The Original Blues Lynn Abbott, Doug Seroff, 2017-02-27 Blues Book of the Year Living Blues Association of Recorded Sound Collections Awards for Excellence Best Historical Research in Recorded Blues Gospel Soul or R the shadowy prehistory and early development of the blues is illuminated detailed and given substance At the end of the nineteenth century vaudeville began to replace minstrelsy as America's favorite form of stage entertainment Segregation necessitated the creation of discrete African American vaudeville theaters When these venues first gained popularity ragtime coon songs were the standard fare Insular black southern theaters provided a safe haven where coon songs underwent rehabilitation and blues songs suitable for the professional stage were formulated The process was energized by dynamic interaction between the performers and their racially exclusive audience The first blues star of black vaudeville was Butler String Beans May a blackface comedian from Montgomery Alabama Before his bizarre senseless death in 1917 String Beans was recognized as

the blues master piano player of the world His musical legacy elusive and previously unacknowledged is preserved in the repertoire of country blues singer guitarists and pianists of the race recording era While male blues singers remained tethered to the role of blackface comedian female coon shouters acquired a more dignified aura in the emergent persona of the blues queen Ma Rainey Bessie Smith and most of their contemporaries came through this portal while others such as forgotten blues heroine Ora Criswell and her protégé Trixie Smith ingeniously reconfigured the blackface mask for their own subversive purposes In 1921 black vaudeville activity was effectively nationalized by the Theater Owners Booking Association T O B A In collaboration with the emergent race record industry T O B A theaters featured touring companies headed by blues queens with records to sell By this time the blues had moved beyond the confines of entertainment for an exclusively black audience Small time black vaudeville became something it had never been before a gateway to big time white vaudeville circuits burlesque wheels and fancy metropolitan cabarets While the 1920s was the most glamorous and remunerative period of vaudeville blues the prior decade was arguably even more creative having witnessed the emergence popularization and early development of the original blues on the African American vaudeville stage **Telling It Like It Is** Joe Darensbourg, Peter Vacher, 1987-09-29 The autobiography of one of the foremost jazz clarinetists who is well known for his recordings with Edward Kid Ory and the Louis Armstrong All Stars Darensbourg was born in Baton Rouge LA in 1906 and heard many early New Orleans jazz bands as a young boy For most of his life he lived on the West Coast and the book is a first rate reference source for students of jazz and popular music in the urban centres of Seattle and Los Angeles

Nursery Rhymes and Nursery Songs James William Elliott, 2004-01-01 Classic collection of nursery rhymes set to music Elliott's melodies perfectly capture the charms of these verses many including Sing a Song of Sixpence have become inseparable from the original rhymes Lavishly illustrated with 66 beautiful engravings by the Dalziel brothers renowned Victorian era illustrators of children's books [On Rhetoric and Black Music](#) Earl H. Brooks, 2024-06-04 How Black musicians and composers used their craft to define and influence public discourse This groundbreaking work examines how Black music functions as rhetoric considering its subject not merely reflective of but central to African American public discourse Author musician and scholar Earl H Brooks argues that there would have been no Harlem Renaissance Civil Rights Movement or Black Arts Movement as we know these phenomena without Black music Through rhetorical studies archival research and musical analysis Brooks establishes the sonic lexicon of Black music defined by a distinct constellation of sonic and auditory features that bridge cultural linguistic and political spheres with music Genres of Black music such as blues and jazz are discursive fields where swinging improvisation call and response blue notes and other musical idioms serve as rhetorical tools to articulate the feelings emotions and states of mind that have shaped African American cultural and political development Examining the resounding artistry of iconic musicians such as Scott Joplin Mary Lou Williams Duke Ellington John Coltrane and Mahalia Jackson this work offers an alternative register in which these musicians and composers

are heard as public intellectuals consciously invested in crafting rhetorical projects they knew would influence the public sphere

Already Whole Helena Hjalmarsson, 2022-02-08 Many of us have made our lives so noisy overwhelming sensory craving and data driven that we have somehow missed the most fundamental part about ourselves and our lives Learning how to work with every process every situation every relationship intuitively learning to love what is to let go to

have faith and find stillness to foster one's intuition and become creative in our own lives is something we can all achieve To illustrate these concepts Hjalmarsson calls on her decades of experience and work as a psychotherapist But most significantly her life as an autism parent accounted for in her previous books *Finding Lina* 2013 and *Beyond Autism* 2019 which has taught her where to find that elusive freedom and harmony inside herself Hjalmarsson believes that the solution to life's chaos this freedom and harmony this love is accessible to all She writes We don't earn freedom We either realize who we are and how we can live free connected joyful and expansive lives or we don't We can realize it some of the time and live a little bit connected and a little bit trapped Or we can learn to realize it most of the time and spend most of our lives fully awake
