755-1763 The story begins more than 250 years ago when bateaux first plied the waters of Lake George New York Zarzynski enlightens readers with a history of these utilitarian vessels considered the most important vessels that transported armies during eighteenth century wars in North America and includes their origins and uses By infusing the book with underwater

archaeology doctrine Zarzynski shows the nautical significance of these colonial craft In the autumn of 1758 the British command at Lake George made a daring decision to deliberately sink two floating batteries radeaux some row galleys and whaleboats a sloop and 260 bateaux thereby placing the warships into wet storage and protecting them from marauding French during the coming winter In 1759 many submerged boats were raised but some were not Then in 1960 two divers rediscovered several sunken bateaux dubbed the Ghost Fleet These shipwrecks were the focus of underwater archaeological investigations that provided archaeologists with opportunities to gain unprecedented insight into eighteenth century lifeways Zarzynski explores and explains shipwreck preservation techniques the creation of shipwreck parks for scuba enthusiasts and the many multifaceted programs developed by the nonprofit organization Bateaux Below to help protect these finite cultural treasures Zarzynski offers fascinating new research on bateau shipwrecks through the use of manuscripts period newspaper accounts and interviews It is an outstanding piece of research explaining the chronological history of cultural resource preservation No other book provides this level of documentation on the role of bateaux during the wars of the eighteenth century Russell P Bellico author of Empires in the Mountains French and Indian War Campaigns in Forts in the Lake Champlain Lake George and Hudson River Corridor This is a major contribution to the field of American history New York State history underwater archaeology and cultural resource management There is no equivalent book that documents this story Timothy J Runyan editor of Ships Seafaring and Society Essays in Maritime History *Out of the Blue* John H. Jameson, Della A. Scott-Ireton, 2007-04-15 While there are several books in the field of preservation and heritage protection for terrestrial archaeology there are very few resources for archaeologists working with maritime and submerged cultural heritage This book brings together state of the art ideas research and scholarship associated with maritime public education and interpretation It will add to a limited body of knowledge in a field that is steadily growing *Sport Diver*, 1996-09
