Selected Poems Louis MacNeice, 1988 I would have a poet able bodied fond of talking a reader of the newspapers capable of pity and laughter informed in economics appreciative of women involved in personal relationships actively interested in politics susceptible to physical impressions Louis MacNeice's prescription is designed to look ordinary rather than esoteric but very little poetry can claim to meet these specifications stringent in their very wideness MacNeice's work matches the world he famously described as incorrigibly plural

Selected Poems of Louis MacNeice Louis MacNeice, 1990 Collected Poems Louis MacNeice, 2015-04-09 In the decades since his death in 1963 Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations of readers in Ireland Britain and beyond for whom he is one of the essential poets of the twentieth century His work has also received increasing attention from academic writers and students For both readers and critics the nature of MacNeice's poetic work as a whole is a matter of importance and the second posthumous Collected Poems entirely re edited by Peter McDonald attempts for the first time to print MacNeice's poetry in groupings corresponding closely to the collections published by Faber between 1935 and 1963 This makes it easier to read the poet in the published forms in which he was read by his contemporaries In choosing to re create the environments of MacNeice's individual volumes of poetry moreover this new Collected reflects the opinion that MacNeice works best in and through those separate volumes particularly so in the brilliant return to form and unique kinds of return on lyric form itself of the last three collections The texts of the poems in the new edition are based on a comparison of all printed versions as revised in the light of the poet's later thoughts This has resulted in a large number of changes It is hoped that the present edition presents MacNeice's poetry more accurately as well as more fully than all previous collections The new Collected Poems also includes as appendices The Last Ditch the short book of poems which MacNeice published with the Cuala Press in 1940 and The Revenant a cycle of songs written for MacNeice's wife the singer Hedli Anderson a selection of uncollected early poems and from Blind Fireworks MacNeice's first published book of verse

Louis MacNeice, 1990 *The Collected Poems of Louis MacNeice* Louis MacNeice, 1967 Early in his career MacNeice was identified with a group of politically committed poets whose work appeared in Michael Roberts's anthology *New Signatures* MacNeice drew many of the texts for *Modern Poetry A Personal Essay* from the *New Signature*

poets Modern Poetry was MacNeice's plea for an impure poetry expressive of the poet's immediate interests and his sense of the natural and the social world. Despite his association with young British poets Stephen Spender, W. H. Auden, writer Christopher Isherwood and other left wing poets, MacNeice was as mistrustful of political programs as he was of philosophical systems. In the decades since his death in 1963, Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations of readers in Ireland, Britain and beyond for whom he is one of the essential poets of the twentieth century. His work has also received increasing attention from academic writers and students. For both readers and critics, the nature of MacNeice's poetic work as a whole is a matter of importance, particularly so in the brilliant return to form and unique kinds of return on lyric form itself.

Louis MacNeice Reads Selected Poems
Louis MacNeice, 1961 *Selected Poems of Louis MacNeice* W. H. Auden, 1964 Louis MacNeice Louis MacNeice, 2001

In this series a contemporary poet advocates a poet of the past or present whom they have particularly admired. By their selection of verses and by the personal and critical reactions they express, the selectors offer intriguing insight into their own work.

Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16

Complete poems are bulky and too heavy to carry around. Collected poems pretend to be complete but usually are not. Selected poems are altogether unpretentious and reader friendly. But they can be problematic. Who decides what poems are important for inclusion in a volume of selected poems? When the selection occurs during the author's lifetime, may one assume that the author was involved? What motivates the choice of one poem over another? How do readers' preferences influence this choice? How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection? The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day, using selections from the 1940s until now. They offer new insight into the uses, both pedagogical and critical, of selection. Because *Selected Poems* usually address a large general public, these essays have also been written for all those who wish to know more about how these slimmer, more attractive volumes are produced.

Louis MacNeice Louis MacNeice, 1979 **Collected Poems, 1925-1948, by Louis MacNeice** Louis MacNeice, 1954 *New Selected Poems of W. S. Graham* W.S. Graham, 2018-09-18

One hundred years after his birth, W. S. Graham's words seem more awake than ever. His subtle exploration of the paradoxes of language, his passionate conviction of the importance of art and the love he expresses for the people and landscapes of his native Clydeside and adopted home of Cornwall attract more readers each year. In startlingly original poems he celebrates family and friendship and probes the limits of our understanding of the world and our place in it. Graham's *New Collected Poems* 2004 marked a crucial point in the growth of his reputation, bringing together for the first time all the poems of his seven collections as well as some of the unpublished material that had come to light since his death in 1986. Now, as we honour his centenary, this *New Selected Poems* presents his best and most characteristic from his epic seafaring masterpiece *The Nightfishing* to the quirky metaphysics of *Implements in their Places*, as well as a selection of his early neo-romantic

poems which Graham himself believed were essential to a full understanding of his oeuvre and some remarkable uncollected work There is no better way to make the acquaintance of one of the greatest British poets of the twentieth century Louise MacNeice Louis MacNeice,2005 Louis MacNeice was born in Belfast in 1907 and educated at Marlborough and Merton College Oxford For most of his working life he was a writer and producer for BBC radio His death in 1963 was sudden and unexpected The Cambridge Companion to Irish Poets Gerald Dawe,2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times *Out of what Began* Gregory A. Schirmer,1998 The first book of its kind Out of What Began traces the development of a distinctive tradition of Irish poetry over the course of three centuries Beginning with Jonathan Swift in the early eighteenth century and concluding with such contemporary poets as Seamus Heaney and Eavan Boland Gregory A Schirmer looks at the work of nearly a hundred poets Considering the evolving political and social environments in which they lived and wrote Schirmer shows how Irish poetry and culture have come to be shaped by the struggle to define Irish identity Schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of Irish literature many of these writers are women whose work has been kept in the shadows cast by that of well known male poets He also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence With its rich selection of poetic voices Out of What Began reveals the political social and religious diversity of Irish culture **Modern Irish Writers** Alexander G. Gonzalez,1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Frigl Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume Louis MacNeice and the Irish Poetry of His Time Tom Walker,2015 Louis MacNeice and the Irish Poetry of his Time draws on new archival research to suggest ways in which MacNeice s poetry is closely linked to contemporaneous developments in Irish literature and culture **Serious Poetry** Peter McDonald,2002 Do we want to read poetry or just like having a few poets to talk about The history of poetry in

twentieth century Britain and Ireland is one which ends with the assimilation of successful poets into a media culture it is also however another history one of form and authority in which certain poets found modes and pitches of resistance to the seeming inevitabilities of their times In this history it is the authority of poetry and not the media processed poet which is at stake in the integrity of poetic form Serious Poetry Form and Authority from Yeats to Hill offers a controversial reading of twentieth century British and Irish poetry centred on six figures all of whom are critics as well as poets W B Yeats T S Eliot W H Auden Louis MacNeice Seamus Heaney and Geoffrey Hill Yeats s centrality to twentieth century poetry and the problem many poets and critics had or still have with that centrality is a major focus of the book Serious Poetry argues that it is in the strengths possibilities perplexities and certainties of the poetic form that poetry s authority in a distrustful cultural climate remains most seriously alive

Modern Irish and Scottish Poetry Peter Mackay, Edna Longley, Fran Brearton, 2011-04-14

The comparative study of the literatures of Ireland and Scotland has emerged as a distinct and buoyant field in recent years This collection of new essays offers the first sustained comparison of modern Irish and Scottish poetry featuring close readings of texts within broad historical and political contextualisation Playing on influences crossovers connections disconnections and differences the affinities and opposites traced in this book cross both Irish and Scottish poetry in many directions Contributors include major scholars of the new archipelagic approach as well as leading Irish and Scottish poets providing important insights into current creative practice Poets discussed include W B Yeats Hugh MacDiarmid Sorley MacLean Louis MacNeice Edwin Morgan Douglas Dunn Seamus Heaney Ian Hamilton Finlay Michael Longley Medbh McGuckian Nuala ni Dhomhnaill Don Paterson and Kathleen Jamie This book is a major contribution to our understanding of poetry from these islands in the twentieth and twenty first centuries
