Moses, Mount Sinai and Early Christian Mystics Ann Conway-Jones, *Wise Studies*, 2021-10-12 Moses encounter with God on the summit of Mount Sinai as told in the biblical book of Exodus contains a number of peculiarities and paradoxes Early Christian mystics seized on these as clues to the spiritual understanding of Moses experiences and as guides to the practice of contemplation In this course we will examine five moments in Moses ascent of Mount Sinai his entry into the darkness the elders vision of the sapphire pavement the pattern of the tabernacle revealed God's placing of Moses into the cleft of the rock and Moses shining face We will explore how these intriguing passages inspired four early Christian writers Gregory of Nyssa Evagrius of Pontus Pseudo Macarius and Dionysius the Areopagite as they reflected on such topics as the unknowability of God and the state of a mind at prayer In doing so we will discover the influence of scripture on the development of the Christian mystical tradition

Session 1 The Darkness of Unknowing Exodus 20 18 21 Moses breaks free away from what sees and is seen and he plunges into the truly mysterious darkness of unknowing Here renouncing all that the mind may conceive wrapped entirely in the intangible and the invisible he belongs completely to him who is beyond everything Dionysius

Session 2 Divine Blue Exodus 24 9 11 When the mind has put off the old self and shall put on the one born of grace then it will see its own state in the time of prayer resembling sapphire or the colour of heaven this state scripture calls the place of God that was seen by the elders on Mount Sinai Evagrius of Pontus

Session 3 The Heavenly Tabernacle Exodus 25 28 Moses was educated beforehand by a type in the mystery of the tabernacle which encloses everything This would be Christ the power of God and the wisdom of God which in its own nature is not made by hands yet allows itself to be physically fashioned when this tabernacle needs to be pitched among us so that in a certain way the same is both unfashioned and fashioned uncreated in pre existence but becoming created in accordance with this material composition Gregory of Nyssa

Session 4 The Cleft in the Rock Exodus 33 11 23 This truly is the vision of God never to be satisfied in the desire to see him But one must always by looking at what he can see rekindle his desire to see more Thus no limit would interrupt growth in the ascent to God since no limit to the Good can be found nor is the increasing of desire for the Good brought to an end because it is satisfied Gregory of Nyssa

Session 5 Transformation Exodus 34 29 35 For blessed Moses provided us with a certain type through the glory of the Spirit which covered his countenance upon which no one could look with steadfast gaze This type anticipates how in the resurrection of the just the bodies of the saints will be glorified with a glory which even now the souls of the saintly and faithful people are deemed worthy to possess within in the indwelling of the inner person Pseudo Macarius *Mysticism* Simon Critchley, 2024-10-29 A probing inspiring exploration of mysticism not as religious practice but as a mode of

experience and way of life by one of the most provocative philosophical thinkers of our time Why mysticism It has been called experience in its most intense form and in his new book the philosopher Simon Critchley poses a simple question to the reader Wouldn t you like to taste this intensity Wouldn t you like to be lifted up and out of yourself into a sheer feeling of aliveness both your life and those of the creatures that surround you If so it might be well worthwhile trying to learn what is meant by mysticism and how it can shift elevate and deepen the sense of our lives Mysticism is not primarily a theoretical issue It s not a question of religious belief but of felt experience and daily practice A rough and ready definition of mysticism is that it is a way of systematically freeing yourself of your standard habits your usual fancies and imaginings so as to see what is there and stand with what is there ecstatically Mysticism is the practical possibility of the achievement of a fluid openness between thought and existence This is a book about trying to get outside oneself to lose oneself while knowing that the self is not something that can ever be fully lost It is also a book about Julian of Norwich Anne Carson Annie Dillard T S Eliot and Nick Cave It shows how listening to music can be secular worship It is a book full of learning puzzlement pleasure and wonder It opens the door to mysticism not as something unworldly and unimaginable but as a way of life

*Meister Eckhart's Book of the Heart* Jon M. Sweeney, Mark S. Burrows, 2017-10-01 This fresh translation of poetry by the fourteenth century Christian mystic sets the heart ablaze and the spirit soaring Christine Valters Paintner PhD author of *The Artist s Rule* Meister Eckhart 1260 1328 influenced a wide range of spiritual teachers and mystics both inside and outside the Christian tradition Erich Fromm Eckhart Tolle Richard Rohr D T Suzuki and Rudolf Steiner have all credited Eckhart as being an important influence on their thought In addition his work has influenced the development of twentieth century American Buddhism and the Theosophical tradition Eckhart wrote at a time much like our own when society appeared to be coming apart at the seams In the midst of all that chaos and uncertainty he captured the many forms and stages of God s love the mystic path and the journey of transformation His writings were so startling that he was even accused of heresy Now seven centuries later this fresh rendering of his work translates the essence of one of Christianity s greatest poetic and spiritual voices conveying the heart of his teachings about loving God and embarking on a spiritual journey characterized by mystery paradox and an embrace of the unknown

**The Asian American Avant-Garde** Audrey Wu Clark, 2015-10 The Asian American Avant Garde is the first book length study that conceptualizes a long neglected canon of early Asian American literature and art Audrey Wu Clark traces a genealogy of counter universalism in short fiction poetry novels and art produced by writers and artists of Asian descent who were responding to their contemporary period of Asian exclusion in the United States between the years 1882 and 1945 Believing in the promise of an inclusive America these avant gardists critiqued racism as well as institutionalized art Clark examines racial outsiders including Isamu Noguchi Dong Kingman and Yun Gee to show how they

engaged with modernist ideas particularly cubism She draws comparisons between writers such as Sui Sin Far and Carlos Bulosan with modernist luminaries like Stein Eliot Pound and Proust Acknowledging the anachronism of the term Asian American with respect to these avant gardists Clark attempts to reconstruct it The Asian American Avant Garde explores the ways in which these artists and writers responded to their racialization and the Orientalism that took place in modernist writing

**The Writer's Way in France** Robert Greer Cohn, 2016-11-11 This book is an attempt to present a new integral approach to French literature Acknowledging his debts to numerous post Hegelian philosophers or psychologists and modern critics Professor Cohn offers a lucid and swift paced account of an original view of literature which bears particular kinship to the artistic visions of Joyce Mallarm and Proust In Part I the creative temperament is defined in terms of a subtly recognizable rhythm of human nature which appears in varying forms or syncopations In Part II the evolution of the rhythm is followed through changing themes images styles and genres from the earliest known native origins to the crowning work of the Symbolists Parts I and II together constitute a method the purpose of which is to maintain as tactfully as possible a sense of direction as we move through the complexities of lively art The method is brought to bear on extensive texts in Part III with closely detailed studies of Rimbaud and Proust These individual studies are offered as examples more are promised in subsequent volumes In addition the present state of criticism is discussed in an Introduction lengthy appendices are devoted to some important modes of lyric poetry and the author's precritical or epistemological concepts and a briefer appendix takes up the idea of Progress in Art The Writer's Way in France is a work of unusual perception of great importance to all students of literature who are interested in fresh ideas and methods

**In Light of Shadows** Kyōka Izumi, 2005 In Light of Shadows is the long awaited second volume of short fiction by the Meiji Taishō writer Izumi Kyōka It includes the famous novella Uta andon A story by lantern light the bizarre anti psychological story Mayu kakushi no rei A quiet obsession and Kyōka's hauntingly erotic final work Rukshyins The heart vine as well as critical discussions of each of these three tales Translator Charles Inouye places Kyōka's literature of shadows ka no bungaku within a worldwide gothic tradition even as he refines its Japanese context Underscoring Kyōka's relevance for a contemporary international audience Inouye adjusts Tanizaki Junichirō's evaluation of Kyōka as the most Japanese of authors by demonstrating how the writer's paradigm of the suffering heroine can be linked to his exposure to Christianity to a beautiful American woman and to the aesthetic of blood sacrifice In Light of Shadows masterfully conveys the magic allusiveness and elliptical style of this extraordinary writer who Mishima Yukio called the only genius of modern Japanese letters
