Love And Madness:

Love's Madness Helen Small, 1996 *Love's Madness* is an important new contribution to the interdisciplinary study of insanity. Focusing on the figure of the love mad woman, it presents a significant reassessment of the ways in which British medical writers and novelists of the nineteenth century thought about madness, femininity and narrative convention. The book centers around studies of novels by Jane Austen, Sir Walter Scott, Charlotte Brontë, Wilkie Collins and Charles Dickens as well as of previously neglected writings by Charles Maturin, Lady Caroline Lamb and Edward Bulwer-Lytton among others.

Love and Poetry in the Middle East Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities, styles and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period, which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture. *Love and Madness* Sir Herbert Croft, 1780

Love Ryan Patrick Hanley, 2024 Love has been a central concept of philosophical inquiry over the last several millennia. *Love: A History* chronicles the most significant moments in this concept's long and complex evolutionary life and collectively tell the story of the ways in which love's horizons shifted from the transcendent to the immanent over the course of its conceptual history. *Love and Madness* Sir Herbert Croft, 2020-04-22 This is a reproduction of the original artefact. Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature *Romantic Love in Cultural Contexts* delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those

interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal *Lunatic Passion* Pasquale De Marco, 2025-08-12 In the realm of literature where love and madness intertwine *Lunatic Passion* embarks on a captivating journey through the literary landscape of the 19th century This book delves into the minds of love mad characters exploring the intricate relationship between love desire and insanity Through the works of renowned authors such as Jane Austen Sir Walter Scott Charlotte Brontë Wilkie Collins and Charles Dickens we witness the tragic consequences of unrequited love the struggles of individuals trapped in stifling social conventions and the redemptive power of love in the face of adversity Beyond the iconic literary giants *Lunatic Passion* uncovers hidden gems from lesser known authors such as Lady Caroline Lamb Edward Bulwer Lytton Charles Maturin and Ann Radcliffe These authors challenge conventional notions of sanity and explore the fringes of human experience offering unique perspectives on the interplay between love madness and society Their works provide a rich tapestry of stories that illuminate the diverse expressions of love and madness in literature *Lunatic Passion* also delves into the historical context of madness in 19th century Britain It examines the societal attitudes medical beliefs and cultural norms that shaped the perception and treatment of mental illness during this transformative era The book explores the role of asylums the influence of moral treatment and the changing landscape of psychological medicine By contextualizing the literary works within their historical framework we gain a deeper understanding of the challenges faced by love mad individuals and the evolving attitudes towards mental health Furthermore *Lunatic Passion* investigates the enduring legacy of love and madness in contemporary literature and culture It examines how modern authors continue to grapple with these timeless themes exploring the ways in which love and madness manifest in the 21st century From the impact of social media on relationships to the portrayal of mental illness in the media the book investigates the evolving representations of love and madness in the modern era *Lunatic Passion* is an invitation to delve into the depths of human emotion to explore the intricate relationship between love and madness and to gain a deeper understanding of the complexities of the human psyche Through the pages of this book readers will embark on a literary journey that challenges their perceptions of sanity love and the boundaries of the human experience If you like this book write a review **The Dialogues of Plato** Plato, 1875 [Romantic Love and Sexual Behavior](#) Victor C. de Munck, 1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love

and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors extend our understanding of the variety of ways that love and sex are conceptualized connected or separated Love + Marriage = Death Sander L. Gilman, 1998 A pioneering interdisciplinary scholar examines the roles of images in the construction of stereotypes of the Jew's body in 20th century art and literature **To Nietzsche: Dionysus, I Love You! Ariadne** Claudia Crawford, 1995-01-01 This book explores the possibility that Friedrich Nietzsche simulated his madness as a form of voluntary death and thus that his madness functioned as the symbolic culmination of his philosophy The book weaves together scholarly mytho poetic literary critical biographical and dramatic genres not only to explore specifics of Nietzsche's madness but to question the reason madness opposition in nineteenth and twentieth century thinking A rational and scholarly study of this period of Nietzsche's breakdown presented through his writings letters and poetry in combination with relevant historical documents and other critics writings is simultaneously disrupted and questioned by several non traditional discourses or voices that break in on it Thus Ariadne's voice frames and unframes the research context and plays alongside it Ariadne's voice is poetic revelatory rhapsodic and prophetic sounding much like Nietzsche's own voice during his breakdown Ariadne's discourse attempts to seduce through a non rational mytho poetic love story which culminates in the wedding of Dionysus and Ariadne Other non rational discourses critically developed and based upon the work of Nietzsche Jean Baudrillard and Gilles Deleuze are given voice and work together with Ariadne to counter the usual interpretations of Nietzsche's madness and of what mad discourse is These discourses are given the names catastrophe phantasm and seduction The experiment of the book is not only to offer an entirely different perspective on Nietzsche's madness but to offer and perform new and challenging forms of affirmative discourse *Challenging Conventions* Christiane Czygan, Hatice Aynur, 2025-06-30 As the core theme of Early Modern Ottoman poetry love inspired a plethora of Turkish research the most enlightening of which explored questions of

terminology semantics and mystic dimensions Internationally however there have been few publications on this subject This book closes this gap by investigating in different genres and contexts Whereas the terms *abbey* and *ma abbat* point to comfort and care the term denotes passionate love often laced with mystical connotations Through this lens we show that Ottoman lyrical realities transgressed the rules burgeoning beyond conventional settings and giving voice to vivid creativity Large parts of urban society indulged in poetry and thereby challenged certain norms **Moved by Love** Mary D.

Sheriff, 2008-10-30 In eighteenth century France the ability to lose oneself in a character or scene marked both great artists and ideal spectators Yet it was thought this same passionate enthusiasm if taken to unreasonable extremes could also lead to sexual deviance mental illness even death Women and artists were seen as especially susceptible to these negative consequences of creative enthusiasm and women artists doubly so Mary D Sheriff uses these very different visions of enthusiasm to explore the complex interrelationships among creativity sexuality the body and the mind in eighteenth century France Drawing on evidence from the visual arts literature philosophy and medicine she portrays the deviance ascribed to both inspired men and women But while various mythologies worked to normalize deviance in male artists women had no justification for their deviance For instance the mythical sculptor Pygmalion was cured of an abnormal love for his statue through the making of art He became a model for creative artists living happily with his statue come to life No happy endings though were imagined for such inspired women writers as Sappho and Heloise who burned with erotomania their art could not quench Even so Sheriff demonstrates the perceived connections among sexuality creativity and disease also opened artistic opportunities for creative women took full advantage of them Brilliantly reassessing the links between sexuality and creativity artistic genius and madness passion and reason *Moved by Love* will profoundly reshape our view of eighteenth century French culture
