Love And Eroticism:

The Double Flame Octavio Paz, 1996 A collection of essays examines the themes of love and sex in literature from Plato to modern fiction Love and Eroticism Mike Featherstone, 1999 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love *The Double Flame* Octavio Paz, 1996 **Love and Sexuality in Social Theory** Emiliano Bevilacqua, Mariano Longo, Michael Hviid

Jacobsen, 2024-11-27 Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions *The Transformation of Intimacy*

Anthony Giddens, 1992 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life more generally In answering these questions the author disputes many of the dominant interpretations of the role of sexuality in modern culture The author suggests that the revolutionary changes in which sexuality has become caught up are more long term than generally conceded He sees them as intrinsic to the development of modern societies as a whole and to the broad characteristics of that development Sexuality as we know it today is a creation of modernity a terrain upon which the contradictory tendencies of modern social life play themselves out in full Emancipation and oppression opportunity and risk these have become a part of a heady mix that irresistably ties our individual lives to global outcomes and the transformation of intimacy We live today in a social order in which for the first time in history women are becoming equal to men or at least have lodged a claim to such equality as their right The author does not attempt to analyze the gender inequalities that persist

in the economic or political domains but instead concentrates on a more hisdden personal area in which women ordinary women in the course of their day to day lives quite apart from any political agenda have pioneered changes of greate and generalizable importance These changes essentially concern an exploration of the potentialities of the pure relationship a relaitonship that presumes sexual and emotional equality and is explosive in its connotations for pre existing relations of power The author analyzes the emergence of what he calls plastic sexuality sexuality freed from its intrinsic relation to reproduction in terms of the emotional emancipation implicit in the pure relationship as well as women s claim to sexual pleasure Plastic sexuality is decentered sexuality freed from both reproduction and subservience to a fixed object It can be molded as a trait of personality and thus become bound up with the reflexivity of the self Premised on plastic sexuality the pure relationship is not exclusively heterosexual it is neutral in terms of sexual orientation The author speculates that the transformaion of intimacy might be a subversive influence on modern institutions as a whole for a social world in which the dominant ideal was to achieve intinsic rewards from the company of others might be vastly different from that which we know at the present

Love & Eroticism Mike Featherstone,1999-09-20 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture

The Double Flame Octavio Paz,2011-06-08 A discourse on the connection between sex eroticism and love in literature by the Nobel Prize winning poet and essayist

Love and Sexuality Sarah F. Donachie,Kim Harrison,2005 The papers collected in this volume are selected from the proceedings of the Love and Sexuality conference held at the University of Leeds in 2002 They bring together a cross section of new directions in the study of love and sexuality currently being explored in French Studies The central focus of the collection is the representation of love desire erotica and sexuality in the couple in particular in relation to depictions of women The contributions share a common concern with problematising issues of love and sexuality across various disciplines focusing on literary texts cinema gender studies theatre studies history visual iconography and cultural studies and ranging from the sixteenth century to the present day

The Blue Flame and the Red Flame, Love and Eroticism ,2001

Romantic Love and Sexual Behavior Victor C. de Munck,1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary

reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors extend our understanding of the variety of ways that love and sex are conceptualized connected or separated

Love, Sex & Eroticism in Contemporary Latin American Literature Alun Kenwood, 1992

The Erotic rEvolution Pulpan Loredana, 2025-02-20

Eroticism is undoubtedly a fascinating topic that has left a deep imprint on our lives since childhood and continues to influence both our present and future Our relationship with eroticism is shaped by the beliefs formed in adolescence youth and early adulthood as well as by the more or less happy experiences we have had along the way Perhaps we've never truly given ourselves the chance to reflect or to seek the truth within What does eroticism mean to me Why do I feel the need to make love

The Erotic rEvolution invites you to venture deeper into your own essence and discover the answers to these fundamental questions The Erotic rEvolution is a journey into the vast and often unknown world of eroticism an essential yet underexplored theme This book dismantles the myths and taboos that limit spiritual growth through eroticism and encourages you to rethink your values and your perspective on your own sexuality In the pages of The Erotic rEvolution you will uncover the mysteries of intimacy and relationships as well as valuable tools to learn the art of making love You will understand what erotic maturation means the therapeutic role of eroticism and how you can transform and improve your love life The Erotic rEvolution is a rich profound and deeply evocative book It beautifully weaves together spirituality sensuality and emotional intelligence creating a tapestry that speaks to the complexity and depth of human relationships and eroticism The language is poetic and vivid drawing the reader into a reflective space while the content challenges societal norms and invites a deeper understanding of love intimacy and connection It feels both personal and universal offering a blend of wisdom from ancient traditions like Tantra and Taoism while remaining relatable to modern audiences The structure allows for practical insights philosophical musings and a call to explore one's inner and relational worlds more authentically It's thought provoking and transformative perfect for those seeking not just information but a journey into the heart of love and erotic fulfillment In The Erotic rEvolution you will explore my dear reader profound concepts of sexual energy spiritual transcendence and how to deepen the bond with your beloved through conscious touch sacred eros and intimate communication The Erotic rEvolution offers a unique perspective on love and desire drawing on ancient wisdom and modern insights Discover how to Reawaken the spark of erotic passion through conscious caressing and emotional connection Harmonize energy between beloveds creating an intimate space for both physical and spiritual growth Understand the importance of touch foreplay and erotic longing as tools for cultivating a deeply fulfilling love life Break free from societal conditioning around sexuality and embrace the full expression of your

eroticism as a force of life Whether you re a seasoned practitioner of intimacy or new to the world of conscious love The Erotic rEvolution provides practical insights and exercises to enhance your relationship creating a deeper more passionate connection that transcends the physical Perfect for couples looking to reignite their love life or individuals eager to explore their own erotic potential this book invites you to embark on a journey of rediscovery intimacy and sacred union Experience the power of love in its purest most sacred form The Sexual question Auguste Forel,1911 Erotic Love in Sociology, Philosophy, and Literature Finn Bowring,2019 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day Erotic Love shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life Erotic Love recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love **The Contradictions of Love** Lena Gunnarsson,2014-01-03 The Contradictions of Love Towards a feminist realist ontology of sociosexuality offers a robust and multifaceted theoretical account of how in contemporary western societies women continue to be subordinated to men through sexual love The book defends and elaborates Anna G J nasd ttir s thesis that men tend to exploit women of their love power by means of an innovative application of critical realism dialectical critical realism and the philosophy of metaReality Gunnarsson also offers a critique of the state of affairs of contemporary feminist theory The author demonstrates that the meta theoretical framework of critical realism offers the tools that can counter the poststructuralist hegemony still prevailing in feminist theory On a general level The Contradictions of Love attempts at reconciling theoretical positions which tend to appear in opposition to one another In particular it offers a way of bridging the gap between the notion of love as a locus of exploitation and that of love as a force which can conquer oppression This book is a unique and timely contribution in the field of feminist theory in that it offers the first elaborate assessment and development of J nasd ttir s important but relatively sidestepped work and in that it counters poststructuralist trends from the point of view of a robust critical realist framework that has hitherto been spectacularly absent in feminist theory although it offers solutions to metatheoretical problems at the forefront of feminist debates in the field of critical realism broadly defined in that it elaborates on crucial ontological themes of

dialectical critical realism and the philosophy of metaReality via a discussion of the issues of love sexuality gender and power and finally in the field of love studies in that it offers a sophisticated account of how gender asymmetries prevail in love despite norms of gender equality and reciprocity and in that it reconciles feminist conflict oriented perspectives on love with notions of love as transcending conflict

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love

Psychiatric Quarterly, 1928

Love, Sexuality, and Matriarchy Erich Fromm, 2024-02-27 A fascinating collection of essays on the complicated relations between men and women from the New York Times bestselling author of *The Art of Loving* The New York Times Book Review The renowned social psychologist delves deep into the fraught relationship between genders drawing upon the influential insights of Bachofen Freud Marx and Briffault Not primarily interested in the existence of anatomical and biological differences between the sexes Fromm instead analyzes how these differences have been made use of throughout human history Drawing from Bachofen's *Mother Right* Fromm expounds on how matriarchal and patriarchal social structures determine relations between the sexes in essential ways and how they are shaped by the dominant orientation of the social character at any given time He posits that the most important question concerning gender relations is which characterological orientation determines human relationships love or hate love of life or fascination with force Thus it will not be gender conflict that will determine humanity's future but whether we opt for love of life or love of death As these essays show Fromm was a wide ranging thinker whose writings sometimes manifested brilliant insights or practical wisdom Kirkus Reviews

Pangs of Love and Longing Anders Cullhed, Carin Franzén, Anders Hallengren, 2014-10-16 The complex relationship between psychic structures social norms and aesthetic representations is a challenge for every analysis of the historical manifestations of human desire *Pangs of Love and Longing Configurations of Desire in Premodern Literature* sets out to provide a deeper understanding of this relation by an assessment of linguistic and artistic configurations of desire in European literature from Antiquity to the Early Modern period The aim is to explore historic continuities and ruptures in attitudes towards sexuality pleasures and bodies as these are represented in a variety of cultural forms in order to demonstrate the plurality of premodern desire and ultimately to offer fresh perspectives on our present reality The seventeen scholars participating in the anthology bring together theories and assessments from different areas of the Humanities German French Italian Spanish English and Comparative Literature History of Ideas and of Art Theology Philosophy and Gender Studies They are all engaged in cross disciplinary activities at universities in Sweden Norway and Denmark and they all participate in the Scandinavian network *Configurations of Desire in Premodern Literature* initiated in 2010
