Raiders Of The Deep:

Raiders of the Deep Lowell Thomas, Jr., Lowell Thomas, 2002-08 In this oral history of the U boats of the Great War Lowell Thomas introduces many of the great pioneering submariners such as Hersing Steinbrink Hashagen and the most successful submarine commander of all time the remarkable von Arnault **Raiders of the Deep** Lowell Senior Thomas, 1934

U-Boats David Miller, 1999 **Raiders of the Deep, by Lowell Thomas** Lowell Thomas, Captains Of War Edwyn Gray, 1988-06-27 This book tells the story of captains of submarines and their experiences at war German Submarine Warfare in World War I Lawrence Sondhaus, 2017-08-11 This compelling book explores Germany's campaign of unrestricted submarine warfare in World War I which marked the onset of total war at sea. Noted historian Lawrence Sondhaus shows how the undersea campaign intended as an antidote to Britain's more conventional blockade of German ports ultimately brought the United States into the war. Although the German people readily embraced the argument that an undersea blockade of Britain enforced by their navy's Unterseeboote U boats was the moral equivalent of the British navy's blockade of German ports, international opinion never accepted its legitimacy. Sondhaus explains that in their initial somewhat confused rollout of unrestricted submarine warfare in 1915, German leaders underestimated the extent to which the policy would alienate the most important neutral power, the United States. In rationalizing the risk of resuming the unrestricted campaign in 1917, they took for granted that should the United States join the Allies, German U boats would be able to stop the transport of an American army to France. But by bringing the United States into the war while also failing to stop the deployment of its troops to Europe, unrestricted submarine warfare ultimately led to Germany's defeat. Because US manpower proved decisive in breaking the stalemate on the Western Front and securing victory for the Allies, Sondhaus argues that Germany's decision to stake its fate on the U boat campaign ranks among the greatest blunders of modern history. *The Raiders Encyclopedia* Richard J. Shmelter, 2014-01-10 This is the definitive reference work on the NFL's Oakland Los Angeles Raiders. Part I is a season by season review covering each game and player from every campaign. Part II includes a complete all time roster of players and coaches with biographical information along with information on all draft picks, schedules and individual awards and honors. Part III covers the characters from executives to cheerleaders who made the Raiders one of the most colorful organizations in professional sports and details the franchise's historic stadiums and uniforms. **The World's Work**, 1928 **Bookseller & Stationer and Office Equipment Journal**, 1929 **Reaping the Whirlwind** Dominic Etzold, 2023-08-23 The definitive history of submarine warfare off the North American coast in the summer of 1918. When America declared war on Germany in 1917, it unleashed a resumption of unrestricted submarine warfare off the North American coast. Until now, German naval records have not been extensively utilized in English language histories of this brief but intense period of naval combat in the Atlantic. By studying and comparing both American and German archival sources, author Dominic Etzold has constructed the first balanced narrative history of the operation that is
