**Cinematic Cold War** Tony Shaw, Denise J. Youngblood, 2014-08-15 The Cold War was as much a battle of ideas as a series of military and diplomatic confrontations and movies were a prime battleground for this cultural combat As Tony Shaw and Denise Youngblood show Hollywood sought to export American ideals in movies like Rambo and the Soviet film industry fought back by showcasing Communist ideals in a positive light primarily for their own citizens The two camps traded cinematic blows for more than four decades The first book length comparative survey of cinema s vital role in disseminating Cold War ideologies Shaw and Youngblood s study focuses on ten films five American and five Soviet that in both obvious and subtle ways provided a crucial outlet for the global debate between democratic and communist ideologies For each nation the authors outline industry leaders structure audiences politics and international reach and explore the varied relationships linking each film industry to its respective government They then present five comparative case studies each pairing an American with a Soviet film Man on a Tightrope with The Meeting on the Elbe Roman Holiday with Spring on Zarechnaya Street Fail Safe with Nine Days in One Year Bananas with Officers Rambo First Blood Part II with Incident at Map Grid 36 80 Shaw breathes new life into familiar American films by Elia Kazan and Woody Allen while Youngblood helps readers comprehend Soviet films most have never seen Collectively their commentaries track the Cold War in its entirety from its formative phase through periods of thaw and self doubt to the resurgence of mutual animosity during the Reagan years and enable readers to identify competing core propaganda themes such as decadence versus morality technology versus humanity and freedom versus authority As the authors show such themes blurred notions regarding propaganda and entertainment terms that were often interchangeable and mutually reinforcing during the Cold War Featuring engaging commentary and evocative images from the films discussed Cinematic Cold War offers a shrewd analysis of how the silver screen functioned on both sides of the Iron Curtain As such it should have great appeal for anyone interested in the Cold War or the cinematic arts

elicited over a dozen Oscar winning performances from his actors Such exacting performers as Bette Davis Laurence Olivier and Charlton Heston counted him the best director they had worked with Yet during the era of the auteur theory his films fell out of fashion lacking it was said a distinctive stylistic and thematic signature This new critical study of Wyler s work the first in more than thirty years challenges the notion of Wyler s impersonality and offers a comprehensive reappraisal of his work particularly of the underrated postwar films It also provides a rebuttal of the auteurist criticism whose rigid categorization of directors cannot adequately encompass the range of someone like Wyler who put substance above style and had a breadth of human understanding that was not reducible to a cluster of characteristic themes Supported by archival research in Los Angeles the book traces the important milestones in Wyler s career the context of his films the importance of legendary producer Sam Goldwyn his distinguished war record and his principled opposition to blacklisting during the McCarthy era
