The French in Central America Thomas David Schoonover, 2000 Accounts of the international relations of Central America have been dominated by the role of the United States and Great Britain The role of France in Central America has largely been overshadowed by the other great powers In a well written tight and masterful synthesis Thomas Schoonover redresses this imbalance Based on exhaustive multinational archival research *The French in Central America Culture and Commerce 1820 1930* details French attempts to establish a sphere of influence in Central America amongst the machinations of the British

Germans and U S who all sought to dominate trade in Central America control transit routes between the oceans advise the national militaries and influence cultural developments The book traces the involvement of the French in Central America from Independence to the unsteady economic years following World War I Central America in the nineteenth century was an area of vital importance to the French who along with a number of other powers were interested in building a canal across the isthmus The French in Central America demonstrates how the French used both economic and military means to further their desire for economic as well as colonial expansion More importantly the book examines how the French worked to develop strong cultural bonds with the nations of Central America through education language schools orders and military missions The French sought cultural advantage in considerable part because they hoped and expected commercial benefits to result The French in Central America Culture and Commerce 1820 1930 is an important addition to the growing literature on the international relations of the Americas This book will be of great interest to professors and students of French and Central American history as well as individuals interested in international relations and cultural studies **Political**

History of Political Parties in Twentieth-century Latin America Torcuato Di Tella, 2017-07-05 The general perception of modern Latin American political institutions emphasizes a continuing and random process of disorder and crisis continually out of step with other regions in their progress toward democracy and prosperity In History of Political Parties in Twentieth Century Latin America Torcuato S Di Tella demonstrates that this common view lacks context and comparative nuance and is deeply misleading Looking behind the scenes of modern Latin American history he discerns its broad patterns

through close analysis of actual events and comparative sociological perspectives that explain the apparent chaos of the past and point toward the more democratic polity now developing Di Tella argues that although Latin America has peculiarities of its own they must be understood in their contrasts and similarities with both the developed centers and undeveloped peripheries of the world Latin American societies have been prone to mass rebellions from very early on more so than in other regions of the world He analyzes as well such significant exceptions to this pattern as Chile Colombia and to a large extent Brazil Turning to the other side of the social spectrum he shows how the underprivileged classes have tended to support strongman populist movements which have the double character of being aggressive toward the established order but at the same time repressive of public liberties and of more radical groups Di Tella provides here a necessary examination of the concept of populism and divides it into several variants Populism he maintains is by no means disappearing but its variants are instead undergoing important changes with significant bearing on the region's near term future History of Political Parties in Twentieth Century Latin America is rich in historical description but also in its broad review of social structures and of the strengths and weaknesses of political institutions Choice commented that this heavily documented volume with an extensive bibliography would prove valuable to researchers and advanced students of Latin America
