Third Series** Library of Congress. Copyright Office,1977      *The Cumulative Book Index* ,1912 A world list of books in the English language      A.D. ,1977-02      *The Origin and Development of Chinese Fiction* Changyu Shi,2024-08-27 This book introduces the origin and development of Chinese fiction before late Qing dynasty It covers a broad range of topics in traditional Chinese fiction studies including novels written in classical and vernacular Chinese structure and narrative of fiction writing the relationship between fiction and other traditional Chinese literary genres such as legends and proses of the pre Qin philosophers This book is a classic introduction to history of Chinese fiction studies since being first published in 1995      Advance ,1979      **National Union Catalog** ,1979 Includes entries for maps and atlases      *Modern Korean Fiction* Bruce Fulton,2005 Home to the New York Yankees the Bronx Zoo and the Grand Concourse the Bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream Once hailed as a wonder borough of beautiful homes parks and universities the Bronx became during the 1960s and 1970s a national symbol of urban deterioration Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York s growing and increasingly more diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough s

rejuvenation In recounting the varied and extreme transformations this remarkable community has undergone Evelyn Gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s Rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough Although the history of the Bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today Yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future *Black World/Negro Digest*, 1975-07 Founded in 1943 Negro Digest later Black World was the publication that launched Johnson Publishing During the most turbulent years of the civil rights movement Negro Digest Black World served as a critical vehicle for political thought for supporters of the movement Herodotus and the Origins of the Political Community Norma Thompson, 1996-01-01 The subtitle of this book is Arion's Leap and it is from this example of the puzzling fictionality of some of Herodotus' histories that the author starts her exploration Arion was the singer who leapt into the sea to escape from Corinthian pirates and was rescued by dolphins Scholars have long wrestled with Herodotus' practice of placing fanciful stories alongside factual ones but Thompson suggests that rather than displaying a primitive conception of history such a practice indicates a profound grasp of political theory and an understanding of the way that central stories can become the core of a political community This major reconsideration of Herodotus art draws his work into the modern historical debate and the author uses the writings of Martin Bernal Francois Hartog and Edward Said to shed new light on Herodotus' conception of history *Dictionary of Midwestern Literature, Volume Two* Philip A. Greasley, 2016-08-08 The Midwest has produced a robust literary heritage Its authors have won half of the nation's Nobel Prizes for Literature plus a significant number of Pulitzer Prizes This volume explores the rich racial ethnic and cultural diversity of the region It also contains entries on 35 pivotal Midwestern literary works literary genres literary cultural historical and social movements state and city literatures literary journals and magazines as well as entries on science fiction film comic strips graphic novels and environmental writing Prepared by a team of scholars this second volume of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest's continuing cultural vitality and the stature and distinctiveness of its literature **A History of Anglo-Latin Literature, 1066-1422** A. G. Rigg, 1992-12-10 A comprehensive of medieval Anglo Latin literature 'American Book Publishing Record' Cumulative R. R. Bowker LLC, 1976 **Historical Origins of International Criminal Law** Morten Bergsmo, CHEAH Wui Ling, YI Ping, 2014-12-12 The historical origins of international criminal law go beyond the key trials of Nuremberg and Tokyo but remain a topic that has not received comprehensive and systematic treatment This anthology aims to address this lacuna by examining trials proceedings legal instruments and publications that may be said to be the building blocks of contemporary international criminal law It aspires to generate new

knowledge broaden the common hinterland to international criminal law and further consolidate this relatively young discipline of international law The anthology and research project also seek to question our fundamental assumptions of international criminal law by going beyond the geographical cultural and temporal limits set by the traditional narratives of its history and by questioning the roots of its substance process and institutions Ultimately we hope to raise awareness and generate further discussion about the historical and intellectual origins of international criminal law and its social function The contributions to the three volumes of this study bring together experts with different professional and disciplinary expertise from diverse continents and legal traditions Volume 1 comprises contributions by prominent international lawyers and researchers including Judge LIU Daqun Professor David Cohen Geoffrey Robertson QC Professor Paulus Mevis and Professor Jan Reijntjes
