The Foreign Quarterly Review , 1832 *Politics and Narratives of Birth* Carol A. Mossman, 1993-04 This book is a feminist analysis which combines a psychoanalytic perspective on catastrophic birth with the politics of reproduction in the emergent democracy of nineteenth century France It focuses on three major thinkers whose personal relation to origins is problematic Rousseau Constant and Stendhal and also includes a broad reading of the nineteenth century novel within the frame of pathological generation giving special attention to works by Michelet and Zola Professor Mossman identifies important areas of interaction between production and reproduction at the level of aesthetic form and between private birth related discourse and the ideology of the birth of democracy Within the context of the collapse of ancien regime France the nascent ideology of motherhood collides with modes of discourse that invade and colonize the maternal body generating a considerable burden of anxiety expressed in the nineteenth century French novel Mass Education and the Limits of State Building, c.1870-1930 L. Brockliss, N. Sheldon, 2012-02-21 The first comparative study of the spread of mass education around the world in the late nineteenth and early twentieth centuries this unique new book uses a bottom up focus and demonstrates to an extent not appreciated hitherto the gulf between the intentions of the government and the reality on the ground The Library Bulletin of Cornell University , 1886 **The Uniform Trade List Annual** , 1873 With alphabetical indexes of firms and trade specialties **Vision in the Novels of George Sand** Manon Mathias, 2016 The nineteenth century novelist George Sand is most famous today for her tumultuous love life and trouser wearing days in Paris but she achieved major commercial and critical success in her day and has gradually made her way back into the literary canon Mainly known for her pastoral tales and allegedly simplistic idealism Sand in fact produced around ninety novels which experiment with a wide range of themes forms and aesthetic models This book offers the first study of vision in Sand's works It argues that rather than rejecting reality in favour of the ideal Sand integrates physical observation with internal forms of seeing such as the imagination and visionary insights The study maintains that Sand's understanding of vision provides the basis for her distinctive style and challenges conventional categorisations of the novel in this period **Dante and the French Romantics** Michael Pitwood, 1985 **An Account of the British Campaign in 1809, Under Sir A. Wellesley, in Portugal and Spain** George Augustus Frederick Fitzclarence Munster (1st Earl of), 1831 **Opera in Paris from the Empire to the Commune** Mark Everist, 2018-11-21 Studies in the history of French nineteenth century stage music have blossomed in the last decade encouraging a revision of the view of the primacy of Austro German music during the period

and rebalancing the scholarly field away from instrumental music key to the Austro German hegemony and towards music for the stage This change of emphasis is having an impact on the world of opera production with new productions of works not heard since the nineteenth century taking their place in the modern repertory This awakening of enthusiasm has come at something of a price Selling French opera as little more than an important precursor to Verdi or Wagner has entailed a focus on works produced exclusively for the Paris Op ra at the expense of the vast range of other types of stage music produced in the capital op ra comique op rette com die vaudeville and m lodrame for example The first part of this book therefore seeks to reintroduce a number of norms to the study of stage music in Paris to re establish contexts and conventions that still remain obscure The second and third parts acknowledge Paris as an importer and exporter of opera and its focus moves towards the music of its closest neighbours the Italian speaking states and of its most problematic partners the German speaking states especially the music of Weber and Wagner Prefaced by an introduction that develops the volume s overriding intellectual drivers of cultural exchange genre and institution this collection brings together twelve of the author s previously published articles and essays fully updated for this volume and translated into English for the first time *The Disowned*
