**Martin Goodman**

## **Roman Britain A Sourcebook:**

**Roman Britain** S. Ireland,1996 This revised edition of the classic text of the period provides both the student and the specialist with an informative account of post Roman English society      **Roman Britain** Stephen R. Hill,S. Ireland,1996 A concise introduction to Roman Britain      **Roman Britain** Stanley Ireland,2008-12-08 Roman Britain A Sourcebook has established itself as the only comprehensive collection of source material on the subject It incorporates literary numismatic and epigraphic evidence for the history of Britain under Roman rule as well as translations of major literary sources This new edition includes not only recently discovered material but also the texts of Caesar s commentaries on his expeditions to Britain in 55 and 54 BC as well as relevant sections of Tacitus biography of his father in law former governor of Britain The inclusion of these pivotal texts which provide the most detailed account of the Romans campaigns in Britain significantly underlies the volume s usefulness to all students of Roman Britain Though most of the material is arranged chronologically there are also thematic sections on geography religion and social and economic activity Each section is prefaced by an introductory note and the inclusion of illustrations and maps enhances the attractiveness of this updated collection as a teaching tool and a work of reference      **Roman Britain** ,1959      **Edinburgh Companion to Ancient Greece and Rome** Edward Bispham,2006-07-24 The Edinburgh Companion newly available in paperback is a gateway to the fascinating worlds of ancient Greece and Rome Wide ranging in its approach it demonstrates the multifaceted nature of classical civilisation and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines from philosophy to history from poetry to archaeology from art history to numismatics and many more      **Roman Officers and English Gentlemen** Richard Hingley,2013-04-15 This landmark book shows how much Victorian and Edwardian Roman archaeologists were influenced by their own experience of empire in their interpretation of archaeological evidence This distortion of the facts became accepted truth and its legacy is still felt in archaeology today While tracing the development of these ideas the author also gives the reader a thorough grounding in the history of Roman archaeology itself      Law in the Roman Provinces Kimberley Czajkowski,Benedikt Eckhardt,Meret Strothmann,2020-06-10 The study of the Roman Empire has changed dramatically in the last century with significant emphasis now placed on understanding the experiences of subject populations rather than a sole focus on the Roman imperial elites Local experiences and interactions between periphery and centre are an intrinsic component in our understanding of the empire s function over and against the earlier top down model But where does law fit into this new decentralized picture of empire This volume brings together internationally renowned scholars from both legal and historical backgrounds to study the operation of law in each region of the Roman Empire from Britain to Egypt from the first century BCE to the end of the third century CE Regional specificities are explored in detail alongside the emergence of common themes and activities in a series of case studies that together reveal a new and wide ranging picture of law in the Roman Empire balancing the practicalities of regional variation with the

ideological constructs of law and empire      **The Romans and Their World** Brian Campbell, 2020-10-07 A concise and accessible account of one of the largest longest lasting and most influential empires in world history ancient Rome This one volume history of the Roman world begins with the early years of the republic and carries the story nearly a thousand years forward to 476 when Romulus Augustus the last Western Roman emperor was deposed Brian Campbell respected scholar and teacher presents a fascinating and wide ranging introduction to Rome drawing on an array of ancient sources and covering topics of interest to readers with little prior background in Roman history as well as those already familiar with the great civilization Campbell explores several themes including the fall of the republic the impact of colorful and diverse emperors on imperial politics the administrative structure of empire and the Roman army and how warfare affected the Roman world He also surveys cultural and social life including religion and the rise of Christianity Generously enhanced with maps and illustrations this book is a rich and inspiring account of a mighty civilization and the citizens who made it so A lucid survey of Roman history Adam Kirsch New Yorker One of the great joys of Campbell s unfailingly readable account is the readiness with which it returns to the Roman record drawing on ancient sources to give a lively and immediate feel for Roman life and culture Michael Kerrigan Scotsman Campbell masterfully discusses military affairs as expected from this scholar Excellent translations of ancient sources enliven the text Rare will be the scholar who also does not learn from Campbell P B Harvey Jr Choice      **The Romans Who Shaped Britain** Sam Moorhead, David Stuttard, 2016-08-02 A biographical history of the Romans who conquered and dominated Britain based on the latest archaeological evidence and original source material Here are the stories of the people who built and ruled Roman Britain from the eagle bearer who leaped off Caesar s ship into the waves at Walmer in 55BC to the last cavalry units to withdraw from the island under their dragon standards in the early fifth century AD Through the lives of its generals and governors this book explores the narrative of Britannia as an integral and often troublesome part of Rome s empire a hard won province whose mineral wealth and agricultural prosperity made it crucial to the stability of the West But Britannia did not exist in a vacuum and the authors set it in an international context to give a vivid account of the pressures and events that had a profound impact on its people and its history The authors discuss the lives and actions of the Roman occupiers against the backdrop of an evolving landscape where Iron Age shrines were replaced by marble temples and industrial scale factories and granaries sprang up across the countryside      **The Parisi** Peter Halkon, 2013-10-01 The Parisi were a tribe located somewhere within the present day East Riding of Yorkshire UK known from a brief reference by Ptolemy They were originally immigrants from Gaul and share their name with the tribe that occupied modern day France Fairly obvious from their name they gave the French capital its name The investigation of the Parisi began in the sixteenth and seventeenth centuries following the trend for antiquarian exploration elsewhere in Britain Before that the remains of Roman buildings encountered in medieval East Yorkshire were treated with little respect and used as a resource The Parisi tells this captivating story of the history of the

archaeology of The Parisi from the initial investigations in the sixteenth century right through to modern day investigations

The Roman World 44 BC-AD 180 Martin Goodman,2013-06-17 The Roman World 44 BC AD 180 deals with the transformation of the Mediterranean regions northern Europe and the Near East by the military autocrats who ruled Rome during this period The book traces the impact of imperial politics on life in the city of Rome itself and in the rest of the empire arguing that despite long periods of apparent peace this was a society controlled as much by fear of state violence as by consent Martin Goodman examines the reliance of Roman emperors on a huge military establishment and the threat of force He analyses the extent to which the empire functioned as a single political economic and cultural unit and discusses region by region how much the various indigenous cultures and societies were affected by Roman rule The book has a long section devoted to the momentous religious changes in this period which witnessed the popularity and spread of a series of elective cults and the emergence of rabbinic Judaism and Christianity from the complex world of first century Judaea This book provides a critical assessment of the significance of Roman rule for inhabitants of the empire and introduces readers to many of the main issues currently faced by historians of the early empire This new edition incorporating the finds of recent scholarship includes a fuller narrative history expanded sections on the history of women and slaves and on cultural life in the city of Rome many new illustrations an updated section of bibliographical notes and other improvements designed to make the volume as useful as possible to students as well as the general reader *Un-Roman Sex* Tatiana Ivleva,Rob

Collins,2020-04-23 Un Roman Sex explores how gender and sex were perceived and represented outside the Mediterranean core of the Roman Empire The volume critically explores the gender constructs and sexual behaviours in the provinces and frontiers in light of recent studies of Roman erotic experience and flux gender identities At its core it challenges the unproblematised extension of the traditional Romano Hellenistic model to the provinces and frontiers Did sexual relations and gender identities undergo processes of provincialisation or barbarisation similar to other well known aspects of cultural negotiation and syncretism in provincial and border regions for example in art and religion The 11 chapters that make up the volume explore these issues from a variety of angles providing a balanced and rounded view through use of literary epigraphic and archaeological evidence Accordingly the contributions represent new and emerging ideas on the subject of sex gender and sexuality in the Roman provinces As such Un Roman Sex will be of interest to higher level undergraduates and graduates academics studying the Roman empire gender and sexuality in the ancient world and at the Roman frontiers

The Roman Army Pat Southern,2007 This volume spans over a thousand years as it offers a picture of one of the world s most noted fighting forces paying special attention to the life of the common soldier from publisher description *Daily Life in Arthurian Britain* Deborah J. Shepherd,2013-08-12 This book surveys current archaeological and historical thinking about the dimly understood characteristics of daily life in Great Britain during the fifth and sixth centuries Arthurian legends are immensely popular and well known despite the lack of reliable documentation about this time period in Britain As a result

historians depend upon archaeologists to accurately describe life during these two centuries of turmoil when Britons suffered displacement by Germanic immigrants Daily Life in Arthurian Britain examines cultural change in Britain through the fifth and sixth centuries anachronistically known as The Dark Ages with a focus on the fate of Romano British culture demographic change in the northern and western border lands and the impact of the Germanic immigrants later known as the Anglo Saxons The book coalesces many threads of current knowledge and opinion from leading historians and archaeologists describing household composition rural and urban organization food production architecture fashion trades and occupations social classes education political organization warfare and religion in Arthurian times The few available documentary sources are analyzed for the cultural and historical value of their information **Julius Caesar** Philip

Freeman,2008-05-13 More than two thousand years after his death Julius Caesar remains one of the great figures of history He shaped Rome for generations and his name became a synonym for emperor not only in Rome but as far away as Germany and Russia He is best known as the general who defeated the Gauls and doubled the size of Rome s territories But as Philip Freeman describes in this fascinating new biography Caesar was also a brilliant orator an accomplished writer a skilled politician and much more In this biography Freeman presents Caesar in all his dimensions and contradictions With

remarkable clarity and brevity Freeman shows how Caesar dominated a newly powerful Rome and shaped its destiny This book will captivate readers discovering Caesar and ancient Rome for the first time as well as those who have a deep interest in the classical world **BOOK JACKET Maritime Kent Through the Ages** Stuart Bligh,Sheila Sweetinburgh,Elizabeth Clare Edwards,2021 A wide ranging history of the geography and communities of Kent from the earliest times to the present day Kent with its long coastline and its important geopolitical position close to London and continental Europe and on major trading routes between Britain and the wider world has had a very significant maritime history This book covers a wide range of topics relating to that history from the earliest times to the present day It sets Kent s varied coastline and waters in their geological and geographical context showing how erosion and sediment deposition have contributed to the changing nature of maritime activities and populations It examines Kent s strategic role in the defence of the country with the development and redevelopment of coastal defences including four naval dockyards It goes on to consider the supporting industries which grew up around the coastline those which supplied raw materials and agricultural products from the county s hinterland and its wider national and international trading links It also discusses the diverse coastal communities of Kent and how they have changed in response to the demands of defence trade and changing population and migration patterns In addition the book includes detailed case studies which explore particular subject areas as exemplars of the major themes covered by the book

The Romans Antony Kamm,1995 Comprehensive survey of the civilization of ancient Rome **British and Irish Archaeology** ,1994 *KOINON I*, 2018 Shawn Caza,Lloyd W.H. Taylor,2018-10-31 *KOINON* is a new international journal that encourages contributions to the study of classical numismatics from a wide variety of perspectives **Celts, Romans,**

**Britons** Francesca Kaminski-Jones, Rhys Kaminski-Jones, 2020 This book investigates the ways in which ideas associated with the Celtic and the Classical have been used to construct identities national ethnic regional etc in Britain from the period of the Roman conquest to the present day
