

Love Comes From Within

It hurts to not love yourself
it hurts to not like yourself
it hurts to not understand yourself.

The love, the kindness
the understanding
only come from within.
It comes from the heart
the soul, the Spirit
all living within yourself.

Love Comes From Within:

Chakrakey Rick Ireton, 2013-03-29 CHAKRAKEY is a book for spiritual students and teachers who seek a greater understanding of the meaning of life. If we are to evolve in a loving way here on Earth we will do so because we grow in knowledge of our spiritual nature and begin to love and honor one another as the kind and gentle people we truly are. ChakraKey reveals the human spiritual design. Through the marriage of two ancient symbols and one symbol recently found in the form of a crop circle, ChakraKey is an educational tool that reveals the energetic nature of all humanity and thus our purpose in life. It is through understanding and awareness of our human spiritual nature that we are able to transcend our bodies and live in the light of love as spiritual beings. We do better when we know better. ChakraKey marries ancient Hindu wisdom of the chakra system with the seven candle menorah. When the menorah is turned sideways and placed next to the seven energetic points of the human chakra system, a map is revealed of our human spiritual design, our core essence, and love. The Knowledge and Wisdom contained within the ChakraKey will provide you with the greatest gift you might ever hope to find: the ability to live a life filled with love, meaning, and purpose. A Mystic's Way, Triumph Ingrid Kern, 2016-12-30. The author's commitment to overcome her doubts and fears, quiet the voices in her head, and make one of her dreams come true to participate in the Summer Senior Olympics after 49 years of not running at all, takes the reader through some 4 years of her training, her search for answers, and her desire to leave the past behind. Finishing 7th with a torn hamstring at The National Games in 2011 ended her career as a Sprinter. The book gives the reader a glimpse of what the author, who has been physically, emotionally, and psychologically abused as a child, was daily going through to get past the still powerfully looming influence of her father. The physical pain due to a few injuries made her connect to the pain she endured as a child, going deeper and finally receiving psychological help. She continued her intense work on taming the monster called FEAR.

A Name By Any Other Name AndrA(c) William Jones, 2023-05-22. This book of poetry speaks of a Christian life through hopes and prayers with Thanksgiving in our hearts; we establish the love of Father God, Jesus Christ, in our spirit. Each poem evokes the mind of the reader with awesome photographs that depict God's beautiful creations and allows the reader to experience the warmth of that name presented to them. This book speaks of God's sovereignty and that He is always with us in spirit and in truth. Through our belief in Christ Jesus, we express our faith, hope, and love in psalms, song, and poetry. Thereby acknowledging the most important gift there is in a Name that is above all names: The Blessed Trinity.

The Task of Hope in Kierkegaard Mark Bernier, 2015-11-12. Philosophers of religion are often caught up with the epistemic justification of their religious beliefs rather than the qualities of the religious life that make it valuable. Mark Bernier argues that hope is one of the most important of such qualities and is an essential thread that connects despair, faith, and the self. *The Task of Hope in Kierkegaard* reconstructs Kierkegaard's theory of hope, which involves the distinction between mundane and authentic hope and makes three principal claims. Firstly,

while despair involves the absence of hope a rejection of oneself and a turn away from one's relation to God despair is fundamentally an unwillingness to hope This unwillingness is directed toward authentic hope conceived of by Kierkegaard as an expectation for the possibility of the good Secondly hope is not simply an ancillary activity of the self rather the task of becoming a self is essentially constituted by hope Thus when in despair one is unwilling to hope one is in fact rejecting one's task of becoming a self Thirdly faith stands in opposition to despair precisely because it is a willingness to hope An essential role of faith is to secure the ground for hope and in this way faith secures the ground for the self In short authentic hope what Kierkegaard calls spiritual hope is not merely a fringe element but is essential to Kierkegaard's project of the self

Eighteen Words to Sustain a Life David Patterson, 2023-06-26 In the Jewish tradition going back to Jacob many fathers have written down whatever wisdom they might have attained in their lives in order to pass along that wisdom to their heirs It is called an ethical will Written as a testimony and a testament in an epistolary format this book is a compendium of the wisdom of a father who has spent a lifetime studying the teachings of the Jewish tradition as well as literary and philosophical traditions of the West The insights taken from those traditions which explore the life of the soul are intended for anyone who has a soul The book is organized around eighteen words that form the foundations of human life The number eighteen is taken from the Hebrew word for life *chai* which has a numerical value of eighteen Among the words at the heart of these reflections are faith goodness responsibility meaning gratitude prayer love and others Reinventing Myself Sonya Green, 2006 The depth of knowing and spectrum of information delivered in this book is both astounding and gratifying *Art of Healing Magazine* **Coming to God** William F. lifetime's spiritual and philosophical enquiry charts the author's journey of faith through contemporary culture Distinguishing between what she posits as the universal and the rhapsodic logos Tymieniecka interrogates concepts as varied as creativity and the media joy and suffering and truth and ambiguity She contemplates the possibilities and limits of communication between human beings and outlines what she calls the transnatural destiny of the human soul The book asserts that unlike theory which unfolds a logical continuity and unlike dialogue which is directed sequentially upward toward intellectual conclusions the mode of reflection of the rhapsodic logos imposes no limits or caps upon its understanding Instead the logoc flow interlaces the rhapsodic cadences of our reflections on reality in all their innumerable fluctuations and sifts them to mold the intimate mind soul inwardness that we experience as faith The radiative meditations of this rhapsodic logos weave their way through the entanglements of the mystery of incarnation the constitutive archetypes the inwardly sacred the transnatural destiny of the soul and finally ascend the rhapsodic scales toward culminating faith in the Christo Logos Book ,2013-01-01 Scrapbook containing letters souvenir programmes and various news cuttings

Hope Reigns - Beyond 2012 Esperanza S. Rey,2011-05-26 The Real Secret of the End of Time Ascension Into The 5 Dimension The current events and those in the future do not signify the end of the world nor are they a punishment from God They do however represent the end of time Most importantly they symbolize the end of the world as we know and understand it This book provides a message of hope for the dramatic period of darkness that is upon us and a view into the future as New Terra ascends into the 5 Dimension It depicts a vision of a world where heaven on earth is a reality These cycles of time have been announced for centuries in Revelations of the Bible the Mayan Calendar and in the oral traditions of most known cultures While history repeats itself this is the last age of illusion which means our evolution into a new level of humanity

Seeking the Welfare of the City Naomi Noguchi Reese,2025-01-27 In the history of public theology the Holy Spirit's role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit's activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological aspect of the Spirit's work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit's work Hence a theology is needed that recaptures the eschatological aspect of the Spirit's work over creation and Colin E Gunton's pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to

public theology and moves us toward a full bodied holistic and trinitarian public theology that takes into account the triune God This study attempts to draw upon the resources uncovered in Gunton s pneumatology to outline applications for Christian engagement of the public square for the twenty first century The book concludes with criteria for discerning the Spirit s work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation
