Practicing Pragmatist Aesthetics Wojciech Malecki,2014-05-01 This is the first collection in English devoted exclusively to pragmatist aesthetics Its main aim is to employ the resources of that rich and exciting tradition in studying artistic phenomena such as film sculpture bio art poetry the novel cuisine and various body arts But it also attempts to provide a wider background for such studies by sketching the history of pragmatist reflection on the aesthetic and by discussing some of the main positions that this history has produced the aesthetic conceptions of C S Peirce William James John Dewey Joseph Margolis Richard Shusterman somaesthetics in particular and others **The Tears of Things** Peter Schwenger,2006 We surround ourselves with material things that are invested with memories but can only stand for what we have lost Physical objects such as one s own body situate and define us yet at the same time they are fundamentally indifferent to us The melancholy of this rift is a rich source of inspiration for artists Peter Schwenger deftly weaves together philosophical and psychoanalytical theory with artistic practice Concerned in part with the act of collecting **The Tears of Things** is itself a collection of exemplary art objects literary and cultural attempts to control and possess things including paintings by Georgia O Keeffe and Ren Magritte sculpture by Louise Bourgeois and Marcel Duchamp Joseph Cornell s boxes Edward Gorey s graphic art fiction by Virginia Woolf Georges Perec and Louise Erdrich the hallucinatory encyclopedias of

Jorge Luis Borges and Luigi Serafini and the corpse photographs of Joel Peter Witkin However these representations of objects perpetually fall short of our aspirations Schwenger examines what is left over debris and waste and asks what art can make of these What emerges is not an art that reassembles but one that questions what it means to assemble in the first place Contained in this catalog of waste is that ultimate still life the cadaver where the subject object dichotomy receives its final ironic reconciliation Peter Schwenger is professor of English at Mount St Vincent University in Halifax Nova Scotia He is the author of *Fantasm and Fiction On Textual Envisioning Letter Bomb Nuclear Holocaust and the Exploding Word* and *Phallic Critiques Masculinity and Twentieth Century Literature* *Beyond Fetishism and Other Excursions in Psychopragmatics* NA NA,2022-09-24 Do the meanings of the innumerable fetish signs appearing in recent artworks depend on the senders intentions Is the meaning of postfeminist glamour the celebration of femininity that its practitioners tout to counter ersatz macho posturing To fully examine and clarify these and other issues involving gender postcolonial and artistic otherness this book argues for a more adequate view of performativity than presently available from speech act theory and certain strains of linguistic pragmatics In drawing simultaneously on Charles Sander Peirce s pragmatic analysis of signs Freudian and post Freudian psychoanalytic inquiry and radical feminist thought the concern of *Beyond Fetishism* is with the ethical and aesthetic import of the psychopragmatics resulting from this intermingling **Art Of The Postmodern Era** Irving Sandler,2018-05-30 Sandler discusses the major and minor artists and their works movements ideas attitudes and styles and the social and cultural context of the period He covers post modernist art theory the art market and consumer society American and European art and artists are included Modern Irish Poetry: A New Alhambra Frank Sewell,2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Se n Riord in to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet M irt n Dire in In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Dire in This switch back in time geography social mores or outlook fits and illustrates Sewell s concept of the zig zag movement of a country s culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala N Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has

become the current trail blazer of Irish poetry in either language *Sculpture in the Age of Doubt* Thomas McEvilley,1999-08 Framed in a lucid discussion of the intellectual issues surrounding the postmodern movement the essays in this book re examine the course of twentieth century art through the work of twenty five major sculptors McEvilley masterfully traces the evolution of modern sculpture from the readymades of Marcel Duchamp to the anti painting statements of the 1960s to the spiritualism and conceptualism of the 1980s and 1990s This is a groundbreaking work in the field of art criticism and a fundamental text for anyone interested in the history of current art and culture Allworth Press an imprint of Skyhorse Publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art Our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start careers business and legal forms business practices and more While we don t aspire to publish a New York Times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers *Monstrous Beauty: A Feminist Revision of Chinoiserie* Iris Moon,2025-03-24 Monstrous Beauty presents a bold cross cultural history of porcelain told through a feminist lens Prized for its delicate quality and whiteness porcelain was first imported to Europe from China in the early modern period and gained lasting associations with Chinoiserie a style that encapsulated associations of mystery and enchantment with Asia This book probes the collective anxieties around gender race and sexuality lurking under the surface of this ornate style derided by some eighteenth century critics as monstrous and unnatural In interconnected essays Iris Moon unpacks Chinoiserie s language of curiosity and exoticism Here close looking at garnitures plates tea cups and saucers reveals how the desire to collect and possess porcelain created entrenched cultural myths of the Asian woman and how it later extended into such mediums as photography and film In addition sixteen readings by contemporary artists and scholars of works ranging from the sixteenth century to the present respond to this fraught history by asking how we can engage in meaningful dialogues about Chinoiserie today **The Sculptural Imagination** Alex Potts,2000-01-01 Potts also offers a detailed view of selected iconic works by sculptors ranging from Antonio Canova and Auguste Rodin to Constantin Brancusi David Smith Carl Andre Eva Hesse and Louise Bourgeois key players in modern thinking about the sculptural The impact of minimalism features prominently in this discussion for it disrupted accepted understanding of how a viewer interacts with a work of art thereby placing the phenomenology of viewing three dimensional objects for the first time at the center of debate about modern visual art Jacket **A Dictionary of the Avant-Gardes** ,2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture **Women Artists at the Millennium** Carol Armstrong,Catherine De Zegher,2011-02-25 Artists art historians and critics look at the legacies of feminism and critical
