Postcards From My Mind Christopher Setterlund, 2009-12-17 Postcards From My Mind is the first collection of my own personal poetry and song lyrics written over a ten year span from 1996 2006 They explore the vast range of emotions felt through the late teen years and into the twenty something age Anybody can relate to what I have written *Retelling the Stories of Our Lives* David Denborough, 2014-01-06 Powerful ideas from narrative therapy can teach us how to create new life stories and promote change Our lives and their pathways are not fixed in stone instead they are shaped by story The ways in which we understand and share the stories of our lives therefore make all the difference If we tell stories that emphasize only desolation then we become weaker If we tell our stories in ways that make us stronger we can soothe our losses and ease our sorrows Learning how to re envision the stories we tell about ourselves can make an enormous difference in the ways we live our lives Drawing on wisdoms from the field of narrative therapy this book is designed to help people rewrite and retell the stories of their lives The book invites readers to take a new look at their own stories and to find significance in events often neglected to find sparkling actions that are often discounted and to find solutions to problems and predicaments in unexpected places Readers are introduced to key ideas of narrative practice like the externalizing problems the person is not the problem the problem is the problem and the concept of re membering one s life Easy to understand examples and exercises demonstrate how these ideas have helped many people overcome intense hardship and will help readers make these techniques their own The book also outlines practical strategies for reclaiming and celebrating one s experience in the face of specific challenges such as trauma abuse personal failure grief and aging Filled with relatable examples useful exercises and informative illustrations *Retelling the Stories of Our Lives* leads readers on a path to reclaim their past and re envision their future **The Mirrorman** Brian Way, 1973 **The Cosmic Web** J. Second Rising Catherine M.A. Wiebe, 2009-01-27 People cannot readily be categorized nor some books Second Rising is one of them In her publishing debut Canadian fiction writer Catherine Wiebe is as refreshing as she is startling with this fictional memoir of birthing and memory a chronicle of food prepared bread baked and human skin bringing first experience of the world Who knew that a

grandmother kneaded sorrow into each loaf of bread she baked or that her memories were preserved along with the pickles she and her granddaughter made Wiebe instinctively knows that preparing food for someone we love is the most intimate act of all making something that will not only be taken into the mouth and be transformed into flesh but will linger in memory as well Wiebe writes prose as if it were poetry sharp and clear touching the mind and stirring the heart while awakening long forgotten truths Second Rising is the afterlife of food the memory of what was once its reality has gone Catherine M A Wiebe a recent graduate in arts and science from McMaster University and her husband Tim live in Hamilton Ontario She has worked as an editor graphic designer construction site supervisor teaching assistant and bookkeeper Wiebe s enthusiasm for wholesome food and new recipes parallels her freshness in creative writing the mixture that is never the same worked with artistic knowledge of how to combine ingredients in ways that startle freedom to life **Beach House Refuge** Teresa

Hanes,2024-08-15 The effusive memorial service has come to a solemn end The mournful congregation of family and friends gather outside of the ominous doors of the funeral home They weep deeply hearing the sound of the hearse door being slammed shut signifying the end of life They take that tear filled ride in the motorcade to the cemetery plot The lowering of the casket into the grave is all that is left of a life once lived They say their last goodbyes Your loved one is gone forever or are they In this factual and mind provoking book you will read a myriad of absolutely true paranormal events strange coincidences hauntings and some most mysterious occurrences Every story has been the personal or shared experience of the author and she is excited to share them with you From her personal collection of recollections this series evokes intrigue and mystery when it comes to the supernatural events that have become commonplace for Sherry in her everyday life For Sherry when it comes to ghosts or spirits paranormal readings premonitions seeing the past or the future or communicating with the dead these are all just part of having the sixth sense otherwise known as being clairvoyant These stories reveal the many times Sherry has been contacted by the dearly departed that their voices be heard to deliver messages to the living In some cases spirits who have reached out were not always known to the living but acknowledgment of their presence was still very necessary In other cases souls are just lost and cannot find their way to their heaven Sometimes there were very

frightening experiences and other times the experiences were coming from a place of love and desperation You will also read about the results of paranormal encounters and also how delivering divine messages has forever impacted the recipients Sherry has delivered many messages to people of many different faiths and cultures She believes that she has been entrusted to be of divine service for this most precious undertaking Sherry has this to say about faith Faith is believing when common sense tells you not to Sherry's only hope is to be of service to those who suffer and that includes the living and the dead There is a favorite quote that Sherry loves to share It was written by Herbert Spencer under the Spiritual Experience from the Big Book of Alcoholics Anonymous which can be applied to just about any circumstance in life There is a principle which is a bar against all information which is proof against all arguments and which cannot fail to keep a man in everlasting ignorance that principle is contempt prior to investigation
