The Rothschilds: the Financial Rulers of Nations John Reeves, 1887

The Story of the Jews, Ancient, Mediæval, and Modern James Kendall Hosmer, 1891

The Rothschilds John Reeves, 2018-01-25 WHAT S in a name asks Shakespeare The answer when the name is such as Rothschild is not difficult There is a volume of meaning in its mere sound It is a name which conjures up in the imagination visions of untold wealth and unrivalled power which appear so startling and amazing as to be more appropriate to romance than real life It has become a household word synonymous with unbounded riches and is as familiar to the ears of the struggling

artisan as to those of the banker or trader No name has indeed been so prominently before the public during the last sixty years or more as that of this great financial firm Its origin was so shrouded in humble obscurity and the rapidity with which it sprang forward to prosperity and fame was alike so extraordinary and so remarkable that the public gaze has been kept by a species of fascination upon the movements of the well known financiers From one corner of the world to the other the success of the Rothschilds has been the subject of universal wonder and envy When we recollect the poor beginnings of this eminent firm and contrast them with the exalted position it now holds there is good reason to be surprised History does not record another instance of such unparalleled success of such immense fortunes won in such a short time by sheer force of intellect rising superior to all adverse circumstances

Intimate Strangers Fredric Brandfon, 2023-05 Illuminating the history of Jews and Jewish Catholic relations in Rome *Intimate Strangers* investigates the unusual and uninterrupted relationship between Jews and Catholics as it has developed from the first century CE to the present

Strange Gods Susan Jacoby, 2017-03-21 In a groundbreaking historical work that focuses on the long tense convergence of Judaism Christianity and Islam with an uncompromising secular perspective Susan Jacoby illuminates the social and economic forces that have shaped individual faith and the voluntary conversion impulse that has changed the course of Western history for better and for worse Covering the triumph of Christianity over paganism in late antiquity the Spanish Inquisition John Calvin s dour theocracy American plantations where African slaves had to accept their masters religion along with individual converts including Augustine of Hippo John Donne Edith Stein Muhammad Ali George W Bush and Mike Pence *Strange Gods* makes a powerful case that nothing has been more important in struggle for reason than the right to believe in the God of one s choice or to reject belief in God altogether
