

# Early Christianity

- Early in Christianity's history, Christians were persecuted by the Romans
- Christians refused to worship Roman Gods and to recognize the emperor as a God
- Romans saw it as inciting rebellion and reducing the power of the Roman government
- Despite this persecution, by 4<sup>th</sup> century (300's) about 10 percent of the population in the Roman Empire were Christians

First it provides a general introduction to the subjects of martyrdom and persecution in the early church complete with specific analyses of several important ancient documents and lists of primary sources such as apologies, martyrologies and exhortations to martyrdom. Second, after laying this historical groundwork, the module explains how to play a role playing game that offers a chance to reenact the famous Neronian Persecution of AD 64. The Parting of the Ways Stephen Spence, 2004. This book seeks to inject into the general discussion of the Parting of the Ways of Judaism and Christianity the social realities of the separation of a particular Christian community and a particular Jewish community. By drawing upon the literary and the historical data available concerning the church in Rome, Spence seeks to discover when and how Christians came to see themselves as an identifiably distinct community. His findings will surprise those who see the Parting of the Ways as a slow process. He argues that although the parting was early, it was not without its complications. Drawing upon the work of Rodney Stark, a sociologist of religion, Spence suggests that within the church in Rome there was a struggle between those who saw the church as a Jewish sect and those who saw the church as a Roman cult, a struggle already underway when the Apostle Paul wrote Romans. This struggle, however, was not an even one because it was the cultists, those for whom the church's primary social location was the pagans of Rome who held the positions of power over the numerically smaller sectarians who sought to maintain the church's primary identity as a Jewish sect acceptable within the synagogues of Rome.

*The Mystery of Romans* Mark D.

Nanos,1996-01-01 Paul's letter to the Romans says Paul is an example of Jewish correspondence addressing believers in Jesus who are steeped in Jewish ways whether of Jewish or gentile origin Arguing against those who think Paul was an apostate from Judaism Nanos maintains Paul's continuity with his Jewish heritage Several key arguments here are Those addressed in Paul's letter were still an integral part of the Roman synagogue communities The weak are non-Christian Jews while the strong included both Jewish and gentile converts to belief in Jesus Paul as a practicing devout Jew insists on the rules of behavior for the righteous gentiles Christian subordination to authorities Romans 13:1-7 is intended to enforce submission to leaders of the synagogues not Roman government officials Paul behaves in a way to confirm the very Jewish portrait of him in Acts going first to the synagogues

Early Christians Adapting to the Roman Empire Niko Huttunen,2020 In Early Christians Adapting to the Roman Empire Mutual Recognition Niko Huttunen challenges the interpretation of early Christian texts as anti-imperial documents He presents examples of the positive relationship between early Christians and the Roman society With the concept of recognition Huttunen describes a situation in which the parties can come to terms with each other without full agreement Huttunen provides examples of non-Christian philosophers recognizing early Christians He claims that recognition was a response to Christians who presented themselves as philosophers Huttunen reads Romans 13 as a part of the ancient tradition of the law of the stronger His pioneering study on early Christian soldiers uncovers the practical dimension of recognizing the empire

### **Exploring Romans**

George R. Knight,2010 Romans is one of the few books in the New Testament that was not composed as a pastoral response to specific localized problems Instead this letter was written primarily to challenge and ultimately correct widespread misunderstandings about Christianity held by mid-first-century believers Some of these beliefs are embraced even now Paul's central focus in Romans is the means of obtaining salvation Point by point he systematically builds his case by articulating who needs salvation and why the role of the law God's response to the sin problem resolution of the legal issues presented by sin and the effect each has on the Christian's life This devotional commentary divides the entire text into short passages that are followed by a detailed user-friendly exegetical explanation and practical application to everyday life The lives of such men as Martin Luther and John Wesley whose writings helped shape Western history were changed by the study of Romans It will change your life as well Book jacket
