Raices Del Corazon:

Las Raices del Corazon Rebecca Brandewyne,1995 El quemadero de la cruz Antonio Ribot y Fontseré,1860

Diccionario de ciencias médicas por una sociedad de los más célebres profesores de Europa ,1822 *Guarding Cultural Memory* Flora María González Mandri,2006 In *Guarding Cultural Memory* Flora González Mandri examines the vibrant and uniquely illuminating post Revolutionary creative endeavors of Afro Cuban women Taking on the question of how African diaspora cultures practice remembrance she reveals the ways in which these artists restage the confrontations between modernity and tradition González Mandri considers the work of the poet and cultural critic Nancy Morejón the poet Excilia Saldaña the filmmaker Gloria Rolando and the artists María Magdalena Campos Pons and Belkis Ayón In their cultural representations these women conflate the artistic the historical and the personal to produce a transformative image of the black woman as a forger of Cuban culture They achieve this in several ways by redefining autobiography as a creative expression for the convergence of the domestic and the national by countering the eroticized image of the mulatta in favor of a mythical conception of the female body as a site for the engraving of cultural and national conflicts and resolutions and by valorizing certain aesthetic and religious traditions in relation to a postmodern artistic sensibility Placing these artists in their historical context González Mandri shows how their accomplishments were consistently silenced in official Cuban history and culture and explores the strategies through which culturally censored memories survived and continue to survive in a Caribbean country purported to have integrated its Hispanic and African peoples and heritages into a Cuban identity The picture that finally emerges is one not only of exceptional artistic achievement but also of successful redefinitions of concepts of race gender and nation in the face of almost insurmountable cultural odds **De la imitación del Sagrado Corazón de**
