Louis Kossuth And Young America A Study Of Sectionalism And Foreign Policy 1848 185:

Louis Kossuth and Young America Donald S. Spencer, 1977 Lajos Kossuth de Udvard et Kossuthfalva Hungarian ljo kou t archaically English Louis Kossuth udov t Ko t in Slovak 19 September 1802 20 March 1894 was a Hungarian lawyer journalist politician and Regent President of the Kingdom of Hungary during the revolution of 1848 49 He was widely honored during his lifetime including in the United Kingdom and the United States as a freedom fighter and bellwether of democracy in Europe Kossuth s bronze bust can be found in the United States Capitol with the inscription Father of Hungarian Democracy Hungarian Statesman Freedom Fighter 1848 1849 Wikipedia Young America Edward L. Widmer, 2000 This fascinating study examines the meteoric career of a vigorous intellectual movement rising out of the Age of Jackson As Americans argued over their destiny in the decades preceding the Civil War an outspoken new generation of ultra democratic writers entered the fray staking out positions on politics literature art and any other territory they could annex They called themselves Young America and they proclaimed a Manifest Destiny to push back frontiers in every category of achievement Their swagger found a natural home in New York City already bursting at the seams and ready to take on the world Young America s mouthpiece was the Democratic Review a highly influential magazine funded by the Democratic Party and edited by the brash and charismatic John O Sullivan The Review offered a fresh voice in political journalism and sponsored young writers like Hawthorne and Whitman early in their careers Melville too was influenced by Young America and provided a running commentary on its many excesses Despite brilliant promise the movement fell apart in the 1850s leaving its original leaders troubled over the darker destiny they had ushered in Their ambitious generation had failed to rewrite history as promised Instead their perpetual agitation helped set the stage for the Civil War Young America The Flowering of Democracy in New York City is without question the most complete examination of this captivating and original movement It also provides the first published biography of its leader John O Sullivan one of America s great rhetoricians Edward L Widmer enriches his unique volume by offering a new theory of Manifest Destiny as part of a broader movement of intellectual expansion in nineteenth century America *Revolution of 1861* Andre Fleche, 2012 The Revolution of 1861 Louis Kossuth and Young America Donald S. Spencer, 1977 *A Union Forever* David Sim, 2013-12-15 In the mid nineteenth century the Irish question the governance of the island of Ireland demanded attention on both sides of the Atlantic In *A Union Forever* David Sim examines how Irish nationalists and their American sympathizers attempted to convince legislators and statesmen to use the burgeoning global influence of the United States to achieve Irish independence Simultaneously he tracks how American politicians used the Irish question as means of furthering their own diplomatic and political ends Combining an innovative transnational methodology with attention to the complexities of American statecraft Sim rewrites the diplomatic history of this neglected topic He considers the impact that nonstate actors had on formal affairs between the United States and Britain finding that not only did Irish nationalists fail to involve the United States in their

cause but actually fostered an Anglo American rapprochement in the final third of the nineteenth century Their failures led them to seek out new means of promoting Irish self determination including an altogether more radical revolutionary strategy that would alter the course of Irish and British history over the next century *Studies in the American Renaissance* Joel Myerson,1978 **Liberty and Liberticide** Michael J. Turner,2013-11-15 America was important to many British radicals It was a model an exemplar a source of inspiration and American events were believed to have a bearing on reform debates in Britain Many scholars focus on the positive impressions of the United States that prominent British radicals entertained developed and propagated but it is necessary also to explore the reasons why some radicals condemned rather than praised America and to explain how America was conceptualized and used by them and to what purpose **Liberty and Liberticide** focuses on the influence America exerted over the ideas and activities of nineteenth century British radicals While some looked on America as the model of liberty others associated it with the destruction of liberty Turner shows how radicals views about the United States and the course of Anglo American relations shaped their domestic reform agenda and their assumptions about British political values and Britain s place in the world **Seward** Walter Stahr,2012-09-18 From one of our most acclaimed new biographers the first full life of the leader of Lincoln s team of rivals to appear in more than forty years William Henry Seward was one of the most important Americans of the nineteenth century Progressive governor of New York and outspoken U S senator he was the odds on favorite to win the 1860 Republican nomination for president As secretary of state and Lincoln s closest adviser during the Civil War Seward not only managed foreign affairs but had a substantial role in military political and personnel matters Some of Lincoln s critics even saw Seward erroneously as the power behind the throne this is why John Wilkes Booth and his colleagues attempted to kill Seward as well as Lincoln Seward survived the assassin s attack continued as secretary of state and emerged as a staunch supporter of President Andrew Johnson Lincoln s controversial successor Through his purchase of Alaska Seward s Folly and his groundwork for the purchase of the Canal Zone and other territory Seward set America on course to become a world empire Seward was not only important he was fascinating Most nights this well known raconteur with unruly hair and untidy clothes would gather diplomats soldiers politicians or actors around his table to enjoy a cigar a drink and a good story Drawing on hundreds of sources not available to or neglected by previous biographers Walter Stahr sheds new light on this complex and central figure as well as on pivotal events of the Civil War and its aftermath *The British Library General Catalogue of Printed Books 1976 to 1982* British Library,1983 Subject Catalog Library of Congress,1978 **Biographical Books, 1950-1980** R.R.
