The Last Leonardo Ben Lewis, 2019-06-25 An epic quest exposes hidden truths about Leonardo da Vinci's Salvator Mundi the recently discovered masterpiece that sold for 450 million and might not be the real thing In 2017 Leonardo da Vinci's small oil painting the Salvator Mundi was sold at auction In the words of its discoverer the image of Christ as savior of the world is the rarest thing on the planet Its 450 million sale price also makes it the world's most expensive painting For two centuries art dealers had searched in vain for the Holy Grail of art history a portrait of Christ as the Salvator Mundi by Leonardo da Vinci Many similar paintings of greatly varying quality had been executed by Leonardo's assistants in the early sixteenth century But where was the original by the master himself In November 2017 Christie's auction house announced they had it But did they The Last Leonardo tells a thrilling tale of a spellbinding icon invested with the power to make or break the reputations of scholars billionaires kings and sheikhs Ben Lewis takes us to Leonardo's studio in Renaissance Italy to the court of Charles I and the English Civil War to Amsterdam Moscow and New Orleans to the galleries salerooms and restorer's workshop as

the painting slowly painstakingly emerged from obscurity The vicissitudes of the highly secretive art market are charted across six centuries It is a twisting tale of geniuses and oligarchs double crossings and disappearances in which we re never quite certain what to believe Above all it is an adventure story about the search for lost treasure and a quest for the truth Praise for The Last Leonardo The story of the world s most expensive painting is narrated with great gusto and formidably researched detail in Ben Lewis s book Lewis s probings of the Salvator s backstory raise questions about its historical status and visibility and these lead in turn to the fundamental question of whether the painting is really an autograph work by Leonardo Charles Nicholl The Guardian As the art historian and critic Ben Lewis shows in his forensically detailed and gripping investigation into the history discovery and sales of the painting establishing the truth is like nailing down jelly Michael Prodger The Sunday Times **Landers Film Reviews** ,1987 **Art Museums of the World [2 Volumes]** Virginia Jackson,1987-03-25 An authoritative reference work that lists more than 200 selected museums in countries from Afghanistan to Zaire This set responds to the need for a work that offers serious researchers scholarly articles on the history and collections of the world s major museums Choice This volume will be of great use to scholars for the valuable and frequently difficult to obtain information it provides including facts about museum libraries and the availability of slides and photographs Not only will it be a wonderful reference tool for researchers but it also makes fascinating reading for the armchair traveler Highly recommended Library Journal *Condé Nast's Traveler* ,2000 [A Representation of Nationhood in the Museum](#) Sang-hoon Jang,2020-01-20 A Representation of Nationhood in the Museum examines how the National Museum of Korea as a national repository of material culture and the state s premier exhibition facility has shaped and been shaped by Korean nationalism Exploring the processes by which the museum has discovered and interpreted material culture using concepts of ethnic nationalism in the historical and political contexts of South Korean society the book analyses how this nationalist interpretation has regulated South Koreans understanding of their material culture Issues considered include cultural and political relations with China Japanese colonial rule cultural imperialism and its legacy the division of Korea since 1945 the Korean War and nation building since liberation in 1945 and domestic political upheavals including military coups in 1961 and in 1979 Demonstrating that authoritarian regimes emphasis on the promotion of national unity drove national museums to establish national identity through material culture Jang argues that international political and diplomatic factors also affect the process of the formation of national identity in a specific political context Concerning itself with issues such as the relationship between politics and identity museums and authoritarian regimes this book should be essential reading for academics researchers and postgraduate students in museum studies nationalism studies Asian studies and history departments [Museum Masters](#) Edward P. Alexander,1995 Alexander brings to life the stories of twelve ambitious leaders from the United States and Europe who helped shape the future of the museum world **Gold Coins of the World, 10th edition** Arthur & Ira Friedberg,2023-12-20 The tenth edition of Gold Coins of the World expands on its

predecessor digging more deeply into new areas of collector interest and expanding many sections From the coins of Ancient Greece Rome and the Byzantine Empire and from Afghanistan through Zanzibar it includes the addition of many new discoveries for dozens of countries From the 384 pages of the 1958 edition the work has expanded to 852 pages which have been completely revised and updated The authors have listed more than 22 000 coin types which are illustrated with more than 8 500 photos now for the first time each one of them in color Each country s section includes tables of weight and fineness The market valuations are extensively revised to reflect both the higher price of gold as well as the skyrocketing demand for numismatic rarities Valuations are now provided for the first time in up to three states of preservation Many of the prices especially for great rarities and coins in higher grades have at least doubled In fact as collectors recognize the scarcity of coins in the highest states of preservation the premium for such coins relative to lower graded ones is escalating beyond traditional proportions The coinage of India and the Islamic world long dismissed by western collectors as difficult to decipher unimportant and lacking in value is now the subject of intense interest and has shown some of the most dramatic increases of all The reader will also find a useful directory of the world s leading gold coin dealers and auction houses For the numismatist banker economist historian or institution of higher learning the tenth edition of *Gold Coins of the World* is a book for every library public and private **Library Journal** ,1999 [Library Catalog of the Metropolitan Museum of Art, New York](#) Metropolitan Museum of Art (New York, N.Y.). Library,1960 **Art Museums of the World** Virginia Jackson,1987 **The Spectator** ,1909 A weekly review of politics literature theology and art *Caere* Nancy Thompson de Grummond,Lisa Pieraccini,2016-08-09 The Etruscan city of Caere and eleven other Etruscan city states were among the first urban centers in ancient Italy Roman descriptions of Etruscan cities highlight their wealth beauty and formidable defenses Although Caere left little written historical record outside of funerary inscriptions its complex story can be deciphered by analyzing surviving material culture including architecture tomb paintings temples sanctuaries and materials such as terracotta bronze gold and amber found in Etruscan crafts Studying Caere provides valuable insight not only into Etruscan history and culture but more broadly into urbanism and the development of urban centers across ancient Italy Comprehensive in scope *Caere* is the first English language book dedicated to the study of its eponymous city Collecting the work of an international team of scholars it features chapters on a wide range of topics such as Caere s formation and history economy foreign relations trade networks art funerary traditions built environment religion daily life and rediscovery Extensively illustrated throughout *Caere* presents new perspectives on and analysis of not just Etruscan civilization but also the city s role in the wider pan Mediterranean basin
