choose between careers but discover herself including true passion and love if she wants to survive *The Gift* Dr. Trevor M. Chase, 2011-10-10 What is it about The GIFT that makes it worth having and keeping handy for repeated reference What is it about this book that causes people to refuse to lend it out for fear that they might not get it back And what is it that inspires people to treat it like an heirloom not wanting their children to grow up without knowledge of its contents It has to be about what the book offers between its covers Very true so let's take a brief look at what's in store for those who are interested in making a sound investment towards something which many individuals out of Christ might consider to be a fantasy but would like to have their copy anyway and hold on to it because they too can benefit tremendously from it The Gift is based on a practical concept that ultimately becomes a cherished relationship lifestyle a concept that is so pregnant with marriage preservation content that those who become impregnated with this concept will make marriage attractive even to many of those who are turned off by it At the core of this concept is its ultimate destination the motivation that gives it life and sustained consistency In its Ultimate Destination the title of the book becomes relevant and becomes the life blood of the mutual commitment to adhere to the Gold Standard of caring for each other Then there is GIFT care Two hundred and seventy four recommendations for caring for your marriage or the one that you will some day have In this marriage enrichment book the Royal status of the born again individual is brought into focus and its place in marriage enrichment is laid out This chapter shows disrespect the door In dealing with the fact of one's royal status in Christ this author takes the reader to the core of the fascinating world of authentic Christian Identity and shows how it can and is supposed to impact marriage in the most positive ways Then there are the responsibilities of Royalty Here too we are treated to a plethora of potentially life transforming facts a transformation that elevates self concept to new highs and changes the fulfillment zip code of the marriage itself In this book the author also deals with the practicality of Royalty Have you ever wondered how your marriage would be affected if you were to see both yourself and your spouse through the eyes of God This author takes you there Don't miss it If you and your spouse are both born again of the Holy Spirit do you know that to treat each other any less than as Royalty is highly offensive to God You owe it to yourself your marriage and your spouse to get this book and see why this is so Watch your home prosper as you make good use of this information **World of the Gift** Jacques T.

Godbout, Alain C. Caille, 1998-10-21 The anthropologist Marcel Mauss in his famous exploration of the gift in primitive and archaic societies showed that the essential aspect of the exchange of presents involved the establishment of a social tie that bound the parties together above and beyond any material value of the objects exchanged He argued that these intangible mutual debts constituted the social fabric Godbout and Caille show that contrary to the modern assumption that societies function on the basis of market exchange and the pursuit of self interest the gift still constitutes the foundation of our social fabric The authors describe the gift not as an object but as a social connection perhaps the most important social connection because it creates a sense of obligation to respond in kind They examine the gift in a broad range of cases such as blood and

organ donation volunteer work the bonds between friends couples and family Santa Claus the interaction between performers and their audience and the relation of the artist to society Written in an engaging manner The World of the Gift will appeal to anyone who is interested in how the world really operates      **The Gift of Languages** Fabrice Jaumont, Kathleen Stein-Smith, 2019 The emergence of newer international standards and the focus on STEM education are transforming entire educational sectors Yet as schools focus more attention to developing global competencies and 21st century skills in their pedagogy it has become critical to re engage educators and school communities with the goals of language education multilingualism and multiliteracy while promoting interconnectedness empathy and mutual comprehension among our youth With this in mind it is important to understand the potential of multilingual education as it can serve our societies new expectations and provide the right tools for success to our younger generations The Gift of Languages Paradigm Shift In U S Foreign Language Education explores the many advantages of multilingual education and sets the stage for a new paradigm in our approach to teaching and learning languages The book touches on the issue of foreign language deficit in the United States and the changes that need to occur in our schools to better serve our children and our linguistic communities The book also explores the growth of dual language education in recent years and explores the connection between both multilingual programming and solving the United States foreign language problem The discussion on language education in the United States has never been neutral moreover it has traditionally provided substantive direction and exerted significant authority over educational policy Yet this debate needs to move towards viewing multilingual education as an essential approach for our society and as something that should be prevalent among educational policymakers The audience for this book includes educators language teachers school leaders school boards program directors scholars and policy makers particularly if they want to join forces in building the future of education and investing in the multilingual capital of our nation This book is part of The Bilingual Revolution Series Praises We are at a critical point in our nation in which we can continue to hold on to our monolingual past or embrace a multilingual and more inclusive future The Gift of Languages helps us prepare and understand the necessary paradigm shift to adopt and implement a multilingual curriculum and mindset in our schools and communities Co authored by two pioneers and experienced experts in the bi and multilingual education space the book is a must read for educators policy makers community leaders students and interested parents who want to make meaningful changes now Andrew H Clark Ph D Chair Dept of Modern Languages as a nation we have not lived up to his words and actions Let us remind ourselves that we started out a linguistically and culturally diverse group of peoples that came together to build a strong nation over the years Linguistic diversity is the gift that our nation needs to give itself Francesco L Fratto President The Foreign Language Association of Chairpersons and Supervisors Mastering languages is essential for communicating with and understanding others respecting each other and appreciating our heritages and our roots The Gift of Languages offers an invaluable toolbox for policy makers educators

**Embracing the Gift of Parenthood** Elizabeth Marie Galloway-Evans,2009-04-08 This book concentrates on the relationship between parents and their children It brings to light what children are asking parents to be for them in their lives As parents we feel that we are the ones that have expectations and dreams for our children when in reality the expectations that children have of us are far more explicit and expansive than what we ask of them The funny thing about this is that if we meet their expectations of who it is that we need to be in their lives they will exceed our dreams of what we want for them in their lives **The Gift of Trans-Heritage** Randolph E. Okonkwo,2013-07-08 The awareness of the spiritual powers of the infinite God is embedded within the finite plane of mankind The Gift of Trans Heritage delves into the awareness of these spiritual powers The image and likeness of God comes with many other precious gifts transferred to mankind in spirit Mankind inherited tremendous power that comes with the infinitude of the Spirit of God Mankind is alive in abundance of all the gifts given to him from the Infinite Council of Eternal Deliberations The council of the three Godhead The best democratic principles is embedded in the image and likeness of God And more so our lives and science of it is beyond the human comprehension In the expression of God nothing is hidden He shows himself that who he is God has no flaw in all he does including his creations His infinitude is the exact unlimited power that he is The same infinite power is expressed to finitude in the image and likeness of God in spirit There is only one spirit one God and the same one spirit who lives in all people This spirit has no fear of any kind and will never have one The material man has fear for man lives and believes in matter not spirit Where there is no fear there will be no doubt of any kind The belief in this spirit and awareness of this spirit within you rules out any doubt for if you establish oneness with this spirit you will always have confidence in
