The Saturday Review of Politics, Literature, Science and Art, 1908 *A History of Roman Literature* Michael von Albrecht, 1997 **A History of Roman Literature (2 vols.)** M. von Albrecht, 2019-09-16 Michael von Albrecht s A History of Roman Literature originally published in German can rightly be seen as the long awaited counterpart to Albin Lesky s Geschichte der Griechischen Literatur In what will probably be the last survey made by a single scholar the whole of Latin literature from Livius Andronicus up to Boethius comes to the fore Literature is taken here in its broad antique sense and therefore also includes e g rhetoric philosophy and history Special attention has been given to the influence of Latin literature on subsequent centuries down to our own days Extensive indices give access to this monument of learning The introductions in Von Albrecht s texts together with the large bibliographies make further study both more fruitful and easy

Power and Place in Etruria Simon Stoddart, 2020-10-08 This book reconstructs political history from the spatial organization of ancient society challenging the approach favored by classicists *Power and Place in Etruria: Volume 1* Simon Stoddart, 2020-10-08 This volume fills a gap in the study of an important yet neglected case of state formation by taking a landscape perspective to Etruria Simon Stoddart examines the infrastructure hierarchy heterarchy and spatial

patterns of the Etruscans over time to investigate their political development from a new perspective The analysis both crosses the divide from prehistory to history and applies a scaled analysis to the whole region between the Tyrrhenian Sea and the Arno and Tiber rivers with special focus on the neglected region between Populonia on the coast and Perugia and the north Umbrian region adjoining the Apennines Stoddart uncovers the powerful places that were in dynamic tension not only between themselves but also with the internal structure constituted by the descent groups that peopled them He unravels the dynamically changing landscape of changing boundaries and buffer zones which contained robust urbanism as well as less centralized polyfocal nucleations

The Greek and Roman Trophy Lauren Kinnee, 2018-03-12 In *The Greek and Roman Trophy From Battlefield Marker to Icon of Power* Kinnee presents the first monographic treatment of ancient trophies in sixty years The study spans Archaic Greece through the Augustan Principate Kinnee aims to create a holistic view of this complex monument type by breaking down boundaries between the study of art history philology the history of warfare and the anthropology of religion and magic Ultimately the kaleidoscopic picture that emerges is of an ad hoc anthropomorphic Greek talisman that gradually developed into a sophisticated Augustan sculptural or architectural statement of power The former a product of the hoplite phalanx disappeared from battlefields as the Macedonian cavalry grew in importance shifting instead onto coins and into rhetoric where it became a statement of military might For their part the Romans seem to have encountered the trophy as an icon on Syracusan coinage Recognizing its value as a statement of territorial ownership the Romans spent two centuries honing the trophy concept into an empire building tool planted at key locations around the Mediterranean to assert Roman presence and dominance This volume covers a ubiquitous but poorly understood phenomenon and will therefore be instructive to upper level undergraduates graduate students and scholars in all fields of Classical Studies

A Companion to Roman Italy Alison E. Cooley, 2016-01-05 *A Companion to Roman Italy* investigates the impact of Rome in all its forms political cultural social and economic upon Italy's various regions as well as the extent to which unification occurred as Rome became the capital of Italy The collection presents new archaeological data relating to the sites of Roman Italy Contributions discuss new theories of how to understand cultural change in the Italian peninsula Combines detailed case studies of particular sites with wider ranging thematic chapters Leading contributors not only make accessible the most recent work on Roman Italy but also offer fresh insight on long standing debates

American Journal of Archaeology, 1928 *Marcus Furius Camillus, fatalis dux* Ronald T. Ridley, 2023-12-04 Marcus Furius Camillus is the dominant figure in our traditional history of the Roman Republic in the early fourth century He has been featured in histories of Rome since the Renaissance but currently is viewed with great scepticism some even questioning his very existence What is notably absent however is any reference to a system of historical method how one distinguishes fact from fiction This is the first modern monograph on Camillus and it grapples head on with this problem The results are unexpected

The Roman City and Its Periphery Penelope J. Goodman, 2006 The only monograph available on the subject this book presents

archaeological and literary evidence to provide students with a full and detailed treatment of the little investigated aspect of Roman urbanism the phenomenon of suburban development **Metropolis and Hinterland** Neville Morley, 2002-12-19

Ancient Rome was one of the greatest cities of the pre industrial era Like other such great cities it has often been deemed parasitic a drain on the resources of the society that supported it Rome s huge population was maintained not by trade or manufacture but by the taxes and rents of the empire It was the archetypal consumer city However such a label does not do full justice to the impact of the city on its hinterland This book examines the historiography of the consumer city model and reappraises the relationship between Rome and Italy Drawing on archaeological work and comparative evidence the author shows how the growth of the city can be seen as the major influence on the development of the Italian economy in this period as its demands for food and migrants promoted changes in agriculture marketing systems and urbanisation throughout the peninsula **List of Books for a College Art Library** College Art Association of America. Committee on Books for the College Art Library, 1929 **Gardens and Neighbors** Cynthia Jordan Bannon, 2010-02-22 The first in depth study of Roman water rights in Italy **Garden Cities and Town Planning** , 1927 **The English Catalogue of Books [annual]** Sampson Low, 1928 Vols for 1898 1968 include a directory of publishers
