## Rome Down The Centuries:

**The Treasury of History ... New Edition, Revised and Brought Down to the Present Time** Samuel MAUNDER,1856     **History of Rome** Max Cary,H.H. Hedrick,2010-01-01 It is so rare and refreshing to read a Roman history book which recognizes and celebrates the sheer difficulty of writing history The Times Literary Supplement The ruling elite in ancient Rome sought to eradicate even the memory of their deceased opponents through a process now known as damnatio memoriae These formal and traditional practices included removing the person s name and image from public monuments and inscriptions making it illegal to speak of him and forbidding funeral observances and mourning Paradoxically however while these practices dishonored the person s memory they did not destroy it Indeed a later turn of events could restore the offender not only to public favor but also to re inclusion in the public record This book examines the process of purge and rehabilitation of memory in the person of Virius Nicomachus Flavianus Charles Hedrick describes how Flavianus was condemned for participating in the rebellion against the Christian emperor Theodosius the Great and then restored to the public record a generation later as members of the newly Christianized senatorial class sought to reconcile their pagan past and Christian present By selectively remembering and forgetting the actions of Flavianus Hedrick asserts the Roman elite honored their ancestors while participating in profound social cultural and religious change One of the most interesting and original books about the Later Roman Empire that I have ever read T D Barnes     Lingard's History of England.
