Love And Death In The American Novel:

Love and Death in the American Novel Leslie A. Fiedler, 1997 No other study of the American novel has such fascinating and on the whole right things to say Washington Post **Love and Death in the American Novel** Leslie Aaron

Fiedler, 1964 **Love and Death in the American Novel [by] Leslie A. Fiedler** Leslie A. Fiedler, *Love and Death in the American Novel* Thomas J. Grimes, 1991 **Love and Death in the American Novel** Anthony Wayne Colver, 1967

Love and Death in the American Novel , 2000 **Love and Death in the American Novel** Leslie A. Fiedler (Anglist, Literaturwissenschaftler), 1969 **Love and Depth in the American Novel** Ashley C. Barnes, 2020-04-23 Love and Depth in the American Novel seeks to change how we think about the American love story and how we imagine the love of literature By examining classics of nineteenth century American literature Ashley Barnes offers a new approach to literary theory that encompasses both New Historicism and the ethical turn in literary studies Couples like Huck and Jim and Ishmael and Queequeg have grounded the classic account of the American novel as exceptionally gothic and antisocial Barnes argues instead for a model of shared intimacy that connects the evangelical sentimental best seller to the high art of psychological realism In her reading of works by Harriet Beecher Stowe Nathaniel Hawthorne Herman Melville Elizabeth Stoddard Henry James and others in the context of nineteenth century Protestant Catholic debates about how to know and love God what emerges is an alternate tradition of the American love story that pictures intimacy as communion rather than revelation Barnes uses that unacknowledged love story to propose a model of literary critical intimacy that depends on reading fiction in its historical context *A Companion to American Fiction, 1780 - 1865* Shirley Samuels, 2008-04-15 This Companion presents the current state of criticism in the field of American fiction from the earliest declarations of nationhood to secession and civil war Draws heavily on historical and cultural contexts in its consideration of American fiction Relates the fiction of the period to conflicts about territory and sovereignty and to issues of gender race ethnicity and identity Covers different forms of fiction including children s literature sketches polemical pieces historical romances Gothic novels and novels of exploration Considers both canonical and lesser known authors including James Fennimore Cooper Hannah Foster Nathaniel Hawthorne Herman Melville and Harriet Beecher Stowe Treats neglected topics such as the Western novel science and the novel and American fiction in languages other than English *Calvinist Humor in American Literature* Michael Dunne, 2007-12-01 Though the phrase Calvinist humor may seem to be an oxymoron Michael Dunne in highly original and unfailingly interesting readings of major American fiction writers uncovers and traces two recurrent strands of Calvinist humor descending from Puritan times far into the twentieth century Calvinist doctrine views mankind as fallen apt to engage in any number of imperfect behaviors Calvinist humor Dunne explains consists in the perception of this imperfection When we perceive that only others are imperfect we participate in the form of Calvinist humor preferred by William Bradford and Nathanael West When we perceive that others are imperfect as we all are we participate in the form preferred by Mark

Twain and William Faulkner for example Either by noting their characters inferiority or by observing ways in which we are all far from perfect Dunne observes American writers have found much to laugh about and many occasions for Calvinist humor The two strains of Calvinist humor are alike in making the faults of others more important than their virtues They differ in terms of what we might think of as the writer perceiver s disposition his or her willingness to recognize the same faults in him or herself In addition to Bradford West Twain and Faulkner Dunne discovers Calvinist humor in the works of Flannery O Connor Herman Melville Nathaniel Hawthorne Ernest Hemingway and many others For these authors the world and thus their fiction is populated with flawed creatures Even after belief in orthodox Calvinism diminished in the twentieth century Dunne discovers American writers continued to mine these veins irrespective of the authors religious affiliations or lack of them Dunne notes that even when these writers fail to accept the Calvinist view wholeheartedly they still have a tendency to see some version of Calvinism as more attractive than an optimistic idealistic view of life With an eye for the telling detail and a wry humor of his own Dunne clearly demonstrates that the fundamental Calvinist assumption that human beings are fallen from some putatively better state has had a surprising lingering presence in American literature

A Companion to the American Novel Alfred Bendixen, 2014-11-17 Featuring 37 essays by distinguished literary scholars *A Companion to the American Novel* provides a comprehensive single volume treatment of the development of the novel in the United States from the late 18th century to the present day Represents the most comprehensive single volume introduction to this popular literary form currently available Features 37 contributions from a wide range of distinguished literary scholars Includes essays on topics and genres historical overviews and key individual works including *The Scarlet Letter* Moby Dick *The Great Gatsby* *Beloved* and many more

Unusable Past Russell J. Reising, 2013-11-05. First Published in 2002. Amongst a time of rapid and radical social change, *New Accents* is a positive response to change with each volume seeking to encourage rather than resist the process of change, to stretch rather than reinforce boundaries that currently define literature and its academic study. This study offers the author's theories of American literature, and more specifically, his interest here is in how those theories define the canon of American literature and how those definitions influence our understanding and teaching of that canon. **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01. The last half of the twentieth century has seen the emergence of literary theory as a new discipline. As with any body of scholarship, various schools of thought exist and sometimes conflict within it. Irene Rima Makaryk has compiled a welcome guide to the field. Accessible and jargon-free, the *Encyclopedia of Contemporary Literary Theory* provides lucid, concise explanations of myriad approaches to literature that have arisen over the past forty years. Some 170 scholars from around the world have contributed their expertise to this volume. Their work is organized into three parts. In Part I, forty evaluative essays examine the historical and cultural context out of which new schools of thought and approaches to literature arose. The essays also discuss the uses and limitations of the various schools and the key issues they address. Part II focuses on individual theorists. It provides a more detailed picture of the network of scholars, not always easily pigeonholed into the categories of Part I. This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context. Part III deals with the vocabulary of literary theory. It identifies significant, complex terms, places them in context, and explains their origins and use. Accessibility is a key feature of the work. By avoiding jargon, providing mini-bibliographies, and cross-referencing throughout, Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture.
