**Rosa Luxemburg** Paul Frölich,1972      **Rosa Luxemburg in Action** Rosemary H. T. O'Kane,2014-11-20 Neither a work concerned only with her Marxist writings nor a personal biography concerned with her private life this book examines Rosa Luxemburg's ideas on revolution and democracy and how the two are bound together by her views on the importance of political action Stretching historically from 1863 to the present this book covers in great detail the history and developments within the German SPD during her time the 1905 and 1917 Russian Revolutions the German Revolution the outbreak of World War I and the imperialism that fuelled it It then moves on to consider political and historical developments after her death and examines her arguments on revolution and democracy in the light of the post revolutionary government in Nicaragua the one violent revolution that sought to establish social democracy but failed Also covered are aspects of Rosa Luxemburg's life her important writings and actions the relevant Marxist debates in which she was involved including for example Bernstein's arguments on social democracy through reform and with Lenin on revolutionary organization A welcomed and timely collection presenting an important examination of the political and social context in which Luxemburg developed her activities and views and a complete understanding of the history of social democracy the revolutionary times of a century ago and the relevance of their events and ideas for more recent revolutions for democracy in the twenty first century

**Rosa Luxemburg** Paul Frölich,1972      **Ideas in Action** Stephen Eric Bronner,2000-01-01 Imagine a world in which means and ends theory and practice ideals values and interests are torturously disassociated and yet manifestly linked That is the world of the 20th century as Stephen Eric Bronner vividly portrays it in his important new work Now imagine a world in which new traditions mix with the old creativity blends with commitment and values from the past combine with bold visions of the future Creating this new fusion says Professor Bronner is the challenge for the 21st century and it inspires Ideas in Action Contemporary political theory has become alienated from politics It often neither discusses concrete political events nor touches the world of political action That is an intellectual luxury the academy of the 21st century can ill afford and Ideas in Action offers an accessible way out of the box into which the canon of political theory and philosophy has been stuffed With elegance and power Bronner surveys 20th century political traditions In the process he places theories and thinkers in their social historical and political contexts His sweeping presentation is organized into four imaginatively articulated phases that signal the direction of political thinking in the twentieth century Offering distinctive interpretations and criticisms presenting a new internationalist perspective Bronner imbues the text with original voices and primary sources from the very canon he is reconfiguring Careful notes of citation and explanation provide a pedagogical subtext that serves as a running bibliographic essay All this and more makes the perfect core or supplemental text for courses not only in political science but philosophy sociology history and cultural studies as well Ideas in Action is a book for thinking people seeking to understand the past and shape the next millennium in terms of a new planetary outlook and a cosmopolitan

sensibility Students will enjoy reading the text flock to the primary sources and engage with the ideas of Rosa Luxemburg Paul Frölich,1972

**The Arts of Democratization** Jennifer M. Kapczynski,Caroline Kita,2022-02-07 How postwar West German democracy

was styled through word image sound performance and gathering Memory, Trauma and the Spirited Life Gillian Burrell, 2022-12-30 Memory Trauma and the Spirited Life offers a unique understanding of memory's role in developing as a person in navigating the course of life and in mitigating emotional pain. This book develops the idea that memory by what it endows requires work of us that entails responsibility to the self, the other, to the planet and to the living and the dead. Discussing the concept of memory and what it provides from the ancients to the present, Burrell draws on such writers as E. M. Forster and Rosa Luxemburg, Walter Benjamin, Tzvetan Todorov and Edward Said as well as Susan Rubin Suleiman and Paul Ricoeur to explore the operation of cultural and collective memory, trauma, otherness and the possibility for forgiveness. By means of richly detailed clinical vignettes, the author provides a psychoanalytic perspective to illustrate the transformative power of memory in coming to terms with the past, thereby making it essential reading for psychoanalysts and psychotherapists in practice and in training as well as those with interests in history, literature, identity, the treatment of trauma and the question of hope.

**The German Idea of Militarism** Nicholas Stargardt, 1994-03-17 This 1994 book examines the development of the modern idea of militarism from its inception in the 1860s until the outbreak of World War I. Often regarded as the archetypal militarist state, imperial Germany in fact witnessed a major controversy over the issue which became a touchstone of political opposition. Issues like the arms race and the military industrial complex displaced more traditional concerns about authoritarian rule and militarism gradually acquired its modern meaning. The book is part of a wider discovery by historians of the way political identities and ideas intermeshed, contributing to the rise of civil society and new types of politics in modern Europe. The political history of the main protagonist of anti-militarism, German social democracy, is examined as Nicholas Stargardt reveals the lasting influence of older radical traditions and reappraises the role played by its espousal of Marxism.

**Norman Geras's Political Thought from Marxism to Human Rights** Mark Cowling, 2018-04-04 This book provides a critical account of the main controversies involving Norman Geras, one of the key modern political thinkers. It moves from his youthful Trotskyism on to his book on Rosa Luxemburg, then his classic account of Marx and human nature and his highly regarded discussion of Marx and justice. Following this, Geras tried to elaborate a Marxist theory of justice which involved taking on board aspects of liberalism. Next, he attacked the post-modernism of Laclau and Mouffe and criticised Rorty's pragmatism and then elaborated a contract of mutual indifference from a detailed study of the Holocaust. Lastly, he wrote a book on human rights and humanitarian intervention defending the 2003 invasion of Iraq. Cowling varies from exposition and admiration to ideas about how Geras's work should be interpreted to criticism of his Trotskyism and of his support for the invasion of Iraq. The book will appeal to readers interested in Norman Geras and Marxism in particular and social and political theory in general.

Epistolary Narratives of Love, Gender and Agonistic Politics Maria Tamboukou, 2023-09-30 This book revolves around epistolary narratives of women political theorists and activists following traces of Hannah Arendt's philosophical approaches to love and agonistic politics. four revolutionary women in the long dur e of the nineteenth and twentieth centuries in Europe and the USA the romantic socialist D sir e V ret Gay the Marxist Rosa Luxemburg the anarchist Emma Goldman and the labour activist Rose Pesotta The book s central argument is that Arendt s philosophical thought can throw light on dangerous liaisons between love gender and agonistic politics further making connections with feminist ruminations around love as an existential force in the ephemeral constitution of the female self in modernity Drawing on extended research with physical digital and published archival collections the book responds to the challenges of the digital turn and highlights the importance of memory work as a way of understanding the lasting effects of the past on the present As such *Epistolary Narratives of Love Gender and Agonistic Politics* will appeal to scholars of sociology and gender studies with interests in research methods particularly archival methods the work of Arendt feminist thought and memory studies

Wistrich,2020-04-06 Originally published in 1990 this book focuses on the challenge to Jewish identity posed by the conflicting forces of enlightenment emancipation modern political antisemitism and secular ideologies like Zionism nationalism and socialism At the heart of his discussion stands the intense tortured and ultimately tragic encounter of Jews with Germans and Austrians He also deals at length with the new problems of Jewish cultural and political identity posed by the existence of the state of Israel and its embattled position among the nations In the course of the analysis the book looks at the tragedy of assimilation in central Europe with the optimistic dream of Enlightenment and Bildung coming to a climax in the nightmare of racial antisemitism and the Holocaust He explores the ambivalent relationship of the Jews with the European Left showing how many Jewish intellectuals found a new political home in radical and socialist movements though these movements often retained negative stereotypes of Jews and Judaism and exhibited a fierce opposition to the maintenance of any separate Jewish identity The role of Zionism is discussed and the more recent challenges to its legitimacy examined
