Rodrigues, 2020-12-10 Claims of ideology's end are on the one hand performative denials of ideology's inability to end while on the other hand paradoxically they also reiterate an idea that ending is simply what all ideologies eventually do Situating her work around the intersecting publications of Daniel Bell's The End of Ideology 1960 and J D Salinger's Franny and Zooey 1961 Laurie Rodrigues argues that American novels express this paradox through nuanced applications of non realist strategies distorting realism in manners similar to ideology's distortions of reality history and belief Reflecting the astonishing cultural variety of this period The American Novel After Ideology 1961-2000 examines Franny and Zooey Carlene Hatcher Polite's The Flagellants 1967 Leslie Marmon Silko's Almanac of the Dead 1991 and Philip Roth's The Human Stain 2001 alongside the various discussions around ideology with which they intersect Each novel's plotless narratives dissolving subjectivities and cultural codes organize the texts peculiar relations to the post ideological age suggesting an aesthetic return of the repressed **Salinger** David Shields, Shane Salerno, 2014-09-09 The official book of the acclaimed

documentary film Jacket **Bruce's History Lessons** Bruce G. Kauffmann, 2008-11-24 This collection of columns by historian Bruce G Kauffmann is must reading whether you are a history buff or not Unlike most historians Kauffmann writes in a style that is entertaining as well as educational and because his columns are short just 450 words they aren't a huge commitment in time Read one each day or as many as you like A recurring theme in the correspondence Kauffmann gets from readers is how much they wish history had been taught in school the way he writes it in his column As reader Cynthia Scarlett wrote Mr Kauffmann I truly enjoy your columns How I wish someone with your flair could have been around when I was in high school I would have been a lot smarter than I am now I think you are a real asset to learning and I hope someone in the academic arena understands that and helps spread your fascinating columns throughout the country or world Even teachers are fans and countless numbers of them use his column in their classroom Regardless of your age or past interest in history you will enjoy this book **Interpreting Suicide** Anilesh T. T., 2023-11-21 This book is an exceptionally critical and insightful contribution to the scholarly discourse of suicidology The book offers in depth analyses of the conceptual evolution and various perspectives of suicide a very detailed mapping of the conceptualisation of the critical idiom of Text explication

of the theoretical contributions of Barthes Derrida Foucault and others and analyses of suicides of immortalised characters forgotten writers and the culturally devoiced The book locates the notion of Text in a range of literary and cultural theories from New Criticism to New Historicism and explores the methodology of analysing enigmatic suicides as Texts in and of themselves
