Anne Carroll Moore, 1925 Shared Secrets Elizabeth Findley Shores, 2021-02-19 Winner 2023 Booker Worthen Literary Prize For nearly a century British expatriate Charles Joseph Finger 1867-1941 was best known as an award winning author of children's literature. In Shared Secrets Elizabeth Findley Shores relates Finger's untold story exploring the secrets that connected the author to an international community of twentieth century queer literati. As a young man, Finger revelled in the easy homosociality of his London polytechnical school where he launched a student literary society in the mold of the city's private men's clubs. Throughout his life as he wandered from England to Patagonia to the United States, he tried to recreate similarly open spaces such as Gayeta, his would-be art colony in Arkansas. But it was through his idiosyncratic magazine All's Well that he constructed his most successful social network, writing articles filled with coded signals and winking asides for an inner circle of understanding readers. Capitalizing on the publishing opportunities of the day, Finger used every means available to express his twin loves: literature and men. He produced an enormous body of work, and his short semiautobiographical fiction won some critical acclaim. Ultimately, the children's book that won Finger a Newbery Medal ushered him into the public eye, ending his development as an author of serious queer literature. Shared Secrets is both the story of Finger's remarkable adventurous life and a rare look at a community of gay writers and artists who helped shape twentieth century American culture even as they artfully concealed their own identities. **Chapman's Magazine of Fiction**, 1896
