Simpson, Lorne Campbell, 2013-05-02 This book provides an in depth and comprehensive summary of the psychology of close relationships and showcases classic and contemporary theories models and empirical research that have been conducted in the field House with open door Kameel Ahmady, 2021, ﺍﻟﺒﻴﺖ ﺍﻟﺒﺎﺩﻯ House with Open Door A Comprehensive Research Study on White Marriage Cohabitation in Iran By Kameel Ahmady The study reported in this book by the British Iranian anthropologist Kameel Ahmady considers both legal and informal coupledness in Iran It is hugely broad in scope and also detailed in specifics In considering the factors which shape young Iranian s decisions about heterosexual relationships Ahmady takes us from the end of the secular era of the Shahs of Iran to the modern day ultra religious

administration We are also guided across many regions of the globe and across cultures from the largely closed communities of decades ago to the present age of instant global communication and influence Ahmady s endeavours explore a way of living and understanding society that most in the West have rarely encountered We may know that in some countries bigamy even polygamy is still permitted we may even know that in some places children are permitted to be married at a very early age often in Iran girls to older men but never forget that some western states also permit very young people to marry What we are less likely to know however is that Iran has specific contemporarily reiterated legislation allowing temporary or white marriage sigheh whereby the licence is for a specified duration in fact anywhere between one hour and 99 years Nor are we likely to know that sexual involvement outside marriage is increasingly common in the Iranian metropolises but also as confirmed by post Millennium legislation and should the authorities so decide on the basis of the evidence punishable in some cases by lashing stoning or even death Present day Iran is a complex nation on the one hand imbibed with centuries of deeply religious tradition and family strictures and on the other informed about the modern world by sophisticated and easily accessible technologies available to millions of highly educated young citizens men and women alike In this book Kameel Ahmady sets himself the task of exploring how the contradictions between these fundamentally conflicting factors are resolved or not by the young people in his country of birth As in many parts of the world age of marriage in Iran has risen dramatically over the past few decades the duration of adolescence has increased significantly Amongst the most important influences in this trend have been low rates of secure employment unmet expectations of good jobs by both male and female graduates housing problems inflation the significant costs including mehr or dowry of formal marriage and poverty and the greater expectation now of autonomy and self direction in younger adults These factors insofar as they are recognised at all are a matter of concern sometimes alarm on the part of older family members and traditionalists who fear that their faith culture and traditions are under threat Thousands of young Iranians therefore live double lives conventionally single in public but living as married couples in private Since the law concedes nothing to these private arrangements there is no protection for the more vulnerable partner and indeed no prospect of active citizenship for any children born to the couple these illegitimate offspring Ahmady tells us will not even acquire a birth certificate or rights to education There is he says an urgent necessity for legislators in Iran to acknowledge and face up to these serious problems and issues Driving the trend to illicit or temporary marriage are a number of matters considered entirely private and personal in most of western society Kameel Ahmady s and his team respondents have a lot to tell us quite explicitly about their sexual needs and about the necessity according to the Iranian Civil Code or otherwise of virginity before marriage These are unlikely issues for discussion in most though not all parts of the modern world For the first time in Iran this book will reveal the hidden and wide angle aspects of this phenomenon at macro level with an emphasis on the Tehran Mashhad and Isfahan metropolitan areas house_ with_ open_ door Age_of_marriage_in_Iran temporary_marriage white_marriage cohabitation

Dishion, James J. Snyder, 2016-02-10 Coercive interactions and conflict are commonplace in close relationships and families friendships and teacher student relationships in schools Coercion and conflict can be used to grow stronger relationships or they can lead to the deterioration of relationships undermine efforts to socialize and teach youth and lead to the development of mental health problems in children and parents Coercion theory helps shed light on how these daily interaction dynamics explain the development of aggression marital conflict depression and severe mental health problems in families and how they undermine school safety and effectiveness The Oxford Handbook of Coercive Relationship Dynamics features the most recent innovative applications of coercion theory to understanding psychopathology developmental theory and intervention science The volume provides a multidisciplinary perspective on coercive processes origins and social functions to anchor coercion theory from multiple perspectives and to lay a theoretical and empirical foundation for innovative expansion of the coercion model to new areas of research The volume gives specific examples of how the basic coercive processes underlie the development of significant suffering in children and families and chapters include clinically oriented discussions of research on the role of coercion in the causation and amplification of problem behavior and emotional distress The internationally renowned authors of this volume highlight scientific advances in the study of coercive dynamics in families and close relationships account for physiological and genetic correlates of coercive dynamics and discuss the application of coercion theory to effective interventions that improve the quality and well being of children adolescents and adults This volume is an invaluable resource on behavioral science methodology developmental theory and intervention science *Personal Relationships and Personal Networks* Malcolm R. Parks, 2017-09-25 The effort to understand personal relationships has traditionally focused on the individual characteristics of participants Personal Relationships and Personal Networks takes this analysis a step further focusing on research linking participants feelings and actions within a given personal relationship to the larger social context surrounding it Author Malcolm R Parks expands on

the idea that the initiation development maintenance and dissolution of relationships are inextricably connected to each participant's social network a perspective that allows for a better appreciation of our connection to the world and a greater understanding of our significant power as social actors This book offers a new way to consider basic notions about how relationships form such as how particular people meet and how relationships are started Among many findings the volume demonstrates that individuals in relationships feel closer and generally more connected when they also have a greater amount of contact with the members of each other's personal networks and when they believe that network members support their relationship Additional topics discussed include how this social context model is applicable to different types of relationships how participants interact with network members how social networks are involved in the deterioration of personal relationships and what drives change in relationships Students researchers and professionals in a wide variety of disciplines such as communication psychology sociology anthropology family studies clinical psychology public health nursing education and social work will find this book useful as will anyone seeking to better understand their own personal relationships
