organisations as intermediaries between community and culture this book analyses the role played by cultural intermediaries who seek to mitigate the worst effects of social exclusion through engaging communities with different forms of cultural consumption and production The authors challenge policymakers who see cultural intermediation as an inexpensive fix to social problems and explore the difficulty for intermediaries to rapidly adapt their activity to the changing public sector landscape and offer alternative frameworks for future practice      Poverty, Community and Health V. Goldstein,2023-03-14 An acclaimed history of Harlem s journey from urban crisis to urban renaissance With its gleaming shopping centers and refurbished row houses today s Harlem bears little resemblance to the neighborhood of the midcentury urban crisis Brian Goldstein traces Harlem s Second Renaissance to a surprising source the radical social movements of the 1960s that resisted city officials and fought to give Harlemites control of their own destiny Young Harlem activists inspired by the civil rights movement envisioned a Harlem built by and for its low income predominantly African American population In the succeeding decades however the community based organizations they founded came to pursue a very different goal a neighborhood with national retailers and increasingly affluent residents The Roots of Urban Renaissance demonstrates that gentrification was not imposed on an unwitting community by unscrupulous developers or opportunistic outsiders Rather it grew from the neighborhood s grassroots producing a legacy that benefited some longtime residents and threatened others      *Boletin Internacional de Bibliografia Sobre Educacion* ,1995      **The Cumulative Book Index** ,1996 A world list of books in the English language      **British Book News** British Council,1993 Includes no 53a British wartime books for young people
