Groom, 2012-12-06 In 1948 I was posted as a Political Officer to a remote part of south west Arabia on the edge of the great desert called the Empty Quarter In valleys made fertile by seasonal flood waters lay the remains of an ancient civilization I found inscriptions and the ruin sites of towns palaces and temples Almost buried under the sand dunes were the tumbled walls of a great city From here two thousand years before huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza burdened with a most precious cargo frankincense myrrh and other perfume materials for the courts temples and perfume shops of Rome My book *Frankincense and Myrrh* delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times Then researching on behalf of a perfume house into the Arab contribution to perfumery I came across the collection of perfume recipes assembled by the Arab philosopher scientist Yaqub al Kindi which have never been translated into English some which I have translated myself are now included in an appendix to this book I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization

Fragrance Of love Rehana Zehra, 2023-10-08 Fragrance of love is a powerful thing It can make you feel happy sad or even nostalgic It can transport you to a different time and place And it can remind you of someone you love I remember the first time I smelled the fragrance of love I was walking down the street and I caught a whiff of something so sweet and intoxicating I followed the scent until I found its source a young couple walking hand in hand and laughing I stood there for a moment just watching them They were so in love and it showed in their every gesture The way they looked at each other the way they touched each other the way they laughed together It was all so beautiful And then as if they could feel my eyes on them they turned to look at me And in that moment I knew what love was It was the feeling of being completely and utterly at peace It was the feeling

of being home It was the feeling of being loved I smiled at the couple and they smiled back And then I turned and walked away carrying the fragrance of love with me I have never forgotten that moment And I will never forget the fragrance of love

Scenting Salvation Susan Ashbrook Harvey, 2015-08-25 This book explores the role of bodily sensory experience in early Christianity first seventh centuries AD by focusing on the importance of smell in ancient Mediterranean culture Following its legalization in the fourth century Roman Empire Christianity cultivated a dramatically flourishing devotional piety in which the bodily senses were utilized as crucial instruments of human divine interaction Rich olfactory practices developed as part of this shift with lavish uses of incense holy oils and other sacred scents At the same time Christians showed profound interest in what smells could mean How could the experience of smell be construed in revelatory terms What specifically could it convey How and what could be known through smell *Scenting Salvation* argues that ancient Christians used olfactory experience for purposes of a distinctive religious epistemology formulating knowledge of the divine in order to yield in turn a particular human identity Using a wide array of Pagan Jewish and Christian sources Susan Ashbrook Harvey examines the ancient understanding of smell through religious rituals liturgical practices mystagogical commentaries literary imagery homiletic conventions scientific medical and cosmological models ascetic disciplines theological discourse and eschatological expectations In the process she argues for a richer appreciation of ancient notions of embodiment and of the roles the body might serve in religion

The Fragrance of Sweet Grass Elizabeth Rollins Epperly, 2014-01-01 When it originally appeared Elizabeth Rollins Epperly's *The Fragrance of Sweet Grass* was one of the first challenges to the idea that L M Montgomery's books were unworthy of serious study Examining all of Montgomery's fiction Epperly argues that Montgomery was much more than a master of the romance genre and that through her use of literary allusions repetitions irony and comic inversions she deftly manipulated the normal conventions of romance novels Focusing on Montgomery's memorable heroines from Anne Shirley to Emily Byrd Starr Valancy Stirling and Pat Gardiner Epperly demonstrates that Montgomery deserves a place in the literary canon not just as the creator of *Anne of Green Gables* but as an artist in her chosen profession Since its publication more than twenty years ago *The Fragrance of Sweet Grass* has become a favourite of scholars writers and Montgomery fans This new edition adds a
