**Romanism and the Reformation from the Standpoint of Prophecy ...** Henry Grattan Guinness,1893      **Romanism and the Reformation** Henry Grattan Guinness,2017-04-17 In this exceptional manual Henry Grattan Guinness focuses upon the early church beliefs with examinations of the books of Daniel Paul and John Guinness writes in a lively and energetic style which today serves to keep his books accessible to the modern generations The various lore of the New Testament and the prophecies which the books within it predicted remain a topic of fascination to religious scholars and Christian believers alike Romanism is a negative term for Catholicism which in the late 19th century received strong opposition from various Protestant denominations Guinness cites the words and writings of the ancient saints of the early church as evidence that the Catholic church became the embodiment of Babylon as depicted in the Book of Revelation This title is adapted from a series of lectures Guinness delivered during the late 19th century at the Protestant Educational Institute at Exeter Hall This building in central London was later demolished in 1907 hitherto becoming famous for hosting various seminars in the spirit of social change and reforms It was thus that Guinness with his unique and convincing interpretations of the Bible was welcomed with open arms Perhaps most notably is the assertion by Guinness which he supports with citations of the original scripture that the Bible predicted the coming of the Antichrist Writing so ably Guinness renders a subject often impenetrable or mysterious digestible and accessible His beliefs that the Holy Roman Empire had a great role in fulfilling the prophecies is much discussed and supported by citation of both scripture and events in history      **Romanism and the Reformation** H. Reformation from the Standpoint of Prophecy H Grattan Guinness argues that the Protestant Reformation was a necessary response to the errors and corruptions of the Roman Catholic Church as foretold in biblical prophecy He contends that the Reformation based on Scripture exposed these errors and gave the Bible back to the world Guinness calls for a fresh examination of prophetic anti papal truth to guide Christians in an age of increasing indifference to the differences between truth and error Romanism and the Reformation From the Standpoint of Prophecy [microform] H Grattan (Henry Grattan)
