**Adrianus Arnoldus Maria van der
Linden**

Radicalism The Revolt Against Reason:

Radicalism and the Revolt Against Reason (Routledge Revivals) Irving Louis Horowitz, 2009-09-10 Radicalism and the Revolt Against Reason is a work that continues to have a steady and large scale impact on political and social theory fifty years since its first appearance A study of how radical thought modifies its actions and ideologies in a time of unrealized and frustrated expectations the focus is on Georges Sorel and the Europe of the fin de siècle a time when socialist revolution was forcefully set aside by liberal reform In a technique that presaged contemporary period radical demands did not simply dissolve or disappear they profoundly changed emphasis from the impersonal forces of history to highly personal forces of individual will This edition includes a substantial brand new introduction by the author **Radicalism and the Revolt Against Reason** Irving Louis Horowitz, 1961 Time and radical politics in France Alexandra Paulin-Booth, 2023-05-09 This book investigates how people have thought about and experienced time and how their ideas about time have shaped their political views and actions Using French thinkers and activists of the radical left and right between the Dreyfus Affair and the First World War as a case study it argues that time provides an important means of exploring how concepts such as nationalism revolution and social change were understood at the turn of the century Attending to different experiences of time the speed at which it was perceived to move the extent to which the future was near and graspable the ways in which the past was seen to impinge on the present opens up exciting new possibilities for analysing politics ideologies and worldviews **Tributes** Irving Horowitz, 2017-10-19 In one of his final works Stephen Jay Gould spoke of the human race as a wildly improbable evolutionary event well within the realm of contingency Drawing on his personal knowledge of fifty figures from the world of twentieth century social science Irving Louis Horowitz offers commentaries drawn from a variety of public occasions to explain one segment of this improbable event In the process he reveals how the past century was defined in substantial measure by the rise of social research Commenting on Tributes Daniel Mahoney observes some pieces are completely authoritative and detailed others more conversational and informal That diversity of approaches tied to the special character of these people increases the readability and interest in the book as a whole In addition to illuminating the life and thought of these major figures these essays and addresses reveal the impressive catholicity of Horowitz's concerns and his ability to remain open to the widest range of theoretical and practical approaches In a certain sense this book is also an intellectual autobiography in the form of an expression of Horowitz's debt to intellectual interlocutors and influences over the years As a consequence Tributes will be of the greatest interest to anyone who wishes to come to terms with the intellectual formation of the people who gave substance to new ways of experiencing as well as explaining society The book is thus a thoughtful guide to the intellectual life of our times From Arendt and Aron to Veblen and Wildavsky these essays take shape as a systematic mosaic of the past century Written by a central participant in social theory Tributes is both an informal guide and a formal text for readers coming upon social science innovators for the first time The book breaks the boundaries

of conventional discourse and in so doing gives voice to the outstanding figures that helped make the twentieth century the century of social research *The Democratic Imagination* Louis Filler, 2017-07-12 This festschrift celebrates the accomplishments of renowned social scientist Irving Louis Horowitz as he turned sixty five Since Horowitz's views were global and his discourse was never restricted to national boundaries the volume includes contributions from across the globe Collectively the book represents a personal as well as an intellectual statement from the contributors as each one was a friend and colleague of Horowitz The life span of Horowitz's ideas stretches across boundaries many which are focused on in *The Democratic Imagination* The twenty seven essays address Horowitz's work ideas and influence Horowitz was well known for his analysis of the situation in Cuba disarray in American sociology the impacts of technology on the publishing industry and policy making in the post Cold War era Contributions also take note of Horowitz's involvement in diverse areas his work with Robert Kennedy Radio Marti the United States General Accounting Office and his efforts on behalf of the freedom of the press In a final section Horowitz responds to each of the contributors This work celebrating one of the most esteemed social scientists of the twentieth century acknowledges his manifold contributions to the multiple areas in which he worked

Castoriadis and Critical Theory Christos Memos, 2014-11-18 By exploring the concepts of crisis and critique this study offers a thought provoking re examination of the political and social thought of Cornelius Castoriadis in light of the current world crisis and with regard to his radical critique of both the traditional Left and contemporary capitalist societies

Radical Theories Darrow Schechter, 1994 This book aims to reclaim and rediscover the range of radical democratic socialist alternatives to capitalism Schechter argues that whilst the collapse of the Soviet Union has seen the failure of one type of socialism it has presented the left with the chance to re evaluate the contribution of thinkers and movements obscured by the hegemony of Marxism Leninism **Winners and Losers** Irving Louis Horowitz, 1984 Leading sociologist Irving Louis Horowitz examines the response social science has made to contemporary subjects and issues the so called new class of the intelligentsia the ecology movement social planning alienation privatization anomie the threat of nuclear war Horowitz evaluates as a social scientist the question of values those disclosed through analysis and those threatened by it and discusses the overall political and moral impact of knowledge and methodology in social science **Engagement and Disengagement** Howard G. Schneiderman, 2017-10-16 Part dialogue part debate between Howard Schneiderman and a small number of social theorists Engagement and Disengagement represents the culmination of a life's work in social theory On the one hand it is about cohesive social cultural and intellectual forces such as authority community status and the sacred that tie us together and on the other hand about forces such as alienation politics and economic warfare that pull us apart With a blend of humanism and social science Engagement and Disengagement highlight this two culture solution to understanding social and cultural history **Community and Organization in the New Left, 1962-1968** Wini Breines, 1989 Did New Left activists have an opportunity to start a revolution that they simply could not bring off Was their

rejection of conventional forms of political organization a fatal flaw or were the apparent weaknesses of the movement the lack of central authority the distrust of politics actually hidden strengths Wini Breines traces the evolution of the New Left movement through the Free Speech Movement Students for a Democratic Society SDS and SDS's community organization projects For Breines the movement's goal of participatory decision making even when it was not achieved made up for its failure to take practical and direct action By the late 1960s antiwar activism contributed to the decline of the New Left as the movement was flooded with new participants who did not share the founding generation's political experiences or values Originally published in 1982 Wini Breines's classic work now includes a new preface in which she reassesses and for the most part affirms her initial views of the movement She argues that the movement remains effective in the midst of radical changes in activist movements Breines also summarizes and evaluates the new and growing scholarship on the 1960s Her provocative analysis of the New Left remains important today

Liars Tale Jeremy Campbell, 2002-11-26 Inquires into the nature of deception and debates the nature of truth and ethics the diverse faces and devices of falsehood and the postmodern emphasis on meaning at the expense of truth [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1972

Mainlining Marx John L. Stanley, 2018-01-16 In recent years a host of Western Marxists have tried to emancipate Marx from responsibility for various unsavory doctrines Political theorists have argued that Marx can avoid the weight of Stalinism and also the various theories such as positivism naturalism Darwinism technological determinism and the dialectics of nature that support Marxism In the course of building up their defense of Marx these modern critics have developed an elaborate but often confusing rationale whose premise consists of attributing many of the nefarious tendencies of Marxism to Engels particularly the latter's philosophy of nature In Mainlining Marx John L Stanley sets Marx's view of nature back in its proper perspective Stanley challenges the new orthodoxy of prominent Marxist scholars who see a fundamental dichotomy between Marx and Engels with the latter believing in cosmic superlaws and the former adhering to historically grounded ones Stanley argues both Marx and Engels used historical and transhistorical laws at various times He is highly critical of those who abstract theoretical principles out of texts Marx wrote with specific and historical political goals in mind He takes issue as well with critics who posit a Marxian belief in communist as against natural needs and further challenges the new orthodoxy in his analysis of Marx's dissertation showing that from the beginning Marx's thought was grounded in materialist determinism Supplementing the chapters on Marx and his critics the volume concludes with an essay on Georges Sorel's approach to textual analysis and interpretation showing how Sorel far in advance of his time realized the impossibility of completely objective analysis and the inevitable distortion of the subject under study Throughout this volume Stanley's critical approach utilizes Sorel's illuminating insights to point out the distortions in modern Marxian analysis Challenging and original Mainlining Marx is a major contribution to the study of Marxism It will be read by economists political scientists and intellectual historians

Bibliography of the Writings of Irving Louis Horowitz

,1984-01-01 Bibliography of the Writing of Irving Louis Horowitz 1951 1984 Once More Unto the Breach, Dear Friends Irving Louis Horowitz, Andrew McIntosh, Patrick Ivins, Deborah Berger, 2017-07-05 Candor breadth judiciousness all these are attributes Irving Louis Horowitz possesses as a scholar Under his leadership there is no academic publication from which I have learned as much as Transaction Society David Riesman Harvard University We are all happy beneficiaries of Horowitz's acutely perceptive and often devastatingly plain spoken self as sociologist and sage broad gauged scholar dedicated teacher tough minded editor and publisher with an ingrained sense of fairness Robert K Merton Columbia University **A Revolt Against Liberalism** Adrianus Arnoldus Maria van der Linden, 1996 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it *Terrorism in Context* Martha Crenshaw, 2010-11-01 **An Infantile Disorder?** Nigel Young, 2018-12-07 First published in 1977 The New Left as an organised political phenomenon came and went largely in the 1960s Was the Movement that went into precipitate decline after 1969 the same New Left that had developed a decade earlier Nigel Young's thesis is that the core New Left as it had evolved by the mid 1960s had a unique identity that set it apart from other Old Left and Marxist groups He believes that this was dissipated in the later developments of the black and student movements and in the opposition to the Vietnam war By 1968 the watershed year an acute identity crisis had set in within the Movement and became the major source of the New Left's disintegration Nigel Young traces the Movement's growth and crisis mainly in Britain and America where it reached its greater strength but attention is also paid to parallel developments in similar movements elsewhere He analyses the crisis in terms of the interrelationship between dilemmas of strategy and ideas and the external events which tend to reinforce the tendencies toward elitism intolerance and violence and produce organisational breakdown *Sociological Self-Images* Irving Louis Horowitz, 2014-05-17 *Sociological Self Images A Collective Portrait* is a collection of papers on the self images of different sociologists regarding their work their profession and their contributions to the social sciences The book is comprised of 14 papers contributed by different experts in sociology each of whom seeks to answer the following questions 1 What do you consider the most unique characteristics of your way of defining sociology 2 What is your view of the current relationship between sociological theory and social application 3 Which sociologists influenced you or do you most respect Are they the

same now as in your formative years 4 Which of your writings do you like best and why 5 What impact would you say your sociological efforts have had on reshaping the field The book is an excellent resource for those who study sociology and wish to know and be inspired by the views opinions and works of other sociologists *The Anarchists* Irving Horowitz, 2018-04-20 In his new introduction to *The Anarchists* Horowitz points out that anarchism is an ideology in search of a movement and also a psychology in search of a polity While this seems to be a paradox the fact is that anarchism has more than one hundred thousand entries on electronic search engines but one can search high and low for a society that embraces its essential anti Statist vision At the same time anarchism continues to attract people to its premises seemingly generation after generation Despite similarities in values and goals anarchism seems especially attractive to those for whom individualism rather than collectivism provides a way of life In this it stands at the opposite pole from Behemoth from the gods of political order *The Anarchists* is a rich collection of theories and practices in the words of those who have rebelled against the restrictive institutions and oppressive conditions imposed by state power upon the individual Idealists and self seekers saints and assassins they have often served as the conscience of the world and have expressed with eloquence and convictions the deep seated sense of anarchy that resides to a greater or lesser degree in most human beings Anarchism is not simply a European import it is deeply rooted in the American political experience The volume gives strong representation to this side of the anarchist tradition Thomas Paine wrote Government even in its best state is but a necessary evil This was a sentiment echoed by Ralph Waldo Emerson who said the less government we have the better *The Anarchists* offers the most thoughtful and comprehensive selection of writings by and about those who protest against all rule by man over man particularly that embodied in the State As such this anthology presents the history and philosophy of anarchism in the words of thirty five of its greatest students observers and proponents

Radicalism The Revolt Against Reason Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Radicalism The Revolt Against Reason Introduction

In the digital age, access to information has become easier than ever before. The ability to download Radicalism The Revolt Against Reason has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Radicalism The Revolt Against Reason has opened up a world of possibilities. Downloading Radicalism The Revolt Against Reason provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Radicalism The Revolt Against Reason has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Radicalism The Revolt Against Reason. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Radicalism The Revolt Against Reason. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Radicalism The Revolt Against Reason, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Radicalism The Revolt Against Reason has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Radicalism The Revolt Against Reason Books

1. Where can I buy Radicalism The Revolt Against Reason books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Radicalism The Revolt Against Reason book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
