Ronald Rabbit Is A Dirty Old Man:

Ronald Rabbit is a Dirty Old Man Lawrence Block, 1974 Gangsters, Swindlers, Killers, and Thieves Lawrence Block, 2004-05-13 Presents a gallery of fifty of America's most notorious criminals from colonial times through the twentieth century with profiles of such outlaws as John Wilkes Booth Jesse James Bonnie Parker and Ted Bundy Step by Step Lawrence Block, 2009-05-19 From the revered New York Times bestselling author comes a touching insightful and humorous memoir of an unlikely racewalker and world traveler Before Lawrence Block was the author of bestselling novels featuring unforgettable characters such as the hit man Keller private investigator Matthew Scudder burglar Bernie Rhodenbarr and time traveler Evan Tanner he was a walker As a child he walked home from school mostly because he couldn't ride a bike As a college student he walked until he was able to buy his first car a deep blue 1950 Chevrolet coupe named Pamela after the Samuel Richardson novel As an adult he ran marathons until he discovered what would become a lifelong obsession never mind if some people didn't think it was a real sport racewalking By that time Block had already spent plenty of time walking through the city of New York But racewalking ended up taking him all over the country from New Orleans to Anchorage from marathons in the punishing heat to marathons in the pouring rain And along the way as he began to pen the books that would make him a household name among suspense fans all over the world he found that in life as in writing you just need to take one step after the other Through the lens of his adventures while walking in twenty four hour races on a pilgrimage through Spain and just about everywhere you can imagine Lawrence Block shares his heartwarming personal story about life's trials and tribulations discomforts and successes which truly lets readers walk a mile in the master of mystery's shoes **One Night Stands and Lost Weekends** Lawrence Block, 2009-10-06 In the era before he created moody private investigator Matthew Scudder burglar Bernie Rhodenbarr sleepless spy Evan Tanner and the amiable hit man Keller and years before his first Edgar Award a young writer named Lawrence Block submitted a story titled You Can't Lose to *Manhunt* magazine It was published and the rest is history *One Night Stands and Lost Weekends* is a sterling collection of short crime fiction and suspense novelettes penned between 1958 and 1962 by a budding young master and soon to be Grand Master an essential slice of genre history and more fun than a high speed police chase following a bank job gone bad **Flat Earth** Christine Garwood, 2008-08-05 Contrary to popular belief fostered in countless school classrooms the world over Christopher Columbus did not discover that the earth was round The idea of a spherical world had been widely accepted in educated circles from as early as the fourth century B.C Yet bizarrely it was not until the supposedly more rational nineteenth century that the notion of a flat earth really took hold Even more bizarrely it persists to this day despite Apollo missions and widely publicized pictures of the decidedly spherical Earth from space Based on a range of original sources Garwood's history of flat Earth beliefs from the Babylonians to the present day raises issues central to the history and philosophy of science its relationship to religion and the making of human knowledge about the natural world *Flat Earth* is the first definitive study of one of

history's most notorious and persistent ideas and it evokes all the intellectual philosophical and spiritual turmoil of the modern age Ranging from ancient Greece through Victorian England to modern day America this is a story that encompasses religion science and pseudoscience as well as a spectacular array of people and places Where else could eccentric aristocrats fundamentalist preachers and conspiracy theorists appear alongside Copernicus Newton and NASA except in an account of such a legendary misconception Thoroughly enjoyable and illuminating Flat Earth is social and intellectual history at its best

Hit Me Lawrence Block,2025-04-08 Bestselling author and grand master Lawrence Block returns to his deadliest hitman A man named Nicholas Edwards lives in New Orleans renovating houses doing honest work and making decent money at it Between his family and his stamp collection all his spare time is happily accounted for Sometimes it's hard to remember that he used to kill people for a living But when the nation's economy tanks taking the construction business with it all it takes is one phone call to drag him back into the game It may say Nicholas Edwards on his driver's license and credit cards but he's back to being the man he always was Keller Keller's work takes him to New York the former home he hasn't dared revisit where his target is the abbot of a midtown monastery Another call puts him on a West Indies cruise with several interesting fellow passengers the government witness the incandescent young woman keeping the witness company and sharing Keller's cabin his wife Julia But the high drama comes in Cheyenne where a recent widow is looking to sell her husband's stamp collection In Hit Me legendary Edgar Grandmaster and New York Times bestselling author Lawrence Block returns to one of his most beloved characters Welcome back Keller You've been missed **100 Most Popular Contemporary Mystery**
