Love Sex Feminism:

Love, Sex, & Feminism John Wilson, 1980 Love, Sex, and Feminism John Wilson, 1994 This work tackles the basic problems that lie at the root of sexual relationships and issues raised by feminism love sex aggression justice between the sexes and sexual differences It aims to clarify the concepts involved from a neutral philosophical standpoint **Sex, Feminism and Lesbian Desire in Women's Magazines** Kate Farhall, 2020-09-14 This book examines evolving pop culture representations of sex and relationships from the 1970s onwards to demonstrate parallels between the strength of the feminist movement and positive portrayals of women's sexuality In charting changes in the sex and relationship content of women's magazines over time this analysis reveals that despite surface level changes in sexual and relationship content the underlying paradigm of hetero monogamy remains unchanged Despite a seemingly more diverse empowered and liberated sexuality for women in contemporary magazines in reality such feminist rhetoric masks an enduring model of sexuality which rests on women's sexual and emotional maintenance of male partners and their own self objectification and self surveillance Where substantive changes can be identified they rise and fall in tandem with feminism By demonstrating this empirical relationship between cultural products and feminist organising the book validates an assumption that has rarely been tested that a feminist social milieu improves cultural narratives about sexuality for women Sex Feminism and Lesbian Desire builds on ground breaking feminist texts such as Susan Faludi's Backlash to present an empirically focused comprehensive study interrogating changes in content over the lifetime of women's magazines By charting the representation of sex and relationships in two women's magazines Cosmopolitan and Cleo since the 1970s through an analysis of over 6 500 magazine pages and 1 500 articles this timely work interrogates and ultimately complicates the apparent linear progression of feminism This book is suitable for researchers and students in women's and gender studies queer studies LGBT studies media studies cultural studies and sociology **The Philosophy of Sex** Raja Halwani, Jacob M. Held, Natasha McKeever, Alan Soble, 2022-02-28 With twenty five essays seven of which are new to the eighth edition this best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Topics include sexual desire and activity masturbation Sexual orientation asexuality transgender issues Zoophilia rape casual sex and promiscuity love and sex polyamory sexual consent sexual perversion sexual ethics objectification BDSM sex and technology sex and race and sex work Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom Love Lives Carol Dyhouse, 2021 This book is about the reshaping of women's lives loves and dreams It tells the story of how expectations and emotional landscapes have shifted since 1950 when marriage was a major determinant of female life chances and teenage girls dreamed of Mr Right and happy endings *Feminism's Empire* Carolyn J. Eichner, 2022-06-15 Feminism's Empire investigates the complex relationships between imperialisms and feminisms in the late nineteenth century and demonstrates the challenge of conceptualizing pro imperialist and anti imperialist as binary

positions By intellectually and spatially tracing the era's first French feminists' engagement with empire Carolyn J Eichner explores how feminists opposed yet employed approaches to empire in writing speaking and publishing In differing ways they ultimately tied forms of imperialism to gender liberation Among the era's first anti imperialists French feminists were enmeshed in the hierarchies and epistemologies of empire They likened their gender based marginalization to imperialist oppressions Imperialism and colonialism's gendered and sexualized racial hierarchies established categories of inclusion and exclusion that rested in both universalism and ideas of nature that presented colonized people with theoretical yet impossible paths to integration Feminists faced similar barriers to full incorporation due to the gendered contradictions inherent in universalism The system presumed citizenship to be male and thus positioned women as outsiders Feminism's Empire connects this critical struggle to hierarchical power shifts in racial and national status that created uneasy linkages between French feminists and imperial authorities

The Philosophy of Sex Alan Soble,Nicholas P. Power,Raja Halwani,2008 Thirty contemporary essays that explore philosophically conceptually and theologically the nature social meanings and morality of contemporary sexual phenomena From publisher description

Where Do We Go from Here? Mark Major,2010-03-19 Progressive politics has long been in crisis in the United States As the radical Left realizes the dire consequences of defining themselves solely by what they are against this collection challenges leading engaged academics and activists to show how radical politics can lead to a more fruitful democracy Dealing with pressing issues of the day such as health care race immigration religion foreign policy unions feminism liberalism education and the media this edited volume looks at the

prospects for a progressive turn in U S politics In doing so it hopes to inspire the radical imagination by showing where we can go from here As technology continues to enable greater access to ideas around the world the power of intellectuals is greater than ever And given that the world is full of crushing poverty sexism uneven development environmental degeneration religious fanaticism racism and imperialism the need for intellectuals to inspire the radical imagination by championing principles of economic and social justice democracy and universality is also greater than ever However political visions are required to guide that struggle This is the aim of this book Sciences of Modernism Paul Peppis,2014-02-28

Sciences of Modernism charts the numerous collaborations and competitions occurring between early modernist literature and early twentieth century science *From Feminism to Liberation* Altbach, At the end of the 1960s the women s liberation movement proclaimed the emergence of a new American feminism which would make the leap from feminism to liberation In the second decade of the feminist revival in America the women s movement feels a collective responsibility to make an interim report to record the history of the movement for those who come after its ecstatic beginnings Moreover a decade seems a natural interval to evaluate the errors and the lasting triumphs of this developing movement *Evangelical Purity Culture and Its Discontents* Kathryn House,Sara Moslener,2025-05-09 This volume is a collection of cutting edge interdisciplinary and creative essays that establishes a new approach to the study of evangelical purity culture It is a critical starting point for anyone seeking to understand this movement or begin their own research The book brings together the work of the Purity Culture Research Collective an independent and unaffiliated organization of scholars mental health professionals artists and advocates dedicated to studying the origins and impact of evangelical purity culture The study of purity culture is an interdisciplinary project using a variety of theories and methods including those from psychology religious studies sociology ethics biblical theological studies queer studies feminist studies historical studies and critical race studies Chapters in this volume employ various methods of inquiry with some framing their work in traditional academic prose and others making use of self reflexive analysis to acknowledge their own experiences as informing their arguments and conclusions This collection of essays reflects emerging scholarship both within and beyond the academy and stands as an example of how traditional academic analysis can be released from the confines of disembodied scholarship and is enriched by a diversity of approaches This book was originally published as a special issue of *Theology Sexuality* *BITCHfest* Lisa Miya-Jervis,Andi Zeisler,2006-08-08 Offers an assortment of the most provocative essays reporting rants and raves from Bitch magazine s first ten years along with new pieces written especially for this collection *The Weatherwomen* Mona Rocha,2020-02-14 Assertive tough and idealistic the Weatherwomen members of the Weather Underground Organization WUO from the late 1960s were determined to stamp out sexism and social injustice They asserted that militancy was necessary in the pursuit of a socialist revolution that would produce gender racial and class equality This book excavates their long buried history and reclaims the voices of the Weatherwomen The Weatherwomen s militant feminism had many

facets It criticized the role of women in the home was concerned with the subordination of women to men attacked the gender pay gap and supported female bodily integrity The Weatherwomen also refined their own feminist ideology into an intersectional one that would incorporate multiple identity perspectives beyond the white American middle class perspective In shaping a feminist vision for the WUO the Weatherwomen dealt with sexism within their own organization and were dismissed by some feminist groups of the time as inauthentic This work strives to recognize the WUO s militant feminist efforts and the agency autonomy and empowerment of its female members by concentrating on their actions and writings

Beauvoir in Time Meryl Altman,2020-11-23 Beauvoir in Time situates Simone de Beauvoir s *The Second Sex* in the historical context of its writing and in later contexts of its international reception from then till now The book takes up three aspects of Beauvoir s work more recent feminists find embarrassing bad sex dated views about lesbians and intersections with race and class Through close reading of Beauvoir s writing in many genres alongside contemporaneous discourses good and bad novels in French and English outmoded psychoanalytic and sexological authorities ethnographic surrealism the writing of Richard Wright and Franz Fanon and in light of her travels to the U S and China the author uncovers insights more recent feminist methodologies obscure showing that Beauvoir is still good to think with today Spreading Misandry Paul Nathanson,Katherine K. Young,2001 Paul Nathanson and Katherine Young argue that men have routinely been portrayed as evil inadequate or as honorary women in popular culture since the 1990s These stereotypes are profoundly disturbing the authors argue for they both reflect and create a hatred and thus further fracture an already fractured society In *Spreading Misandry* they show that creating a workable society in the twenty first century requires us to rethink feminist and other assumptions about men The first in an eventual three part series *Spreading Misandry* offers an impressive array of evidence from everyday life case studies from movies television programs novels comic strips and even greeting cards to identify a phenomenon that is just now being recognised as a serious cultural problem Discussing misandry the sexist counterpart of misogyny the authors make clear that this form of hatred must not be confused with reverse sexism or anger and should neither be trivialised nor excused They break new ground by discussing misandry in moral terms rather than purely psychological or sociological ones and refer critically not only to feminism but to political ideologies on both the left and the right They also illuminate the larger context of this problem showing that it reflects the enduring conflict between the Enlightenment and romanticism inherent flaws in postmodernism and the dualistic us versus them mentality that has influenced Western thought since ancient times A groundbreaking study *Spreading Misandry* raises serious questions about justice and identity in an increasingly polarised society It is important for anyone in interested in ethics gender popular culture or are just concerned about the society we are creating *Spreading Misandry* does make a convincing argument that since the 1990s Men have become society s official scapegoats and held responsible for all evil Women are society s official victims and held responsible for all good Independent on Sunday 4 August 2002 **Screening Images of American**

Masculinity in the Age of Postfeminism Elizabeth Abele,, John A. Gronbeck-Tedesco,2015-12-03 This collection of essays presents a sampling of film and television texts interrogating images of U S masculinity Rather than using postfeminist as a definition of contemporary feminism this collection uses the term to designate the period from the late 1980s on as a point when feminist thought gradually became more mainstream The movies and TV series examined here have achieved a level of sustained attention from critical acclaim to mass appeal to cult status Instead of beginning with a set hypothesis on the effect of the feminist movement on images of masculinity on film and television these chapters represent a range of responses that demonstrate how the conversations within these texts about American masculinity are often open ended allowing both male characters and male viewers a wider range of options Defining the relationship between U S masculinity and American feminist movements of the twentieth century is a complex undertaking The essays collected for this volume engage prominent film and television texts that directly interrogate images of U S masculinity that have appeared since second wave feminism The contributors have chosen textual examples whose protagonists actively struggle with the conflicting messages about masculinity These protagonists are more often works in progress acknowledging the limits of their negotiations and self actualization These chapters also cover a wide range of genres and decades from action and fantasy to dramas and romantic comedy from the late 1970s to today Taken together the chapters of Screening Images of American Masculinity in the Age of Postfeminism interrogate the possible screened in popular movies and television series confronting the multiple and competing visions of masculinity not after or beyond feminism but rather in its very wake
