The Roman Gaze David Fredrick, 2002-11-18 Sharrock William C Fitzgerald University of California Berkeley American Historical Review      **Papers Presented at the Fifteenth International Conference on Patristic Studies Held in Oxford 2007** Jane Baun, 2010      **Masculinity and Dress in Roman Antiquity** Kelly Olson, 2017-05-08 In *Masculinity and Dress in Roman Antiquity* Olson argues that clothing functioned as part of the process of communication by which elite male influence masculinity and sexuality were made known and acknowledged and furthermore that these concepts interconnected in socially significant ways This volume also sets out the details of masculine dress from literary and artistic evidence and the connection of clothing to rank status and ritual This is the first monograph in English to draw together the myriad evidence for male dress in the Roman world and examine it as evidence for men's self presentation status and social convention      **Unmanly Men** Brittany E. Wilson, 2015 New Testament scholars typically assume that the men who pervade the pages of Luke's two volumes are models of an implied manliness Scholars rarely question how Lukan men measure up to ancient masculine mores even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines Drawing especially from gender critical work in classics Brittany Wilson addresses this lacuna by examining key male characters in Luke Acts in relation to constructions of masculinity in the Greco Roman world Of all Luke's male characters Wilson maintains that four in particular problematize elite masculine norms namely Zechariah the father of John the Baptist the Ethiopian eunuch Paul and above all Jesus She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control two interrelated male gender norms Indeed Zechariah loses his ability to speak the Ethiopian eunuch is castrated Paul loses his ability to see and Jesus is put to death on the cross With these bodily violations Wilson argues Luke points to the all powerful nature of God and in the process reconfigures or refigures men's own claims to power Luke however not only refigures the so called prerogative of male power but he refigures the parameters of power itself According to Luke God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine Thus for Luke real men look manifestly unmanly Wilson's findings in *Unmanly Men* will shatter long held assumptions in scholarly circles and beyond about gendered interpretations of the New Testament and how they can be used to understand the roles of the Bible's key characters      **The Oxford Handbook of Sport and Spectacle in the Ancient World** Alison Futrell, Thomas Francis Scanlon, 2021 Examines the history of ancient sport and spectacle in Greece and Rome as well as issues of class civic contexts spaces health gender and sexuality Blends Greek and Roman topics to illuminate tensions and complementarities between different social and political contexts Authoritative scholars present novel insights and new avenues of research to give readers contemporary interpretations of Greek sport and Roman spectacle Book jacket      The Arena of Satire David H. J. Larmour, 2016-01-04 In this first comprehensive reading of Juvenal's satires in more than fifty years David H J Larmour deftly revises and sharpens our

understanding of the second century Roman writer who stands as the archetype for all later practitioners of the satirist's art. The enduring attraction of Juvenal's satires is twofold: they not only introduce the character of the angry satirist but also offer vivid descriptions of everyday life in Rome at the height of the Empire. In Larmour's interpretation, these two elements are inextricably linked. The Arena of Satire presents the satirist as flaneur traversing the streets of Rome in search of its authentic core: those distinctly Roman virtues that have disappeared amid the corruption of the age. What the vengeful punishing satirist does to his victims, as Larmour shows, echoes what the Roman state did to outcasts and criminals in the arena of the Colosseum. The fact that the arena was the most prominent building in the city and is mentioned frequently by Juvenal makes it an ideal lens through which to examine the spectacular and punishing characteristics of Roman satire. And the fact that Juvenal undertakes his search for the uncorrupted authentic Rome within the very buildings and landmarks that make up the actual corrupt Rome of his day gives his sixteen satires their uniquely paradoxical and contradictory nature. Larmour's exploration of the arena of satire guides us through Juvenal's search for the true Rome, winding from one poem to the next. He combines close readings of passages from individual satires with discussions of Juvenal's representation of Roman space and topography, the nature of the arena experience, and the network of connections among the satirist, the gladiator, and the editor or producer of Colosseum entertainments. The Arena of Satire also offers a new definition of Juvenalian satire as a particular form arising from the intersection of the body and the urban landscape, a form whose defining features survive in the works of several later satirists, from Jonathan Swift and Evelyn Waugh to contemporary writers such as Russian novelist Victor Pelevin and Irish dramatist Martin McDonagh.

The Fall of Cities in the Mediterranean Mary R. Bachvarova, Dorota Dutsch, Ann Suter, 2016-02-15. A body of theory has developed about the role and function of memory in creating and maintaining cultural identity. Yet there has been no consideration of the rich Mediterranean and Near Eastern traditions of laments for fallen cities in commemorating or resolving communal trauma. This volume offers new insights into the trope of the fallen city in folk song and a variety of literary genres. These commemorations reveal memories modified by diverse agendas and contain narrative structures and motifs that show the meaning of memory making about fallen cities. Opening a new avenue of research into the Mediterranean genre of city lament, this book examines references to or reworkings of otherwise lost texts or ways of commemorating fallen cities in the extant texts, and with greater emphasis than usual on the point of view of the victors.

The Routledge Handbook of Ecofeminism and Literature Douglas A. Vakoch, 2022-09-19. The Routledge Handbook of Ecofeminism and Literature explores the interplay between the domination of nature and the oppression of women, as well as liberatory alternatives, bringing together essays from leading academics in the field to facilitate cutting-edge critical readings of literature. Covering the main theoretical approaches and key literary genres of the area, this volume includes examination of ecofeminism through the literatures of a diverse sampling of languages, including Hindi, Chinese, Arabic, and Spanish, as well as native speakers of Tamil.

Pandey, 2018-10-11

Augustus's success in implementing monarchical rule at Rome is often attributed to innovations in the symbolic language of power from the star marking Julius Caesar's deification to buildings like the Palatine complex and the Forum Augustum to rituals including triumphs and funerals This book illuminates Roman subjects' vital role in creating and critiquing these images in keeping with the Augustan poets' sustained exploration of audiences' active part in constructing verbal and visual meaning From Vergil to Ovid these poets publicly interpret debate and disrupt Rome's evolving political iconography reclaiming it as the common property of an imagined republic of readers In showing how these poets used reading as a metaphor for the mutual constitution of Augustan authority and a means of exercising interpretive *libertas* under the principate this book offers a holistic new vision of Roman imperial power and its representation that will stimulate scholars and students alike      *Dressing Judeans and Christians in Antiquity* Kristi Upson-Saia, Carly Daniel-Hughes, Alicia J. Batten, 2016-05-13

The past two decades have witnessed a proliferation of scholarship on dress in the ancient world These recent studies have established the extent to which Greece and Rome were vestimentary cultures and they have demonstrated the critical role dress played in communicating individuals' identities status and authority Despite this emerging interest in ancient dress little work has been done to understand religious aspects and uses of dress This volume aims to fill this gap by examining a diverse range of religious sources including literature art performance coinage economic markets and memories Employing theoretical frames from a range of disciplines contributors to the volume demonstrate how dress developed as a *topos* within Judean and Christian rhetoric symbolism and performance from the first century BCE to the fifth century CE Specifically they demonstrate how religious meanings were entangled with other social logics revealing the many layers of meaning attached to ancient dress as well as the extent to which dress was implicated in numerous domains of ancient religious life      Space, Movement, and Visibility in Pompeian Houses Michael Anderson, 2022-12-31

This volume examines the pivotal role of movement visibility and experience within Pompeian houses as a major factor determining house form the use of space and the manner meaning and modalities of domestic daily life through the

application of GIS based analysis Through close consideration of ancient literature detailed explanations of methodology and exploration of results Michael Anderson provides new perspectives on Pompeian domestic space including room types and household activities that rarely feature in the discussion of ancient housing Readers gain a better understanding of priorities in the design of Pompeian houses the degree to which daily life was interrupted by earthquake damage in the site s final years and evolving motivations behind wall painting decoration The volume not only explores how Pompeian houses reflected the needs of everyday life as imagined by their architects but also how these spaces served to influence and control daily activities and ultimately how they were transformed by the spatial and visual requirements of domestic life Space Movement and Visibility in Pompeian Houses is suitable for students and scholars of Pompeian houses and domestic life Roman architecture and urbanism and spatial analysis and space syntax **And the Sages Did Not Know** Sarra Lev,2024-01-02

This book explores the question How did the rabbis of the first two centuries CE approach bodies that are born with variant genitals bodies that they could not identify as definitely male or female The rabbis had constructed a system in which every behavior was governed by one s sex gender posing a conundrum both for people who did not fit into that model and for the rabbinic enterprise itself Despite this their texts contain dozens of references to intersex **And the Sages Did Not Know** examines the rabbis legal texts and concludes that they had multiple approaches to intersex people Sarra Lev analyzes seven different rabbinic responses to this conflict of their own making Through their rulings on how intersex people should conduct themselves in multiple circumstances the early rabbis treat intersex people as unidentifiable males or females as indeterminate as male as non gendered as sui generis as part male part female as a sustainable paradox and finally as a way for them to think about gender having nothing to do with intersex people themselves This is the first such work that concentrates primarily on the potential effects of these rabbinic texts on intersex persons themselves rather than focusing on what the texts offer readers whose interest is rabbinic approaches to sex and gender or gender diversity Although the rabbinic texts do not include the voices of known intersex people these materials do offer us a window into how one small group of people approached intersex bodies and how those approaches were both similar to and different from those we recognize today Aesthetic Experiences and Classical Antiquity Jonas Grethlein,2017-11-02 In this bold book Jonas

Grethlein proposes a new dialogue between the fields of Classics and aesthetics Ancient material he argues has the capacity to challenge and re orientate current debates Comparisons with modern art and literature help to balance the historicism of classical scholarship with transcultural theoretical critique Grethlein discusses ancient narratives and pictures in order to explore the nature of aesthetic experience While our responses to both narratives and pictures are vicarious the as if on which they are premised is specifically shaped by the form of the representation Form emerges as a key to how narratives and pictures constitute an important means of engaging with experience Combining theoretical reflections with close readings this book will appeal to art historians as well as to textual scholars **Beware the Evil Eye Volume 2** John H.

Elliott,2016-01-22 In the present volume Elliott addresses the most extensive sources of Evil Eye belief in antiquity the cultures of Greece and Rome In this period features of the belief found in Mesopotamian and Egyptian sources are expanded to the point where an Evil Eye belief complex becomes apparent This complex of features associated with the Evil Eye human eye as key organ of information eye as active not passive eye as channel of emotion and dispositions especially envy arising in the heart possessors victims defensive strategies and amulets is essential to an understanding of the literary references to the Evil Eye This volume along with chapter 2 of volume 1 sets and illuminates the context for examining Evil Eye belief and practice in the Bible and the biblical communities the focus of volume 3     *The Politics of Viewing in Xenophon's Historical Narratives* Rosie Harman,2023-01-12 This book considers cultural identity and power relations in early fourth century BCE Greece through a reading of Xenophon's historical narratives the Hellenica Anabasis and Cyropaedia These texts depict conflicts between Greek states conflicts between Greeks and non Greeks and relations between the elite individual and society In all three texts politically significant moments are imagined in visual terms We witness spectacles of Spartan military victory vistas of Asian landscape or displays of Persian imperial pomp and historical protagonists are presented as spectators viewing and responding to events Through this visual form of narration the reader is encouraged imaginatively to place themselves in the position of the historical protagonists In viewing events from different perspectives and therefore occupying multiple often conflicting political positions the reader not only experiences the problems faced by historical actors but becomes engaged in the political conflicts acted out in the narratives The reader is prompted to take pleasure in the sight of Panhellenic achievement but also to witness the divisions and conflicts between Greeks on class and ethnic lines Similarly the reader is invited to identify with spectacular Greek and non Greek figures of power as emblems of Greek imperial potential but also to see through the eyes of those communities subjugated at their hands The depiction of spectacles and spectators draws the reader into an active participation in the ideological contradictions of their time in a period when Panhellenic aspiration co existed with hegemonic competition between Greek states and when Greeks could be both beneficiaries and victims of imperialism     *Preaching Bondage* Chris L. De Wet,2025-04-29 *Preaching Bondage* introduces and investigates the novel concept of doulology the discourse of slavery in the homilies of John Chrysostom the late fourth century priest and bishop Chris L de Wet examines the dynamics of enslavement in Chrysostom's theology virtue ethics and biblical interpretation and shows that human bondage as a metaphorical and theological construct had a profound effect on the lives of institutional slaves The highly corporeal and gendered discourse associated with slavery was necessarily central in Chrysostom's discussions of the household property education discipline and sexuality De Wet explores the impact of doulology in these contexts and disseminates the results in a new and highly anticipated language bringing to light the more pervasive fissures between ancient Roman slaveholding and early Christianity The corpus of Chrysostom's public addresses provides much of the literary evidence for slavery in the fourth century and De Wet's convincing analysis is a

groundbreaking contribution to studies of the social world in late antiquity **Brill's Companion to Aphrodite** Amy C. Smith, Sadie Pickup, 2010-03-25 Brill's Companion to Aphrodite brings together an international and multidisciplinary team of experts in the study of Aphrodite one of the best known yet ambiguous and complex Graeco Roman deities The contributions which reevaluate conventional approaches to this remarkable goddess are thematically grouped in four parts according to aspects of the goddess Aphrodite's Identity Aphrodite's Companions and Relations The Spread of Aphrodite's Cults and The Reception of the Goddess Each part draws on literary and visual sources incorporates Greek Roman and later material and ranges across places and periods from prehistoric Cyprus and the Near East to the antiquities market in 19th century France This book therefore crosses interdisciplinary boundaries as well as the multiple aspects and characteristics of the goddess

**Being Subordinate Men** Brian J. Robinson, 2018-11-15 Being Subordinate Men offers a gender critical examination of Paul's use of gender and power in the argument of 1 Corinthians By elevating femininity and misperforming masculinity Paul consistently undermines first century Roman norms of masculinity Such norms of masculinity would have allowed some of the higher status men among the Corinthian believers to occupy positions of power that would give them control over lower status members of the community Instead of supporting such a patriarchal model Paul articulates a form of masculinity that would require these higher status men to abandon their positions of power and occupy positions that would put them on equal status with women and men whose bodies and identities forced them to the margins of society Such a move subverts forms of toxic or hegemonic masculinity that give a select few men power over the bodies of others Instead of a toxic masculinity Paul commands the men in his audience to embody a failed or subordinate masculinity This failed masculinity not only imitates Paul's own subordinate masculinity seen in his embrace of feminine imagery and his failure to live up to first century Roman norms of masculinity but also supports Paul's main reason for writing 1 Corinthians by confronting the factionalism that threatens to destroy the believing community Paul's vision for the believing community is one of equality that centers itself in imitation of the crucified body of Jesus a body that demonstrates that equality not domination is the path to the kingdom of God **The Routledge Handbook of Classics and Queer Theory** Ella Haselswerdt, Sara H.

Lindheim, Kirk Ormand, 2023-09-29 New directions in queer theory continue to trouble the boundaries of both queerness and the classical leading to an explosion of new work in the vast and increasingly uncharted intersection between these disciplines which this interdisciplinary volume seeks to explore This handbook convenes an international group of experts who work on the classical world and queer theory The discipline of Classics has been involved with and implicated in queer theory from the start By placing front and center the rejection of heteronormativity queer theory has provided Classics with a powerful tool for analyzing non normative sexual and gender relations in the ancient West while Classics offers queer theory ancient material such as literature visual arts and social practices that challenges a wide range of modern normative categories The collection demonstrates the vitality of this particular moment in queer classical studies featuring an expansive

array of methodologies applied to the interdisciplinary field of Classics Embracing the indeterminacy that lies at the core of queer studies the essays in this volume are organized not by chronology or genre but rather by overlapping categories under the following rubrics queer subjectivities queer times and places queer kinships queer receptions and ancient pasts queer futures The Routledge Handbook of Classics and Queer Theory offers an invaluable collection for anyone working on queer theory especially as it applies to premodern periods it will also be of interest to scholars engaging with the history of sexuality both in the ancient world and more broadly

Ovid on Cosmetics Marguerite Johnson, 2016-01-28 The *Medicamina Faciei Femineae* is a didactic elegy that showcases an early example of Ovid's trademark combination of poetic instruction and trivial subject matter Exploring female beauty and cosmeceuticals with particular emphasis on the concept of *cultus* the poem presents five practical recipes for treatments for Roman women Covering both didactic parody and pharmacological reality this deceptively complex poem possesses wit and vivacity and provides an important insight into Roman social mores and day to day activities The first full study in English devoted to this little researched but multi faceted poem *Ovid on Cosmetics* includes an introduction that situates the poem within its literary heritage of didactic and elegiac poetry its place in Ovid's oeuvre and its relevance to social values personal aesthetics and attitudes to female beauty in Roman society The Latin text is presented on parallel pages alongside a new translation and all Latin words and phrases are translated for the non specialist reader Detailed commentary notes elucidate the text and individual phrases still further *Ovid on Cosmetics* presents and explicates this witty subversive yet significant poem Its attention to the technicalities of cosmeceuticals and cosmetics including detailed analyses of individual ingredients and the effects of specific creams and makeup make this work a significant contribution to the beauty industry in antiquity
