## **Romanticism Writing And Sexual Difference Essays On The Prelude:**

**Romanticism Writing and Sexual Difference** Mary Jacobus, 1989 A re reading of *The Prelude* in the light of post structuralist and feminist theory this is the first major study by an author distinguished both as a Wordsworthian and as a feminist critic

**The Major Works** William Wordsworth, 2000 William Wordsworth the Major Works presents a selection of Wordsworth's essays and a collection of his major poems The study includes recommended additional reading and notes to give the essence of his work and thinking processes

**Romantic Poetry** Karl Kroeber, Gene W. Ruoff, 1993 This anthology fills the need for a comprehensive up to date collection of the most important contemporary writings on the English romantic poets During the 1980s many theoretical innovations in literary study swept academic criticism Many of these approaches from deconstructive new historicist and feminist perspectives used romantic texts as primary examples and altered radically the ways in which we read Other major changes have occurred in textual studies dramatically transforming the works of these poets The world of English romantic poetry has certainly changed and *Romantic Poetry* keeps pace with those changes Karl Kroeber and Gene W. Ruoff have organized the book by poet Blake Wordsworth Coleridge Byron Shelly and Keats and have included essays representative of key critical approaches to each poet's work In addition to their excellent general introduction the editors have provided brief helpful forewords to each essay showing how it reflects current approaches to its subject The book also has an extensive bibliography sure to serve as an important research aid Students on all levels will find this book invaluable

*Romanticism Writing and Sexual Difference* Mary Jacobus, 1989 In the light of post structuralism and feminist theory this book reappraises *The Prelude* using Romantic autobiography theatrical politics and history in order to outline the role of gender in Romantic self representation and pedagogy

*Sexual Politics and the Romantic Author* Sonia Hofkosh, 1998-06-18 Exploring a range of early nineteenth century cultural materials from canonical poetry and critical prose to women's magazines and gift book engravings *Sexual Politics and the Romantic Author* offers new perspectives on the role of gender in Romanticism's defining paradigms of authorship The Romantic author's claim to individual agency is complicated by its articulation in a market system perceived to be impelled in large part by fantasies of female desire by what women read and write what they buy and sell how they look and where they look for pleasure These studies in the contested public spaces of literary labour elaborate the fundamental if invisible function of the woman as embodiment of authorial ambivalence in writing by Austen Byron Coleridge William Hazlitt Sarah Hazlitt Leigh Hunt Keats Mary Shelley William Wordsworth and others

**Romanticism** Cynthia Chase, 2014-09-25 The essays in this volume have all been carefully chosen by Cynthia Chase to exemplify the most important strands in contemporary critical thought on Romantic literature in particular the best of recent feminist deconstructive and new historicist writing They include contributions from critics such as Paul de Man Mary Jacobus Marjorie Levinson and Jerome Christensen The collection with its substantial introduction and judicious selection of key work explains the significance of recent critical debate by relating it to fundamental critical

questions that define Romanticism Through the course of their analyses the essays offer answers to perhaps the most essential question posed by the Romantic period what is the role of language in history **Romanticism and Gender** Anne K. Mellor, 2013-08-06 Taking twenty women writers of the Romantic period *Romanticism and Gender* explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective **Romanticism and Slave Narratives** Helen Thomas, 2000-04-27 The first major attempt to relate canonical Romantic texts to writings of the African diaspora **British Romanticism and the Literature of Human Interest** Mai-Lin Cheng, 2017-12-22 *British Romanticism and the Literature of Human Interest* explores the importance to Romantic literature of a concept of human interest It examines a range of literary experiments to engage readers through subjects and styles that were at once interesting and that in principle were in their interest These experiments put in question relationships between poetry and prose lyric and narrative and literature and popular media The book places literary works by a range of nineteenth century writers including William and Dorothy Wordsworth Thomas De Quincey Samuel Taylor Coleridge Mary and Percy Shelley Lord Byron and Matthew Arnold into dialogue with a variety of non literary and paraliterary forms ranging from newspapers to footnotes The book investigates the generic structures of Romantic literature and the negotiation of the status of literature in the period in relation to a new media landscape It explores the self theorization of Romantic literature and argues for its value to contemporary literary criticism **Napoleon and English Romanticism** Simon Bainbridge, 1995-11-24 Napoleon Bonaparte occupied a central place in the consciousness of many British writers of the Romantic period He was a profound shaping influence on their thinking and writing and a powerful symbolic and mythic figure whom they used to legitimize and discredit a wide range of political and aesthetic positions In this first ever full length study of Romantic writers obsession with Napoleon Simon Bainbridge focuses on the writings of the Lake poets Wordsworth Coleridge and Southey and of Byron and Hazlitt Combining detailed analyses of specific texts with broader historical and theoretical approaches and illustrating his argument with the visual evidence of contemporary cartoons Bainbridge shows how Romantic writers constructed appropriated and contested different Napoleons as a crucial part of their sustained and partisan engagement in the political and cultural debates of the day *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832*, 2010 **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832** D.L. Macdonald, Anne McWhir, 2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era s richness and diversity In terms of genre poetry non fiction prose philosophy educational writing and prose fiction are included Geographically America Canada Australia India and Africa are represented along with Britain emphasizing Romantic literature as a world literature Biographical headnotes explanatory footnotes and an extensive bibliography clarify and illuminate the texts for readers **Blind and Blindness in Literature**

**of the Romantic Period** Edward Larrissy, 2007-06-19 In the first full length literary historical study of its subject Edward Larrissy examines the philosophical and literary background to representations of blindness and the blind in the Romantic period In detailed studies of literary works he goes on to show how the topic is central to an understanding of British and Irish Romantic literature While he considers the influence of Milton and the Ossian poems as well as of philosophers including Locke Diderot Berkeley and Thomas Reid much of the book is taken up with new readings of writers of the period These include canonical authors such as Blake Wordsworth Scott Byron Keats and Percy and Mary Shelley as well as less well known writers such as Charlotte Brooke and Ann Batten Cristall There is also a chapter on the popular genre of improving tales for children by writers such as Barbara Hofland and Mary Sherwood Larrissy finds that despite the nostalgia for a bardic age of inward vision the chief emphasis in the period is on the compensations of enhanced sensitivity to music and words This compensation becomes associated with the loss and gain involved in the modernity of a post bardic age Representations of blindness and the blind are found to elucidate a tension at the heart of the Romantic period between the desire for immediacy of vision on the one hand and on the other the historical self consciousness which always attends it

Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism

*Key Concepts in Romantic Literature* Jane Moore, John Strachan, 2010-09-10 *Key Concepts in Romantic Literature* is an accessible and easy to use scholarly guide to the literature criticism and history of the culturally rich and politically turbulent Romantic era 1789-1832 The book offers a comprehensive and critically up to date account of the fascinating poetry novels and drama which characterized the Romantic period alongside an historically informed account of the important social political and aesthetic contexts which shaped that body of writing The epochal poetry of William Wordsworth William Blake Mary Robinson S T Coleridge Charlotte Smith P B Shelley Lord Byron John Keats Felicia Hemans and Letitia Elizabeth Landon the drama of Joanna Baillie and Charles Robert Maturin the novels of Jane Austen and Mary Shelley all of these figures and many more are insightfully discussed here together with clear and helpful accounts of the key contexts of the age's literature including the French Revolution slavery industrialisation empire and the rise of feminism as well as accounts of perhaps less familiar aspects of late Georgian culture such as visionary spirituality atheism gambling fashion music and sport This is the broadest guide available to late eighteenth and early 19th century British and Irish literature history and culture

*De Quincey's Romanticism* Margaret Russett, 1997-12-04 Margaret Russett uses the example of Thomas De Quincey the nineteenth century essayist best remembered for his *Confessions of an English Opium*

Eater and his memoirs of Wordsworth and Coleridge to examine the idea of the minor author and how it is related to what we now call the Romantic canon The case of De Quincey neither a canonical figure nor a disenfranchised marginal author offers a point of access to specifically Romantic problems of literary transmission and periodization Taking an intertextual approach Russett situates De Quincey's career against the works of Wordsworth and Coleridge the essays of Lamb Hazlitt and other writers for the London Magazine and discourses of ethics and political economy which are central to the problem of determining literary value De Quincey's Romanticism shows how De Quincey helped to shape the canon by which his career was defined

**The Cambridge Companion to Wordsworth** Stephen Gill, 2003-06-12 The Cambridge Companion to Wordsworth provides a wide ranging account of one of the most famous Romantic poets Specially commissioned essays cover all the important aspects of this multi faceted writer the volume examines his poetic achievement with a chapter on poetic craft other chapters focus on the origin of his poetry and on the challenges it presented and continues to present The volume ensures that students will be grounded in the history of Wordsworth's career and his critical reception

**Romanticism and Visuality** Sophie Thomas, 2007-12-12 This book investigates the productive crosscurrents between visual culture and literary texts in the Romantic period focusing on the construction and manipulation of the visual the impact of new visual media on the literary and historical imagination and on fragments and ruins as occupying the shifting border between the visible and the invisible It examines a broad selection of instances that reflect debates over how seeing should itself be viewed instances from Daguerre's Diorama to the staging of Coleridge's play Remorse to the figure of the Medusa in Shelley's poetry and at the Phantasmagoria in which the very act of seeing is represented or dramatized In reconsidering literary engagements with the expanding visual field this study argues that the popular culture of Regency Britain reflected not just emergent and highly capitalized forms of mass entertainment but also a lively interest in the aesthetic and conceptual dimensions of looking What is commonly thought to be the Romantic resistance to the visible gives way to a generative fascination with the visual and its imaginative even spectacular possibilities

**British Travel Writers in Europe 1750-1800** Katherine Turner, 2017-11-01 This title was first published in 2001 Hundreds of European travelogues produced by British travellers between 1750 and 1800 remain out of sight in most libraries and have generally been out of print since the 18th century While many people with a working knowledge of the 18th century are familiar with works including Sterne's A Sentimental Journey and Smollett's Travels through France and Italy those produced by less literary travellers are largely unknown This study aims to recreate the world of 18th century travel writing in order to illuminate its central role in shaping Britain's emerging sense of national identity an identity which proves to be more complex and less homogeneous than some cultural and historical studies would suggest The author finds that the developing discourse of national character is bound up with questions of gender national and authorial virtue are projected in terms of appropriately gendered behaviour for male and female travel writers alike In turn gender intersects with class most obviously in the tendency to denigrate aristocratic

travellers as effeminate and celebrate the more manly activities of the middle class traveller These then national identity authorship and gender are the central preoccupations of the study      **Romantic Interactions** Susan J. Wolfson, 2010-10-18

In *Romantic Interactions* Susan J Wolfson examines how interaction with other authors whether on the bookshelf in the embodied company of someone else writing or in relation to literary celebrity shaped the work of some of the best known and less well known writers in the English language Working across the arc of Long Romanticism from the 1780s to the 1840s this lively study involves writing by women and men in poetry and prose Combining careful readings with sophisticated literary historical and cultural criticism Wolfson reveals how various writers came to define themselves as author The story unfolds not only in deft textual analyses but also by provocatively placing writers in dialogue with what they were reading with one another and with the community of readers and writers their writings helped bring into being Mary Wollstonecraft and Charlotte Smith in the Revolution roiled 1790s William Wordsworth and Dorothy Wordsworth in the society of the Lake District Lord Byron a magnet for writers everywhere inspired troubled but always arrested by what he and his scandal ridden celebrity represented This fresh informative account of key writers important texts and complex cultural currents promises keen interest for students and scholars literary critics and cultural historians
