## **Rome Time And Eternity:**

*Rome* Anthony Woodward, 1995      **Jews and Christians on Time and Eternity** Annette Aronowicz, 1998 This book grapples with a wide range of contemporary ethical and religious issues through the lens of the reflections of Charles P. Guy on his friend and mentor Bernard Lazare. Both P. Guy, a leading French Catholic poet and philosopher, and Bernard Lazare, an iconoclastic Jewish intellectual, were passionately involved in the Dreyfus Affair which forms the background of these reflections. The book is in four parts. The first sets P. Guy's portrait of Bernard Lazare in a series of contexts analyzing it against the background of the rampant antisemitism of its time, situating it in relation to present-day discussions about the Other and especially placing it within various twentieth-century attempts to rethink religion. P. Guy's great contribution in this area lies in redirecting our attention to the ways human beings respond to defeat and to the ways the intellect is oriented by something outside itself as keys to the discovery of the transcendent. His work reformulates the meaning of hope and incarnation. The second part of the book presents P. Guy's portrait of Bernard Lazare in a complete English translation. In the third part, the author shows the affinity of P. Guy's thought to that of two Jewish thinkers, Franz Rosenzweig and Emmanuel Levinas. All three, in rethinking the religious dimension, located it amidst the daily interactions between people. The final part explores the implications of this notion of transcendence for the task of interpretation in the social sciences and the humanities.

The Eternal Time of History - Part I Simone Malacrida, 2025-06-04 Servio Italico's choice to break with his family's traditions will give rise to a lineage that for five generations will walk alongside the history of the first century. From the defeat of Teutoburg to the conquest of Britain, from the death of Octavian Augustus to the fire of Rome, from the eruption of Vesuvius to the first campaign of Dacia, men and women will find themselves in the presence of the founding idea of the Roman Empire, shaken by novelties and evolutions in an attempt to defend the values of an ancestral and now past virtue. To complete the vision of the century, two collateral stories intertwine in the plot: trade and cultivation in the Chinese Empire following the rise and fall of the Eastern Han dynasty, and the growing tensions in a family of zealots between Judea and Syria.

*Encyclopedia of Time* H. James Birx, 2009-01-13 Surveying the major facts, concepts, theories, and speculations that infuse our present comprehension of time, the *Encyclopedia of Time: Science, Philosophy, Theology, and Culture* explores the contributions of scientists, philosophers, theologians, and creative artists from ancient times to the present. By drawing together into one collection ideas from scholars around the globe and in a wide range of disciplines, this Encyclopedia will provide readers with a greater understanding of and appreciation for the elusive phenomenon experienced as time. Features surveys of historical thought about time, including those that emerged in ancient Greece, early Christianity, the Italian Renaissance, the Age of Enlightenment, and other periods. Covers the original and lasting insights of evolutionary biologist Charles Darwin, physicist Albert Einstein, philosopher Alfred North Whitehead, and theologian Pierre Teilhard de Chardin. Discusses the significance of time in the writings of Isaac Asimov, Samuel Taylor Coleridge, Fyodor M. Dostoevsky, Francesco

Petrarch and numerous other authors Includes the contributions of naturalists philosophers physicists theologians astronomers anthropologists geologists paleontologists and psychologists Includes artists portrayals of the fluidity of time including painter Salvador Dali s *The Persistence of Memory* and *The Discovery of America* by Christopher Columbus and writers Gustave Flaubert s *The Temptation of Saint Anthony* and Henryk Sienkiewicz s *Quo Vadis* Provides a truly interdisciplinary approach with discussions of Aztec Buddhist Christian Egyptian Ethiopian Islamic Hindu Navajo and many other cultures conceptions of time

**The Eternal Time of History - Part II** Simone Malacrida,2025-06-27 Following the family saga originated by Servius Italicus his descendants will find themselves facing new challenges and new problems unfolding throughout the second century The conquest of Dacia the endless wars against the Parthians the barbarian incursions will mark the territorial and cultural expansion of the adoptive principality one of the most glorious pages of the Empire until the definitive caesura given by the Antonine plague and the civil war In the background remain the personal passions the intrepid exploratory journeys the magisterial and senatorial careers the loves and doubts of entire generations The complementary vision of the century will be given by the same enemies of Rome that Parthian kingdom and those barbarian tribes always divided between coexistence or conflict

*The Eternal Time of History - Part III* Simone Malacrida,2025-07-25 The travails of the third century characterized by a profound social crisis in the Roman Empire shaken by civil wars and constant invasions inevitably affected the Italian family beginning with the descendants of Numa the imperial legate who won countless battles and would be the last witness of the Severan dynasty In the darkest period of Rome s thousand year history amid usurpers and the end of patrician rule there were key figures capable of averting collapse and restoring new hope to a system that with appropriate modifications would achieve the incredible feat of integrating new peoples and emerging religions without losing its own identity The landscape of looming enemies is characterized by the example of two peoples the Alemanni and the Goths who more than any other threatened Rome throughout the century

*The Eternal Time of History - Part IV* Simone Malacrida,2025-09-07 With the rise of Constantine to the helm of the Roman Empire religion became a crucial element along with civil wars and barbarian invasions shaping the entire history of the fourth century This was characterized by a continuous transformation of society much more concerned with cultural philosophical and theological aspects than with military tradition The Italics were no exception and generations adapted to these new customs a clear sign of a decline that was both inevitable and almost indefinitely postponed The foundations for the collapse lay in the emergence of new peoples represented by eternal past enemies such as the Sassanids and by adversaries who mistakenly would even be considered allies such as the Visigoths

**Time in Ancient Stories of Origin**  
Anke Walter,2020-06-30 Greek and Roman stories of origin or aetia provide a fascinating window onto ancient conceptions of time Aetia pervade ancient literature at all its stages and connect the past with the present by telling us which aspects of the past survive even now or ever since then Yet while the standard aetiological formulae remain surprisingly stable over time

the understanding of time that lies behind stories of origin undergoes profound changes By studying a broad range of texts and by closely examining select stories of origin from archaic Greece Hellenistic Greece Augustan Rome and early Christian literature *Time in Ancient Stories of Origin* traces the changing forms of stories of origin and the underlying changing attitudes to time to the interaction of the time of gods and men to historical time to change and continuity as well as to a time beyond the present one Walter provides a model of how to analyse the temporal construction of aetia by combining close attention to detail with a view towards the larger temporal agenda of each work In the process new insights are provided both into some of the best known aetiological works of antiquity e g by Hesiod Callimachus Vergil Ovid and lesser known works e g Ephorus Prudentius Orosius This volume shows that aetia do not merely convey factual information about the continuity of the past but implicate the present in ever new complex messages about time *The Atlantic Monthly* ,1912

*Atlantic Monthly* ,1912 **God's Time For Us** James J. Cassidy,2016-09-28 The relationship between eternity and time is a common subject for theologians and philosophers What difference does it make for this discussion that God became man and inhabited time in Jesus Christ In *God's Time for Us* James J Cassidy examines the theology of Karl Barth to show that God is our Father who does not neglect us for lack of time he is the God who has time to be with us God also quite literally has time in his own being by virtue of the incarnation Cassidy shows that Barth seeks a rapprochement between eternity and time which is overcome by Jesus Christ There is today a resurgence in interest in the theology of Barth especially among evangelicals Yet Barth is often read without discernment and discussed in churches without full understanding Cassidy illuminates his thought so evangelicals can make a better more well informed appraisal of the man and his theology
