Sustainable Land Management in Greater Central Asia Victor Squires, Lu Qi, 2017-09-22 Greater Central Asia encompasses a vast area that includes deserts, natural grasslands, steppes, shrublands and alpine regions. Many of these land types are degraded and productivity is falling at a time when human populations and livestock inventories are on the rise. Ecosystem stability and biodiversity are under threat and there is an urgent need to develop more sustainable land management regimes. This book uses an integrated regional approach to provide a comprehensive exploration of sustainable land development in Central Asia. An interdisciplinary team of experts analyses the economic, ecological, sociological, technological and political factors surrounding sustainable land and water management in the region, sharing potential problems and solutions. As international concern about desertification grows, the book concludes by asking how the region is likely to develop in the future. This book will be of value to scholars, students, policy makers and NGOs with an interest in sustainable development in Central Asia. **Look Homeward, Angel & Of Time and the River**

Griggs Jr., 2012-08-28 The lesser known tales of the personalities who shaped the capital's past are unearthed from the archives by Richmond Guide writer Walter S. Griggs Jr. The course of Richmond's history as it emerged from the Civil War as a bustling economic powerhouse is well recorded. Yet there are some stories that have all but vanished from recollection. From the hushed whispers of an entire congregation as Robert E. Lee prayed with a slave at communion to the donation of over two hundred pigeons by fellow Richmonders to serve the war effort, these are lost vignettes of Richmond. Travel with Griggs to the bygone days of the twentieth century to test drive the first successful automobile manufactured in Richmond, the Kline Kar, or witness the first airplane to fly over Richmond, the Gold Bug, soaring over the Diamond. Hidden History of Richmond is a fascinating collection that reveals the city's forgotten but most remarkable histories.
