Times New Romanian Nigel Shakespear, 2014-07-28 In Romania anything is possible, everything is impossible and nothing is ever as it seems. Times New Romanian provides a picture of Romania today through the individual first person narratives of people who chose to go and make a life in this country. Each chapter a voice, each story. In Times New Romanian provides readers with a look into the Romanian world, the way things work, the vitality of the people, the living heritage of rural traditions, ordinary life, sometimes dark, sometimes sublime, always interesting. In a land full of character and contradiction, there is a strong attraction for those with the spirit to meet the challenges where the one thing you can be sure of is the unpredictable. Life is not always easy. These stories will tell you why. If you want to know more about Romanians and their country, the voices in Times New Romanian make for an enjoyable and lively read. Inspired by Studs Terkel and Tony Parker, Nigel used their oral history style and his own experience in Romania to guide him in recording these interviews. International Handbook of Financial Literacy Carmela Aprea,Eveline Wuttke,Klaus Breuer,Noi Keng Koh,Peter Davies,Bettina Greimel-Fuhrmann,Jane S. Lopus,2016-03-24 This Handbook presents in depth research conducted on a myriad of issues within the field of financial literacy Split into six sections it starts by presenting prevalent conceptions of financial literacy before covering financial literacy in the policy context the state and development of financial literacy within different countries issues of assessment and evaluation of financial literacy approaches to teaching financial literacy and teacher training and teacher education in financial literacy In doing so it provides precise definitions of the construct of financial literacy and elaborates on the state and recent developments of financial literacy around the world to show ways of measuring and fostering financial literacy and to give hints towards necessary and successful teacher trainings The book also embraces the diversity in the field by revealing contrasting and conflicting views that cannot be bridged while at the same time making a contribution by re joining existing materials in one volume which can be used in academic discourse in research workshops in university lectures and in the definition of program initiatives within the wider field of financial literacy It allows for a landscape of financial literacy to be depicted which would foster the implementation of learning opportunities for human beings for sake of well being within financial living conditions The Handbook is useful to academics and students of the topic professionals in the sector of investment and banking and for every person responsible for managing his or her financial affairs in everyday life *Re-Configuring Romanian Culture on its Way Towards Modernity* Alexandra Chiriac,2022-09-26 As a direct result of an international conference organized in the year 2021 the volume tries to shed light on the way in which the translation activity contributed to the Romanian culture and language drawing from different traditions and cultures it came in contact with directly or indirectly and thus mingling the own Slavonic church

tradition with the new and revolutionary ideas of the Western world and using this mix to modernise the society language and the politics in this region Furthermore this eclectic collection of articles highlights the fact that it was neither the exclusive merit of the Transylvanian scholars nor of the Moldavian or Wallachian ones to have contributed decisively to the formation of the national consciousness and to the standardisation of the language but it was rather the collaboration the circulation of people and ideas that furthered the modernity in all three Romanian Principalities Without disregarding the regional specificity of the Romanian Enlightenment the volume focuses on the interconnections of the agents involved in the cultural transfer on the networks they created for the dissemination of knowledge and political thought and on the common effort to render the new ideas and concepts of the foreign cultures in a national language that could be accessible to the Romanians
