Driskell, 2001 This volume presents selections from the highly respected Cosby collection of African American art Their introductions elaborate on their strong belief that African American families should themselves seek to preserve their cultural history and not rely on the mainstream They also provide interesting background about how they began their collection and what owning the art has meant to them The essay by Driskell curator author and scholar places each artist within the context of his or her era from the late 1700s to the present and explores the
