Woodman, 2022-02-25 Catholic writers have made a rich contribution to British fiction despite their minority status Evelyn Waugh Graham Greene and Muriel Spark are well known examples but there are many other significant novelists whose work has a Catholic aspect This is the first book to survey the whole range of this material and examine whether valid generalizations can be made about it In charting such fiction from its development in the Victorian period through to the work of contemporaries such as David Lodge the author analyses its complex relationships with changes in British society and the international Church There is more than one way of being a Catholic as Woodman shows but he also demosntrates that many of these writers share common themes and a distinctive perspective They often wish in particular to use their

religion as a weapon against what they portray as a complacent Protestant or secular society Their consciousness of writing in the midst of such a society gives a special edge to their treatments of the perennial Catholic themes of suffering sin and sex It also has implications for literary form and relates to what has been seen as the extremist mode of Catholic fiction The final question that Woodman puts is whether the changes in the Church since the Second Vatican Council must inevitably lead to the loss of this distinctive Catholic contribution to the novel The Complete Critical Guide to Thomas Hardy Geoffrey Harvey, 2003 Thomas Hardy was the foremost novelist of his time as well as an established poet This guide provides students with a lucid introduction to Hardy's life and works and the basis for a sound comprehension of his work Hardy Geoffrey Harvey, 2003-12-08 Thomas Hardy was the foremost novelist of his time as well as an established poet Author of Jude the Obscure and Far from the Madding Crowd Hardy reflected in his works the dynamics of social intellectual and aesthetic change in nineteenth century England This guide provides students with a lucid introduction to Hardy s life and works and the basis for a sound comprehension of his work including the major aspects of Hardy's life in the context of contemporary culture a detailed commentary on Hardy's most important work and a critical map of Hardy's complete writing an outline of the vast body of criticism that has built up around Hardy's work with examples of recent critical debate Exposition and guide this volume enables readers to form their own readings of one of the most important writers of the Books Abroad Roy Temple House, 1929 nineteenth century **The Book of Love** Andrew M. Greeley, Mary G. Durkin, 2005-02-05 A treasury of poetry letters songs stories and wisdom from the world's great literature celebrates the The Novel, Volume 1 Franco Moretti, 2006 Publisher Description power of love the greatest of all virtues Beginnings Patricia Meyer Spacks, 2008-10-01 In this study intended for general readers eminent critic Patricia Meyer Spacks provides a fresh engaging account of the early history of the English novel Novel Beginnings departs from the traditional narrow focus on the development of the realistic novel to emphasize the many kinds of experimentation that marked the genre in the eighteenth century before its conventions were firmly established in the nineteenth Treating well known works like Tom Jones and Tristram Shandy in conjunction with less familiar texts such as Sarah Fielding s The Cry a kind of hybrid novel and play and Jane Barker's A Patch Work Screen for the Ladies a novel of adventure replete with sentimental verse and numerous subnarratives the book evokes the excitement of a multifaceted and unpredictable process of growth and change Investigating fiction throughout the 1700s Spacks delineates the individuality of specific texts while suggesting connections among novels She sketches a wide range of forms and themes including Providential narratives psychological thrillers romans clef sentimental parables political allegories Gothic romances and many others These multiple narrative experiments show the impossibility of thinking of eighteenth century fiction simply as a precursor to the nineteenth century novel Spacks shows Instead the vast variety of engagements with the problems of creating fiction demonstrates that literary history by no means inexorable might have taken guite a different course Romance Fiction Kristin
