

The Meaning Of Love

Love is a word that has many meanings

Some people say it's only a feeling

Others say it comes from the heart;

Love is a deep affection that would not depart.

The bible says to love the Lord with all thy heart, soul and strength

And to love thy neighbors as thyself

Love is gentle, patient and kind;

It is not boastful, full of envy, evil and pride.

For love it covers a multitude of sin,

Because when you love someone it comes from within

The Meanings of Love Bob Wagoner,1997-05-21 This introductory text offers a clear concise look at the philosophy of love The author s presentation assumes no previous knowledge of philosophy providing the humanities student with an insightful introduction to some of the most prominent writers and philosophers both ancient and modern From the dialogues of Plato to the writings of feminist philosopher Luce Irigaray Wagoner presents six major ideas of love erotic love Christian love romantic love moral love love as power and mutual love This study asserts that even though we have only one word for love six fundamentally different meanings can be distinguished erotic love Christian love romantic love moral love love as power and mutual love Wagoner identifies each of these ideas of love in terms of the special meaning it brings to experience No one meaning is comprehensive Each is shown to have a logic and legitimacy of its own Why each view seems real and compelling is the focus of separate discussions as well as the price that may be exacted by each idea The extent to which these ideas throw light on actual experience is striking but the book is not an empirical or psychological inquiry How one self finds itself in another is first defined and then explored further to see how this shapes the rational and sexual aspects of life

Love is the Meaning of Life Bryan Foster,2021-11-25 In this next book Book 8 Love is the Meaning of Life in the GOD Today Series I will attempt what I consider to be an exciting yet quite challenging writing approach The initial plan was to have this as a book separate from the new Series and to have only minimal if any references to God religion or spirituality But I can t do this entirely and be true to myself For people like me to miss God s place is wrong But to be too religious in most cases won t assist the secularists Having been through most of the stages of belief in GOD over my lifetime including secularism I can totally understand the non believer s lack of religious faith Free Will prevails

I am approaching the reader as someone who is not too interested or not interested at all in God and God's relationship with creation and with them. The reader may believe in a far greater power than we have on Earth or be a total non-believer or a rejector. A rejector is generally called an atheist. For those desiring a book with numerous references to God and the spirit and religious world, you would be best reading the first edition of this book, Book 6, Love is the Meaning of Life, GOD's Love, 1st ed. Both these two books were published this year, 2021. Love gives us a powerful meaning for our lives here on Earth. I will explore Love from various non-religious, non-Godly angles, looking at the positive and the challenges to Love within our world and in our loving relationships. However, I feel I would be doing a disservice to my readers of this Series if I did not link Love to God in a non-threatening way and not to any major degree. At least as an introduction to this possibility for those readers. No overkill here. But to offer a gentle challenge of there being a loving God for eternity to combine both GOD the Creator and LOVE in our lives and you have the potential for an awesome existence with God and Creation.
