Romania And The Great Powers 1933 1940

Dennis Deletant

Romania And The Great Powers 1933 1940:

Romanian Policy Towards Germany, 1936-40 R. Haynes, 2016-01-20 This new book based on archival research contests the assumptions that Romania remained pro Western in the late 1930s and only joined the Axis as a result of Western negligence and German pressure Instead Germany was drawn by Romanian politicians into political and economic cooperation with Bucharest In the event this proved Romania s undoing Let down by her German protector she was forced to cede territory to the Soviet Union Hungary and Bulgaria Subsequently Romania was allowed into the alliance she sought with Germany *Interwar East Central Europe, 1918-1941* Sabrina Ramet, 2020-05-07 This monograph focuses on the challenges that interwar regimes faced and how they coped with them in the aftermath of World War One focusing especially on the failure to establish and stabilize democratic regimes as well as on the fate of ethnic and religious minorities Topics explored include the political systems and how they changed during the two decades under review land reform Church state relations and culture Countries studied include Poland Czechoslovakia Hungary Yugoslavia Romania Bulgaria and Albania Sabrina Ramet has assembled a team of highly respectable country specialists to offer a fresh and historiographically updated reading of interwar developments in East Central Europe The volume is bookended by two excellent comparative and theoretically informed essays carefully weighing the multiplicity of factors contributing to the instability of the interwar regimes As a result this survey succeeds admirably in producing a nuanced narrative and analysis Maria Todorova University of Illinois at Urbana Champaign USA Sabrina Ramet together with a roster of other eminent scholars has produced an exciting new history of interwar East Central Europe The volume has a clear focus on the failure of democracy 1918 to 1941 and on the bedeviling issues of ethnic minorities and of peasants the latter made up an overwhelming majority of much of the region s population The book will be of great interest to political scientists and historians of East Central Europe and of Europe more generally and it is perfect for classroom use Irina Livezeanu University of Pittsburgh USA [A Low, Dishonest Decade](#) Paul N. Hehn, 2005-09-26 Focusing on the rivalries among the Great Powers in the search for markets during the world depression of the 1930s the author surveys the five Major Powers and all the Eastern European countries from the Baltic to Turkey But he primarily canvases the economic situations in locations like Czechoslovakia Hungary Poland Romania and Yugoslavia **Romania, 1916-1941** Dennis Deletant, 2022-08-19 This study challenges the rose tinted view of the interwar period in Romanian history which is often judged against the darkness of almost five decades of Communist rule Romania like several of the states of Eastern Europe emerged from the First World War as it had entered it as a predominantly agricultural country and one of its major problems was the condition of the peasantry This volume s focus is the drive to improve that condition on the collapse of democracy and the search by Romania s leaders for strategies to secure the state to assert the country s independence and to maintain its territorial integrity in the face of the threat to the European order posed by two totalitarian systems represented by Nazi Germany and the Soviet Union By examining recent

scholarship this volume provides the most up to date account of Romania's predicament in the interwar years Romania 1916-1941 is a useful resource for upper level undergraduates postgraduates and scholars interested in foreign policy politics society internationalization and late development in interwar Central and Eastern Europe

Britain and Danubian Europe in the Era of World War II, 1933-1941 Andras Becker, 2021-03-24 This book is a study of British official attitudes towards the Danubian countries Hungary Czechoslovakia Romania and Yugoslavia from Hitler's rise to power in 1933 to the year 1941 a period that marked serious but fruitless British political and economic efforts to unite this unruly part of Europe against Nazi ascendancy Set against an international backdrop of regional revanchist revisionist and irredentist tendencies particularly in Hungary and Bulgaria the book explores how these movements affected international relations in the region as they aimed to overturn the territorial order set down in Versailles following the Great War to restore the status quo of a more glorious national past Offering fresh insights into the British East Central and South East European relationship the book charts the shifts in British official policy towards Danubian Europe amidst competing regional nationalisms and the sudden and abrupt shifts in British global priorities during the early part of World War II

Eastern Europe in the Twentieth Century - And After R. J. Crampton, 2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism this second edition of Eastern Europe in the Twentieth Century And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area Focusing on the attempt to create and maintain a functioning democracy this new edition now examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989-91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up to date bibliography Eastern Europe in the Twentieth Century And After provides an accessible introduction to this key area which is invaluable to students of modern and political history

Ceausescu and the Securitate Dennis Deletant, 2016-12-05 First Published in 2017 This book contains Deletant's research and view that an inescapable feature of life in Romania under Ceausescu was the ubiquity of the Securitate or the security police known officially for much of the period as the Department of State Security of the Ministry of the Interior He seeks to right the omission in Romanian literature until now of the mechanism of terror which Stalin used in Romania to enforce his will and about the organisation of the Department of State Security

The Remote Borderland Laszlo Kurti, 2001-07-19 The Remote Borderland explores the significance of the contested region of Transylvania to the creation of Hungarian national identity Author Laszlo Kurti illustrates the process by which European intellectuals politicians and artists locate their nation's territory embody it with meaning and reassert its importance at various historical junctures The book's discussion of the contested and negotiated nature of nationality in its East Central European setting reveals cultural assumptions profoundly mortgaged to twentieth century notions of home nation state and people The Remote Borderland shows that it is not only

important to recognize that nations are imagined but to note how and where they are imagined in order to truly understand the transformation of European societies during the twentieth century

Eastern Europe Sabrina P. Ramet, 1998 Eastern Europe addresses the emergence of uncertain pluralism in the region following the disintegration of the communist regimes in 1989 Taking a broad historical approach the volume considers issues and challenges that have marked Eastern Europe from 1939 through World War II and the era of socialism up to the present Eight comprehensive country studies are augmented by detailed assessments of economic developments security issues religious currents cultural policies and gender relations in the region

The Soviets, the Munich Crisis, and the Coming of World War II Hugh Ragsdale, 2004-01-22 The Munich crisis is everywhere acknowledged as the prelude to World War II If Hitler had been stopped at Munich then World War II as we know it could not have happened The subject has been thoroughly studied in British French and German documents and consequently we know that the weakness in the Western position at Munich consisted in the Anglo French opinion that the Soviet commitment to its allies France and Czechoslovakia was utterly unreliable What has never been seriously studied in the Western literature is the whole spectrum of East European documentation This book targets precisely this dimension of the problem The Romanians were at one time prepared to admit the transfer of the Red Army across their territory The Red Army mobilised on a massive scale was informed that its destination was Czechoslovakia The Polish consul in Lodavia reported the entrance of the Red Army into the country In the meantime Moscow focused especially on the Polish rail network All of these findings are new and they contribute to a considerable shift in the conventional wisdom on the subject

Crucible of Beliefs Dan Reiter, 2019-05-15 How do foreign policymakers learn from history When do states enter alliances Why have some small powers chosen to enter alliances whereas others have stayed neutral In *Crucible of Beliefs* Dan Reiter uses work in social psychology and organization theory to build a formative events model of learning in international politics History does inform the decisions of policymakers he suggests but it is history of a specific sort based on firsthand experience in major events such as wars Tested against balance of threat theory the leading realist explanation of alliance behavior Reiter's formative events model of learning emerges as a far better predictor of states decisions *Crucible of Beliefs* shows that contrary to balance of threat theory state leaders ignore the level of international threat and focus instead on avoiding past mistakes and repeating past successes A serious blow to realism these findings demonstrate that to understand the dynamics of world politics it is essential to know how leaders learn from history

Stalin's Failed Alliance Michael Jabara Carley, 2024-03-26 In the spring of 1936 the Soviet effort to build an anti Nazi alliance was failing Stalin continued nevertheless to support diplomatic efforts to stop Nazi aggression in Europe In *Stalin's Failed Alliance* the sequel to *Stalin's Gamble* Michael Jabara Carley continues his re evaluation of European diplomacy during the critical events between May 1936 and August 1939 This narrative history examines the great crises of the pre war period the Spanish Civil War Anschluss and Munich accords as well as both the last Soviet efforts to organize an anti Nazi alliance in the spring

summer of 1939 and Moscow's shocking volte face the signing of the Nazi Soviet non aggression pact Carley's history traces the lead up to the outbreak of war in Europe on 1 September 1939 and sheds light on the Soviet Union's efforts to organize a defensive alliance against Nazi Germany in effect rebuilding the anti German Entente of the First World War The author argues for the sincerity of Soviet overtures to the western European powers and that the non aggression pact was a last ditch response to the refusal of other states especially Britain and France to conclude an alliance with the USSR against Nazi Germany Drawing on extensive archival research in Soviet and Western archival papers Stalin's Failed Alliance aims to see the European crisis of the 1930s through Soviet eyes

British Clandestine Activities in Romania during the Second World War Dennis Deletant,2016-04-08 British Clandestine Activities in Romania during the Second World War is the first monograph to examine the activity throughout the entire war of SOE and MI6 It was generally believed in Britain's War Office after Hitler's occupation of Austria in March 1938 that Germany would seek to impose its will on South East Europe before turning its attention towards Western Europe Given Romania's geographical position there was little Britain could offer her The brutal fact of British Romanian relations was that Germany was inconveniently in the way opportunity proximity of manufacture and the logistics of supply all told in favour of the Third Reich This held of course for military as well as economic matters In these circumstances the British concluded that their only weapon against German ambitions in countries which fell into Hitler's orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany

Etatism and Diplomacy in Turkey Dilek Barlas,2023-11-20 This timely volume deals with Turkey's etatist policy and foreign relations in the early years after the fall of the Ottoman empire It elucidates the symbiotic relationship between Turkey's internal developments and its international strategies filling a gap in modern Turkish history by systematically researching an era which is practically untouched The first part of the book examines the theory and politics of etatism while the second part on Turkish diplomacy of the interwar period is especially important for diplomatic historians

Origins of the Second World War Reconsidered Gordon Martel,2002-02-07 When A J P Taylor's *The Origins of the Second World War* appeared in 1961 it made a profound impact The book became a classic and a central point of reference in all discussion on the Second World War The second edition of this distinguished collection written by leading experts in the field is designed to bring the state of the argument up to date The issues discussed include the legacy of the Treaty of Versailles Hitler's foreign policy Appeasement AJP Taylor and the Russians the treatment of the crises leading up to war including the Anschluss Danzig Abyssinian crises and the Spanish Civil War This second edition will ensure that *The Origins of the Second World War* will remain a high priority student and scholarly reading lists

Hitler's Crusade Lorna Waddington,2007-10-24 In the early hours of 22 June 1941 units of the Wehrmacht began to pour into the Soviet Union They were embarking on an undertaking long planned by Adolf Hitler Since the 1920s National Socialist doctrine had largely been determined by an intense hatred and hostility towards not only the Jews but also towards Bolshevism This ideology Lorna

Waddington argues had been identified by Hitler and his acolytes as the political poison concocted by the Jews in an attempt to impose as he saw it their own tyrannical domination across the globe This impressively researched book provides a sustained and detailed analysis of this crucial dimension to Hitler s Weltanschauung exploring several new avenues including the little known activities of the Antikomintern as well as offering fresh interpretations and new insights on well documented events Engaging a wide range of archival sources and supported by a voluminous secondary literature Waddington charts the origins and development of Hitler s crusade against international Bolshevism from his earliest political activities until deep into the Second World War Focussing on the function of anti Bolshevism in Nazi ideology foreign policy and external propaganda Waddington traces the links inferred by Hitler between the purported forces of World Jewry and revolutionary socialism She explains why by the mid 1920s anti Bolshevism had become a central tenet of Nazi ideology and examines the nature and function of anti Bolshevism as manifested in German external propaganda We discover how despite the shifting sands of international diplomacy Hitler s foreign policy throughout the 1930s and early 1940s remained firmly fixed on the eventual destruction and spoliation of the USSR the avowed ideological enemy and the epicentre of supposed Jewish Bolshevism Hitler s Crusade provides the definitive analysis of Hitler s attitude towards Bolshevism the destruction of which he was still describing in early 1945 as the *raison d'être* of the Nazi movement *Appeasement in Crisis* D.

Gillard,2007-09-12 After Munich the British Government expressed readiness to defend what remained of Czechoslovakia Six months later Hitler ignored the warning and faced only verbal condemnation A fortnight later Chamberlain s Cabinet tried and failed to protect Poland by a similar guarantee Their deliberations show how and why they had so miscalculated

Whose Democracy? Sabrina P. Ramet,1997 The years since the collapse of communism in 1989 have witnessed a dangerous renewal of religious intolerance and nationalist demands across Eastern Europe In this provocative application of moral philosophy to the analysis of contemporary political processes in the region Sabrina Ramet draws upon the literature of Natural Law to demonstrate that liberal democracy depends on a delicate balance between individual and societal rights Exploring the situation of Hungarians in Slovakia Albanians in Kosovo theoretically inclined Catholic bishops in Poland Serbs in Croatia and contending forces in post Dayton Bosnia Ramet contends that the terms of dispute in these cases can be deceptive She illustrates that claims made on the basis of what she calls the doctrine of collective rights actually subvert the liberal democratic project *Serbia and the Serbs in World War Two* Sabrina P. Ramet,2011-10-31 A valuable and objective reassessment of the role of Serbia and Serbs in WWII Today Serbian textbooks praise the Chetniks of Dra a Mihailovi and make excuses for the collaboration of Milan Nedi s regime with the Axis However this new evaluation shows the more complex and controversial nature of the political alliances during the period **1939** Michael Jabara Carley,1999 At a crucial point in the twentieth century as Nazi Germany prepared for war negotiations between Britain France and the Soviet Union became the last chance to halt Hitler s aggression Incredibly the French and British governments dallied talks failed

and in August 1939 the Soviet Union signed a nonaggression pact with Germany Michael Carley's gripping account of these negotiations is not a pretty story It is about the failures of appeasement and collective security in Europe It is about moral depravity and blindness about villains and cowards and about heroes who stood against the intellectual and popular tides of their time Some died for their beliefs others labored in obscurity and have been nearly forgotten In 1939 they sought to make the Grand Alliance that never was between France Britain and the Soviet Union This story of their efforts is background to the wartime alliance created in 1941 without France but with the United States in order to defeat a demonic enemy 1939 is based upon Mr Carley's longtime research on the period including work in French British and newly opened Soviet archives He challenges prevailing interpretations of the origins of World War II by situating 1939 at the end of the early cold war between the Soviet Union France and Britain and by showing how anti communism was the major cause of the failure to form an alliance against Hitler 1939 was published on September 1 the sixtieth anniversary of the Nazi invasion of Poland and the start of the war

The Enthralling World of E-book Books: A Thorough Guide Unveiling the Benefits of E-book Books: A World of Convenience and Versatility Kindle books, with their inherent mobility and ease of availability, have liberated readers from the constraints of physical books. Gone are the days of carrying cumbersome novels or meticulously searching for particular titles in bookstores. E-book devices, sleek and lightweight, seamlessly store an wide library of books, allowing readers to immerse in their favorite reads whenever, anywhere.
