Roman Identity from the Arab Conquests to the Triumph of Orthodoxy Douglas Whalin, 2021-01-22 This book asks how the inhabitants and neighbours of the Eastern Roman Empire understand their identity as Romans in the centuries following the emergence of Islam as a world religion Its answers lie in exploring the nature of change and continuity of social structures self representation and boundaries as markers of belonging to the Roman group in the period from circa AD 650 to 850 Early medieval Romanness was integral to the Roman imperial project its local utility as an identifier was shaped by a given community s relationship with Constantinople the capital of the Roman state This volume argues that there was fundamental continuity of Roman identity from Late Antiquity through these centuries into later periods Many transformations which are ascribed to the Romans of this era have been subjectively assigned by outsiders separated by time or space and are not born out by the sources This finding dovetails with other recent historical works re evaluating the early medieval Eastern Roman polity and its ideology *Judaism and Imperial Ideology in Late Antiquity* Alexei

Sivertsev, 2011-06-20 This book explores the influence of Roman imperialism on the development of messianic themes in Judaism in the fifth through the eight centuries CE It pays special attention to the ways in which Roman imperial ideology and imperial eschatology influenced Jewish representations of the Messiah and messianic age Topics addressed in the book include representations of the Messianic kingdom of Israel as a successor to the Roman Empire the theme of imperial renewal in Jewish eschatology and its Roman parallels representations of the emperor in late antique literature and art and their influence on the representations of the Messiah the mother of the Messiah in late antique and Byzantine cultural contexts and the figure of the last Roman Emperor in Christian and Jewish tradition **Making of the West, Volume I: To**

Yugoslavia's Bloody Collapse Christopher Bennett, 1997 An incisive and revealing history of how Yugoslavia plunged into violence in the 1990s Over the past two years the entire world watched in horror as one of Europe s most stable countries plunged into an orgy of violence and bloodshed that has invoked comparisons to the Holocaust Aside from empty threats and diplomatic hand wringing the West has done little to stop the ethnic cleansing the sieges and the brutality that has characterized the conflict in the former Yugoslavia Contrary to common wisdom the hyper violent disintegration of the former Yugoslavia is not simply and exclusively the product of inherent and irrational ethnic animosities and centuries of strife In this engaging book journalist Christopher Bennett traces the turning point to the 1987 struggle within the Serbian Communist party which was between adherents of a Serb nationalist ideology embodied by Slobodan Milosevic and the other Yugoslavs who clung to the vision of a multinational state As soon as Milosevic gained the upper hand he ruthlessly purged his rivals and launched a massive campaign of media indoctrination to stir up Serb nationalism This new nationalism which has repelled the world since 1991 is primarily Milosevic s creation and not merely the result of historical enmity As a student at two different Yugoslav universities in the 1980 s Bennett witnessed firsthand many if the critical events which contributed to Yugoslavia s destruction He renders an incisive and accessible history covering the period from Tito s dictatorship to the present day

The Last Miracle Stefan Zweig, 2025-09-09 A unique collection of stories presented together here for the first time from one of the great voices of the European Jewish diaspora This collection from one of the great pre war writers himself a member of Europe s Jewish diaspora highlights the precarious position that Jewish people have occupied throughout millennia in stories that move across centuries and nations but show the unchanging pressure of outsider status But these stories are about individuals too in Zweig s treatment the particular passions of particular hearts will always blaze out brightly against the levelling forces of history In *Mendel the Bibliophile* a bookseller s obsession with his wares blinds him to the progress of war and the threat it poses to his own life *Monomania* is also an overpowering force in *Downfall of the Heart* in which an aging father cannot accept his daughter s embrace of new freedoms *The Miracles of Life* is a masterfully ironic tale which plays with the tension between faith and morality society and individual against the backdrop of 1500s Antwerp and the Dutch rebellion against Spanish rule In *the Snow* sees a Jewish community in medieval Eastern Europe fleeing the violence of a Christian sect And in the longest piece in the collection the novella *The Buried Candelabrum* we go all the way back to the ancient world where the recovery of a sacred seven branched candlestick stolen during the sack of Rome will become a young Jewish boy s life s mission
