Jones, 2011-04 Tobias Smollett Doctor Smollett Donald Bruce, 1985 1721 1771 is best known today as a novelist but in the eighteenth century he was regarded as a historian and critic In this book Richard J Jones explores the diversity of Smollett's journalistic and literary writings and establishes new connections between Smollett's work and writers of the Scottish Enlightenment The book takes as its focal point Smollett's visit to Nice between 1763 and 1765 and the account he wrote of it in Travels through France and Italy 1766 This account is usually seen as a travel narrative but Jones argues that it should be read as a pocket encyclopedia in the tradition of Voltaire Jones divides his study into sections on medicine fine art the theater and history In doing so he offers a productive juxtaposition of authors texts and contexts presenting Smollett as a writer whose Scottish and particularly Glaswegian identity informed his involvement in a wider European Enlightenment Tobias Smollett Lionel Kelly, 2002-09-11 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling student and researcher to read the work themselves Tobias Smollett Damian Grant.1977 Artand Money in the Writings of Tobias Smollett William Gibson, 2007 Offering a fresh perspective on a misunderstood eighteenth century novelist this study situates Tobias Smollett 1721 71 as the chief witness to the birth of the modern commercial art market By examining the critical remarks and characters in Smollett's journalism and histories the novels Peregrine Pickle and Humphry Clinker and Travels Through France and Italy the novelist is portrayed as fully involved with the commercial art market even while he offered perceptive criticism of it Smollett's complete reviews of fine art from The Critical Review are published for the first time in an annotated appendix while his involvement with the lavish illustration of his massive Complete History of England is analyzed in a second appendix The approach to fine art that emerges from his writing modifies our understanding of the public art market of today making this study of interest not only to Smollett scholars and students of eighteenth century fiction but also to those interested in the history of art and aesthetic appreciation William L Gibson is an independent scholar The Fame Machine Frank Donoghue, 1996 Principally on Sterne Goldsmith and Smollett Constructions of Smollett John Skinner, 1996 Professor John Skinner analyzes the prose narratives of Tobias George Smollett 1721 71 and their place in the development of the novel in Constructions of Smollett A Study in Genre and Radical Doctor Smollett D. written between the eighteenth and twentieth centuries The book challenges an influential misconception that has for too long hindered appreciation of the psychological novel John Rodden argues that there should be no simplifying antithesis between psychological inner conflicts within the mind or soul and institutional outer conflicts within family class community Instead it is the overarching dramatic yet often tortuous relations between self and society that demand our attention Rodden presents fresh interpretations of an eclectic group of prose fiction classics including Tobias Smollett's The Adventures of Roderick Random William Godwin's Caleb Williams Thomas Hardy's The Mayor of Casterbridge Ford Madox Ford's The Good Soldier Wyndham Lewis s Tarr and D H Lawrence s Women in Love Far from being merely admirable experiments let alone daring though interesting failures these fictions are shown to possess aesthetic unity stylistic consistency and psychic force Between Self and Society thus impels our careful reconsideration of novels that represent major artistic achievements yet have been either unjustly neglected or appreciated in limiting ways that do injustice to their psychological aspects Rodden s vibrant discussion invites an upward revaluation of these works and encourages the full recognition of their value and significance in British literary history Physicians and Surgeons in Glasgow, 1599-1858 Kordesch, 1999-07-01 Traces the establishment of the Royal College of Physicians and Surgeons of Glasgow as a licensing body to its eminence as a centre of teaching in the 18th century The text then covers the subsequent decline of the college in the 19th century with an account of how in conjunction with Glasgow University it re established itself as the guarantor of high medical standards of learning and practice **English Literature, 1660-1800**,1972 The Pharos of Alpha Omega Alpha-Honor Medical Society Alpha The Springs of Liberty Stewart Justman, 1999 Justman considers satire not as a genre but as a Omega Alpha, 1987 potential available to different genres He contrasts a line of English literature critical of journalism writers such as Addison Austen and Trollope with another less mannerly represented by writers who exploded the stock formulas of which so much journalism is made a line running from Swift through Dickens to Joyce and Orwell Discussed too is the exploitation of the power of satire in political doctrine BOOK JACKET Smollett's Grub Street: a Study of the Development of an Artist Barry Roth, 1969 Current Catalog National Library of Medicine (U.S.), 1968 First multi year cumulation covers six years 1965 70 The Literary History of England Donald F.
