Rona The Distant Island:

Rona Michael Robson,1991 This social history of the now deserted North Rona examines the background of the island mainly from the perspective of its inhabitants **On the Other Side of Sorrow** James Hunter,2014-07-03 Caring for the environment developing rural communities and ensuring the survival of minority cultures are all laudable objectives but they can conflict and nowhere more so than the Scottish Highlands As environmentalists strive to preserve the scenery and wildlife of the Highlands the people who belong there and who have their own claims on the landscape question this threat to their culture which dates back thousands of years In this acclaimed and thought provoking book James Hunter examines the dispute between Highlanders who developed a strong environmental awareness countless generations before other Europeans and conservationists whose thinking owes much to the romantic ideals of the nineteenth century More than that he also suggests a new way of dealing with the problem advocating drastic land use changes and the repopulation of empty glens an approach which has worldwide implications *The Guga Hunters* Donald S. Murray,2018-06-02 This Scottish Highlands history celebrates the traditional Gaelic bird hunt undertaken each year on the island of Sula Sgeir north of the Outer Hebrides Every year ten men from Ness at the northern tip of the Isle of Lewis sail north east for some forty miles to a remote rock called Sula Sgeir Their mission is to catch and harvest the guga the almost fully grown gannet chicks nesting on the two hundred foot high cliffs that circle the tiny island which is barely half a mile long After spending a fortnight in the arduous conditions that often prevail there they return home with around two thousand of the birds pickled and salted and ready for the tables of Nessmen and women both at home and abroad *The Guga Hunters* tells the story of the men who voyage to Sula Sgeir each year capturing their way of life and the drama of their exploits They speak of the laughter that seasons their time together on Sula Sgeir as well as the dangers they have faced Delving deep into the social history of Ness local historian Donald S Murray also reveals the hunt s connections to the traditions of other North Atlantic countries Told in his district s poetry and prose Murray shows how the spirit of a community is preserved in this truly unique tradition The Fabled Coast Sophia Kingshill,The Estate of Jennifer Westwood,2012-06-28 Pirates and smugglers ghost ships and sea serpents fishermen s prayers and sailors rituals the coastline of the British Isles plays host to an astonishingly rich variety of local legends customs and superstitions In *The Fabled Coast* renowned folklorists Sophia Kingshill and Jennifer Westwood gather together the most enthralling tales and traditions tracing their origins and examining the facts behind the legends Was there ever such a beast as the monstrous Kraken Did a Welsh prince discover America centuries before Columbus What happened to the missing crew of the *Mary Celeste* Along the way they recount the stories that are an integral part of our coastal heritage such as the tale of Drake s Drum said to be heard when England was in peril and the mythical island of Hy Brazil which for centuries appeared on sea charts and maps to the west of Ireland The result is an endlessly fascinating often surprising journey through our island history **The Gravity of Feathers** Andrew Fleming,2024-10-03 Discover the true

story of St Kilda When the last 36 inhabitants of St Kilda 40 miles west of the Scottish Hebrides were evacuated in 1930 the archipelago at the edge of the world lost its permanent population after five millennia It has long been accepted that the islanders failure to adapt to the modern world was its demise Andrew Fleming overturns the traditional view Unafraid of highlighting dark times he shows how they sacrificed their reputation as an uncorrupted ideal society to embrace and exploit the tourist trade Creating a prestigious tweed exporting the ancestors of today s Hebridean sheep the islanders gained access to consumer goods and learned how to play politics to their advantage This book tells the absorbing and eventful story of St Kilda from earliest times up to the evacuation and its aftermath Previously untapped sources and fresh insights bring to life the personalities feelings attitudes and rich culture of the islanders themselves as well as the numerous outsiders who engaged with the remote island community *Books in Scotland* ,1991 **Transactions** ,1890 The Hebrides Paul Murton,2024-07-04 Paul Murton has spent half a lifetime exploring some of the most beautiful islands in the world the Hebrides He has travelled the length and breadth of the Scotland s rugged six thousand mile coast line and sailed to over eighty islands In this new and updated edition of his acclaimed book Paul visits each of the Hebridean islands in turn introducing their myths and legends history culture and extraordinary natural beauty In addition he also meets the people who live there and learns their story He has met crofters fishermen tweed weavers Gaelic singers clan chiefs artists postmen and bus drivers people from every walk of life who make the islands tick This blend of the contemporary and the traditional creates a vivid account of the Hebrides and serves as unique guide to the less well known aspects of life among the islands

Plantation and Civility in the North Atlantic World Aonghas MacCoinnich,2015-09-17 The settlement of the Hebrides is usually considered in terms of the state formation agenda Yet the area was subject to successive attempts at plantation largely overlooked in historical narrative Aonghas MacCoinnich s study *Plantation and Civility* explores these plantations against the background of a Lowland Highland cultural divide and competition over resources The Macleod of Lewis clan uncivil Gaelic Highlanders were dispossessed by the Lowland civil Fife Adventurers 1598 1609 Despite the collapse of this Lowland Plantation however the recourse to the Mackenzie clan often thought a failure of policy was instead a pragmatic response to an intractable problem The Mackenzies also pursued the civility agenda treating with Dutch partners and fending off their English rivals in order to develop their plantation **The Ordnance Survey of the United Kingdom** Thomas Pilkington White,1886 **British Islands Pilot: The western coast of Scotland from Null of Galloway to Rudh'Rè and off-lying islands** United States. Hydrographic Office,1917 **H.O. Pub** United States. Hydrographic Office,1918 The Apothecary's Chest Fabienne Collignon,Konstantina Georganta,Anne-Marie Millim,2009-03-26 The Apothecary s Chest Magic Art and Medication was a one day symposium held at the University of Glasgow on November 24 2007 The symposium called for a discussion on the evolution of the notions of mysticism knowledge and superstition in the way they are intertwined in both science and the literary imagination in the figure of healers such as the apothecary the

alchemist the shaman There were three main areas of interest The first involved traditional perceptions of physicians who combined knowledge and superstition and thus bordered in their practices on the sphere of the occult The second theme evolving from the first proposed an inquiry of the overlapping interests and processes of science magic and prophecy as well as of the implications and consequences of a privileged access to medical knowledge while the third subject of discussion concentrated on the development of the symbolism of the healer in literature history philosophy of science anthropology theology film and art The twelve papers included in this volume papers presented by doctoral candidates and young scholars from across a range of geographical regions and disciplines result in a collection of approaches to an investigative field with topics ranging from mystical traits of mundane materials to the origins of the occult and gender struggles The thirteenth and final essay included in the volume Professor Bill Herbert's *From Mere Bellies to the Bad Shaman* is an exploration of the modern role of the contemporary poet in the form of an extended conversation initiated at the closing of the conference when Professor Herbert was asked to combine a poetry reading with a few observations on the relationship between the poet and the shaman

Wreck Recovery In Britain Peter J Moran, 2018-10-30 Whereas on the Continent the Missing Research and Enquiry Unit left no stone unturned to try to trace the thousands of airmen who still remained missing strangely enough no similar operation was carried out by the RAF on crash sites in the United Kingdom Many of these still contained the mortal remains of pilots whose names had been added to the Memorial to the Missing unveiled at Runnymede in 1953 It is difficult to understand today how it took so long for the realization to sink in that aircraft wreckage still remained buried When it did there followed what can only be described as an unholy scramble to find crash sites and dig them up heavy plant being employed to make it easier and quicker At the height of this unfettered exploration period during the 1970s there were over 30 aviation archaeology groups at work particularly in the counties of Essex Kent and Sussex Unrecovered human remains were now being found which understandably raised criticism from some quarters Inevitably order had to be restored and the Ministry of Defence stepped in with a code of conduct for digging up crashed aircraft a measure that was reinforced by an Act of Parliament in 1986 Thereafter a process was introduced whereby the Ministry issued licenses before a wreck site could be excavated and every license application whether granted or refused is listed for the first time in this book

Discovery the Popular Journal of Knowledge John Andrews Benn, Sailing Directions for the West Coast of Scotland United States. Defense Mapping Agency. Hydrographic Center, 1951 **The Seaman's New Guide and Coaster's Companion** ... John Chandler (of Orford, Pilot.), John William Norie, 1847 *The Highlander's Secret* Delilah Kent, 2025-05-02 She came for a story She found a secret that could unravel the past Quinn Parker is a thrill seeking photojournalist used to chasing storms not ancient legends But when she steps into a ring of standing stones during a violent lightning storm she vanishes from the 21st century and wakes in a medieval village suspicious of her every move The only one who doesn't seem to want her burned at the stake is Lady Fraser the enigmatic laird with fire in her eyes and secrets

behind every guarded look As Quinn tries to find her way back to the modern world she uncovers a dangerous conspiracy and a fierce connection that has her questioning everything she thought she knew about time fate and love For fans of enemies to lovers sapphic slow burn and magic laced adventure in the Scottish Highlands The Old Ways Robert Macfarlane, 2012-10-11 From the acclaimed author of *The Wild Places* and *Underland* an exploration of walking and thinking In this exquisitely written book Robert Macfarlane sets off from his Cambridge England home to follow the ancient tracks holloways drove roads and sea paths that crisscross both the British landscape and its waters and territories beyond The result is an immersive enthralling exploration of the ghosts and voices that haunt old paths of the stories our tracks keep and tell and of pilgrimage and ritual Told in Macfarlane's distinctive voice *The Old Ways* folds together natural history cartography geology archaeology and literature His walks take him from the chalk downs of England to the bird islands of the Scottish northwest from Palestine to the sacred landscapes of Spain and the Himalayas Along the way he crosses paths with walkers of many kinds wanderers pilgrims guides and artists Above all this is a book about walking as a journey inward and the subtle ways we are shaped by the landscapes through which we move Macfarlane discovers that paths offer not just a means of traversing space but of feeling knowing and thinking **The Oölogist's Record** , 1926
