Romantic Music Gerald Abraham, 2013-04-18 Gerald Abraham's reputation as an authority on Russian music has tended to obscure his deep interest in the music of Poland and Czechoslovakia and of the nineteenth century generally. From a lifetime's devoted scholarship in these fields, Abraham selected his best work to make up this volume, first published in 1968, one of exceptional breadth and fascination. The subjects range from the relationship of Slavonic music to the western world to detailed essays on figures such as Chopin, Dvořák, Rubinstein, and Mussorgsky. A study of realism in Janáček's operas contains a particularly fine analysis of *From a House of the Dead*, and there is an account of the fantastic erotic diary for piano in which Zdeněk Fibich, one of the finest nineteenth-century Czech symphonists, recorded the secrets of his love affair with former student and librettist Anežka Schulzová. Gerald Abraham (1904–1988) was a distinguished musicologist among his official posts: those of Professor of Music at the University of Liverpool and Assistant Controller of Music at the BBC.

On Romantic Love Berit Brogaard, 2015 Romantic love presents some of life's most challenging questions: Can we choose who to love? Is romantic love rational? Can we love more than one person at a time? And can we make ourselves fall out of love? In *On Romantic Love*, Berit Brogaard attempts to get to the bottom of love's many contradictions. This short book, informed by both historical and cutting-edge philosophy, psychology, and neuroscience, combines a new theory of romantic love with entertaining anecdotes from real life and accessible explanations of the neuroscience underlying our wildest passions. Against the grain, Brogaard argues that love is an emotion that it can be at turns both rational and irrational and that it can be manifested in degrees. We can love one person more than another, and we can love a person a little or a lot or not at all. And love isn't even always something we consciously feel. However, love like other emotions, both conscious and not, is subject to rational control, and falling in or out of it can be a deliberate choice. This engaging and innovative look at a universal topic, featuring original line drawings by illustrator Gareth Southwell, illuminates the processes behind heartbreak, obsession, jealousy, attachment, and more.

A Piece of My Mind Edward M., 2017-08-04 As my life carries on through my thirties, I still sit and ponder the true meaning of life. Does anyone fully understand? Is life a statement, question, or exclamation? Does life contain the answers? Will life give the simple mind clarity? As confused and twisted as my mind is, I will still maintain the assumption that time will work everything out. Shit didn't get me started on time. This life seems to desensitize and misinterpret pretty much everything it doesn't want to comprehend or take the time to understand. With this in mind, I would surely like to emphasize the fact that life is undoubtedly meant to be lived. Happy, joyful, regretful, enhanced, exciting, intermittent—these are all words that tend to describe and interpret life. Now understand that what you are about to read and put your mind through is my mind's interpretation of this so-called life. Well, at least of the last year or so. You will experience the ups and downs in my emotions. Just know that there is no fairy tale ahead of you in this morbid piece of modern-day literature. Proceed with caution but enjoy.
